FOR SALE.

The Government Iron Works at Burwai, on the Nerbudda in Central India, are offered for sale to the highest bid, above Rs. 50,000 or £5,000, received at the India Office in London by the 31st July 1865, or at the Public Works Secretary's Office in Calcutta by 31st August 1865. The Government of India, however, reserves to itself the right to accept before the dates mentioned any offer that may be deemed to deserve such priority.

After acceptance of an offer to purchase the works, possession will be given on payment of the upset price above specified; the balance of the price offered becoming payable within one year of the date on which possession was actually received. The Government will, of course, retain a lien on the property until the final payment is made.

The history of the Government Iron Works at Burwai is as follows:—

In 1854 Major Keatinge, the Political Officer in charge of the district of Nimar, commenced these works partly to employ his prisoners and partly to draw population to the locality and encourage trade. The prisoners were afterwards withdrawn and the manufactures continued in the Native methods with hired labour.

The work was so successful in its way, and the Native workmen were found so apt to learn, that Major Keatinge, when on a visit to England in 1860, obtained permission to extend the experiment in order to prove whether it might not be possible to work the iron in the European method by the agency of Native workmen under the direction of a European Superintendent skilled in the management of Iron Works.

The services of a Swedish gentleman were procured, and the necessary machinery was brought out from England and set up on the spot and the requisite buildings were erected. The whole was got into working order in January 1863. But it was found that the services of skilled workmen were necessary, and they could not be procured in India. It was then proposed to continue the experiment by procuring workmen from Europe, and this proceeding was strongly urged by several of

the Officers of the Government connected with the administration of the territory in which Burwai is situated.

It appeared, however, to the Governor General in Council that this would be to carry the experiment further than it was expedient for the Government to do; and that it was more proper at this stage of the experiment for the Government to retire and invite the action of private enterprise.

The entire outlay on the works up to the 30th April 1864 has been as follow:—

	Rs.	A.	P.
Buildings	70,746	3	11
Machinery	66,991	2	9
Materials and tools	63,008	5	11
Supervising Establishment and Contingent charges	49,232	5	4
Total	2,49,978	1	11

or as nearly as possible ... £25,000

The following is a list of the buildings with the cost of each:—

	Rs.	A.	P.
Superintendent's residence	2,310	5	6
Engineer's residence	2,489	12	3
Office and Store rooms	1,624	15	7
Calcing and Lime Kiln	433	4	11
Casting House	1,207	1	1
Renewing and repairing old well	1,287	4	4
Sinking and constructing a new well	1,688	14	6
3 Water Tanks	254	9	3
Blast Furnace	26,412	13	5
Charcoal House No. 1	1,707	15	1
Ditto " 2	3,672	8	2
Ditto " 3	3,626	2	9
Rolling Mill House	2,578	1	11
Powder Magazine	77	12	8
Charring Ovens	5,011	1	10
Roads and Bridges	181	10	3
Sheds for Prisoners	346	4	4
Aqueduct for bringing continuous stream of water to works	3,760	5	7
Building for Forges and Steam Hammer	4,249	14	0
Workshop for Smiths and Carpenters	2,086	3	8
Machine Shops	5,007	4	2
Tramway	131	14	11

First cost of Block—Total Rupees 70,746 3 11

or on the whole nearly ... £7,067

	Rs.	A.	P.
The Machinery as invoiced from England came to	48,765	10	0
The carriage from Bombay to Burwai was	9,564	3	9
Cost of erecting	8,661	5	0

Total Rupees 66,991 2 9

or on the whole nearly ... £6,700

The following is a list of the Machines:—

- 1 14 H. P. Steam Blowing Engine for Blast Furnace.
- 2 ditto ditto for Forges.
- 1 Steam Engine for Rolling Mill.
- 1 Donkey Pumping Engine.
- 1 Steam Hammer.
- 1 Steam Pumping Engine.
- 12 Boilers for above Engines.
- 1 One Ton Crane.
- 1 Screw cutting and turning machine.
- 1 Planing ditto.
- 1 Drilling ditto.
- 2 Punching and shearing ditto.
- 1 Nasmyth's Blowing Fan.
- 2 Weighing Machines.

Of the sum of Rs. 63,008-5-11 set down for materials and tools, the principal portion is fuel in the shape of charcoal and fire-wood. Such part

of this as is required by the Government Engineers in the neighbourhood will be used, and probably some will also be sold independently of the sale of the works. But such portion as remains will be made over to the purchaser of the Iron Works at the time of sale.

As the Government has absolutely resolved not to carry on the works, the upset price has been fixed so as to little more than cover the original value of the Machinery, less the carriage of it back to Bombay for sale.

Burwai is situated on the north or right bank of the Nerbudda, at the point where the main road from Bombay to Indore crosses the river. It is 35 miles distant from the Military Station of Mhow, and 45 from Indore. It is also distant about 40 miles from Khundwa, the nearest station on the Great Indian Peninsula Railway, which is expected to be opened to Khundwa in 1866. There are tolerably good roads from Burwai to the places above named; and these roads are under charge of the Government Engineers, by whom they will be improved.

NOTICE.

Lost in transit by Post between Dumoh and Calcutta the 1st halves of Central Provinces Currency Notes, Nos. 60417 and 60418, for Rs. 20 each. Notice has been sent to the Offices of Issue at Nagpore and Calcutta.

PRELIMINARY ANNOUNCEMENT.

IMPORTANT INDIGO FACTORIES FOR SALE.

To be sold by Public Auction on or about the 20th instant (unless previously disposed of by private contract)—

By order of the Mortgagees,

The well-known Indigo Factories called the Allumchund Concern, at Allahabad, with valuable Talook property attached thereto and Koontee crop now in the ground;

also

The Koorsun Factory, Allahabad, with Koontee crop, both lately the property of N. Flouest, Esq., deceased. Further particulars and conditions of sale will be published, and in the mean while applications to be made to Messrs. W. Moran and Co., Old Mint Mart, Calcutta, and Messrs. Barrow, Sen, and Watson, Old Post Office Street, Calcutta.

SUPPLEMENT TO The Gazette of India.

CALCUTTA, SATURDAY, APRIL 22, 1865.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of six Rupees per annum if delivered in Calcutta, or nine Rupees four annas if sent by Post.

No Official Orders or Notifications the publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

Government of India.

Abstract of the Proceedings of the Council of the Governor General of India assembled for the purpose of making Laws and Regulations under the provisions of the Act of Parliament, 24 and 25 Vic., cap. 67.

The Council met at Government House on Thursday, the 18th April 1865.

PRESENT:

His Excellency the Viceroy and Governor General of India, *presiding*.

His Honour the Lieutenant Governor of Bengal.

The Hon'ble H. B. Harington.

The Hon'ble W. Grey.

The Right Hon'ble W. N. Massey.

The Hon'ble J. N. Bullen.

The Hon'ble R. N. Cust.

The Hon'ble D. Cowie.

MUNICIPAL ACT (LUCKNOW) AMENDMENT BILL.

The Hon'ble MR. CUST introduced the Bill to amend Act No. XVIII of 1864 (to provide for the appointment of a Municipal Committee for the City of Lucknow). He said that last week he had stated the object of the Bill, which was a very simple and brief one. It was merely to enable the Governor General in Council, at the time he extended the Act to other places, to state the number of which the Committee should consist. That was the only object of the Bill. As this was the last occasion on which the Council would sit for some months, he begged to ask His Excellency to suspend the Rules for the conduct of business, to enable him (Mr. Cust) to move that the Bill be taken into consideration.

The President declared the Rules suspended.

The Hon'ble MR. CUST then moved that the Bill be taken into consideration.

The Motion was put and agreed to.

The Hon'ble MR. CUST also moved that the Bill be passed.

The Motion was put and agreed to.

CHIEF COURT (PUNJAB) BILL.

The Hon'ble MR. CUST moved that the Report of the Select Committee on the Bill to amend the constitution of the Chief Court of Judicature in the Punjab and its Dependencies be taken into consideration. He said that the Bill had been carefully considered in Committee, and since the Committee had made their report, the opinion of the Lieutenant Governor of the Punjab and the Judicial Commissioner had been received.

There were some important changes introduced in the practice of the Punjab Courts: the anomalous jurisdiction of the Revenue Courts in suits regarding land was curtailed; and it was only in those Districts in which settlement operations were in progress that the action of the Civil Courts was barred. Even when the case was heard in the Revenue Courts, the rules of procedure were to be attended to, and no interference of the Executive authorities would be legal. Although the Financial Commissioner was invested with the powers of a Court of final appeal, no other powers of supervision or transfer were extended to him, and he could only act in such cases as those in which the Chief Court would have acted.

Another change had been made regarding special appeals, and he regretted to find that the Judicial Commissioner of the Punjab did not agree with the conclusions of the Committee, which were, however, arrived at unanimously after careful consideration. The object of a special or second appeal was not so much to do justice in the particular case as to secure a uniformity of judicial decisions, and this could only be secured when such appeals lay to the highest Court only, and not to the ten Commissioners, each of whom might rule differently. These appeals would be greatly reduced in number when the rule with regard to their admission was strictly followed.

He (Mr. Cusht) regretted to find that the local authorities did not agree with the Committee in the provisions made in the event of a difference of opinion between the two Judges on a point of law, in which case a reference could be made at the request of one of the Judges to the High Court of Calcutta. The local authorities would prefer that such references should be made to the Financial Commissioner; but it was clear that points on which a Barrister Judge would differ from the Civilian Judge, were not likely to be such as could be satisfactorily disposed of by an Officer whose experience was in a totally different direction.

With regard to the original Criminal jurisdiction of the Chief Court, the Bill followed closely the provisions of the recent Act to amend the procedure of the High Courts: the subject having been so fully discussed on several occasions, need not be alluded to further.

One or two additions had been made to the Bill since it passed through Committee, the object being to make the Bill complete in itself, and harmonize with the Punjab Courts' Act, and the Pleaders' Act. Provision had also been made for offences committed by European British subjects in the independent territories adjacent to the Punjab.

The Hon'ble MR. BULLEN said that, in respect to the jurisdiction which it was proposed by this Bill to confer on the Chief Court of the Punjab to try British-born subjects accused of criminal offences, it had his cordial support. He had long considered it a scandal to our administration that a prisoner and the witnesses for the prosecution and defence should be dragged from one end of the empire to the other before he could be put upon his trial.

Practically, such a system conferred an almost entire immunity from punishment for the lesser crimes, even when the evidence was so clear that a conviction was morally certain, still more so when any doubt existed as to the legal sufficiency of the evidence. Still, until the passing of the Penal Code, and until the constitution of the Mofussil Courts had undergone a modification, there were grave objections, as Mr. Maine and the Hon'ble gentleman opposite (Mr. Harington) had on previous occasions frankly admitted, to British-born subjects being arraigned before them. These objections would now no longer exist. This Bill provided that one of the Judges before whom the prisoner would be tried should be a Barrister Judge, and it gave the prisoner the same privilege which was conferred on British-born subjects by the Bill recently passed to amend the procedure of the High Courts, of claiming that at least half the Jurors empannelled to try him should be Europeans or Americans. He (Mr. Bullen) would himself have preferred that unanimity of the Jury should have been necessary for conviction, but, as the principle of a majority of nine had been affirmed by the Council in the High Courts' Bill recently passed, the same principle must necessarily be adopted in this Bill. Practically, he had no doubt that every prisoner would have a fair trial, and nothing more could reasonably be claimed for him.

The Motion was put and agreed to.

The Hon'ble MR. HARRINGTON said he had two amendments to propose—

First,—that at the end of the second Clause of Section 46 the following words be added:—"The Chief Court may proceed in the case notwithstanding

ing such reference, and may pass a decree contingent upon the opinion of the High Court on the point referred; but no execution shall be issued in any case in which a reference shall have been made until the receipt of the order of the High Court."

Second,—that the following Section be substituted for Section 51:—

"Whenever the Lieutenant Governor of the Punjab shall, under the authority vested in him by Section 47 of the Pleaders, Mookhtars, and Revenue Agents' Act, 1865, extend the provisions of the said Act to the territories under his government, nothing in the said Act shall affect the provisions of Sections 10, 11, and 12 of this Act."

The Motion was put and agreed to.

The Hon'ble MR. CUSHT also moved that the Bill as amended be passed.

The Motion was put and agreed to.

REVISED CIVIL PROCEDURE BILL.

The Hon'ble MR. HARRINGTON presented the Report of the Select Committee on the Bill for consolidating and amending the laws relating to the Procedure of the Courts of Civil Judicature in British India, and moved that the Report and the Bill as amended in Committee be published in the *Gazette of India*. He said, as it was not intended to ask the Council to take into consideration the Report of the Select Committee, which he had just presented, during the present sittings of the Council, he would not occupy the time of Hon'ble Members to-day by noticing in detail the alterations which the Select Committee had recommended should be made in the Bill before it was passed into law. These alterations, though numerous, were, for the most part, as noticed in the Report of the Select Committee, merely verbal, and he might say that none of them materially affected the fundamental principles of the Bill. He believed he might also say that all the alterations proposed by the Select Committee were entitled to rank as improvements. In performing the task assigned to them, the Select Committee had had the assistance of a large body of valuable reports on the Bill received from all parts of India. These reports were the result of the publication and circulation of the Bill, accompanied by an invitation to all Judicial Officers and others freely to express their opinions on its provisions. Probably no invitation of this nature had ever been more fully and heartily responded to. As regarded some of the reports, he regretted to say that they had been received too late to admit of the Select Committee benefiting by them, but he hoped that the reports to which this remark applied, would undergo a careful examination during the time that the Council remained adjourned, and that the Bill, before it became law, would be still further improved by the introduction of any of the amendments proposed therein which might appear deserving of adoption. The reports of the local authorities generally were so good, and most of them contained so much that was useful, whether in the way of information or suggestion, that the selection of any for special notice might seem invidious and unjust to the others; but the Government of Madras, and Mr. Collett, one of the Zillah Judges in the Madras Presidency, had shown, in the reports received from them, such a careful study of the Bill, and their reports were so full of practical suggestions, that he (Mr. Harington) hoped he might be permitted particularly to mention these authori-

ties, in addition to the Officers named by him on the introduction of the Bill, as those from whom he had derived much valuable assistance in its preparation. In introducing the Bill, he stated that it left absolutely untouched all the fundamental principles and the essential features of the Code now in force as prepared by the Royal Commissioners in England; and he was glad to have it in his power to assure the Council that the objects chiefly aimed at by the Royal Commissioners in preparing the Code, viz., to secure certainty, expedition, and economy in the disposal of cases, and to avoid every thing in the way of technicalities not required in the interests of Justice, had been steadily kept in view by the Select Committee, and that they had introduced nothing into the Bill which could render the procedure prescribed by it less certain, less expeditious, or more expensive than the Code as prepared by Her Majesty's Commissioners. In these respects he believed the Bill, as amended by the Select Committee, would fairly bear comparison not only with the Bill as introduced; but also with the Code of the Royal Commissioners as passed in this country. He thought it would be satisfactory to the Royal Commissioners, the Council, the Civil Courts throughout the country, and the general public to receive this assurance from him.

He hoped he would not be considered very presumptuous in claiming for the Bill, as introduced, that it was a great improvement on the existing Code of Civil Procedure. It proposed to supply many omissions and to cure many defects which the experience of the working of the Code during the time that it had been in operation, had brought to light. It also met a number of wants which had arisen in this interval from the creation of new classes of Courts, changes of law, and other causes. He had said that the alterations recommended to be made in the Bill by the Select Committee, might all be regarded as improvements. Such then being the character of the Bill, altered as proposed by the Select Committee, he felt that he might with confidence have asked the Council to pass the Bill at once, and that the Council might with perfect safety have given their assent to a motion to that effect; but it had been suggested by those whose opinions were entitled to the utmost respect, that as it was very desirable that any revision of the Code, now made, should be so comprehensive and complete as to obviate the necessity of any further revision for many years, it would be better not to hurry the Bill into law, but to allow it to remain, as now framed, for some time before the Public. No doubt there was wisdom in this suggestion, and accordingly it had been proposed that the Bill, as amended by the Select Committee, instead of being passed at once, should, with the Report of the Select Committee, be published in the Official Gazette.

It remained for him to say that the Select Committee generally, and himself in particular as the Member in charge of the Bill, had, in revising the Bill and settling its provisions, derived the greatest assistance from the learned Assistant Secretary of the Council (Mr. Stokes). From the first he had taken the deepest interest in the work, and had thrown himself heartily into it. His services had really been most valuable, and he considered that both the learned Assistant Secretary and Mr. Thompson of the Civil Service, who had been employed under him, were entitled to the acknowledgments of the Government for their labours in connection with the Bill. The work which led to Mr. Thompson's appointment being now completed,

his services would be replaced at the disposal of the Government of Bengal, to which division of the Bengal Presidency he belonged. He could not allow Mr. Thompson to quit his present post without saying that the able manner in which he had discharged the duties entrusted to him held out good promise of future usefulness and distinction in the Service. He should be glad if Mr. Thompson's labours in connection with the present Bill, and the knowledge which he must thereby have acquired of our system of Civil Procedure, contributed in some measure to his success in the Public career which was before him.

The Hon'ble Mr. Cusr said that, with His Excellency's permission, he would make a few brief remarks. He joined in the regrets which he was sure the Hon'ble Mr. Harington must feel, that the Bill for amending the Code of Civil Procedure, after all the pains that had been taken in Committee, had not passed into law. The Punjab suffered more particularly, as it had fallen betwixt two stools to the ground. Act VIII of 1859 was not introduced by Sir Robert Montgomery, because he understood that an amended Code was expected, and now the Punjab was in this respect in the rear of the rest of India, the only Province without a Code having the force of law by Act of the Council of India.

But he had to express his regret on another subject also. He feared that this was the last time that the Hon'ble Mr. Harington would take his seat in this Council, and that he would not have the satisfaction of seeing this Bill pass into law. During the last seven years, the whole of the Judicial system had been taken to pieces, recast and remoulded, in the form of Codes and organic laws; and in all this work the Hon'ble Member had taken so active a part that he felt that, without him, much would not have been done at all, and much would not have been done so well. If the Judicial servants of Government were able, with satisfaction to themselves and to the people, to master all the details of the laws which they administered, they would have great reason to thank the untiring industry and unrivalled knowledge which Mr. Harington had brought to bear on the subject.

His Excellency the President said that he fully concurred in all that had fallen from his Hon'ble friend Mr. Cusr as to the merits and qualifications of their Hon'ble friend Mr. Harington. That gentleman, after an honourable and useful career of nearly forty years, was about to retire from this country, he was happy to add, in health and strength. What to us was a great and serious loss, was to him a benefit and happiness. His Excellency did not know any Officer who had done more essential service to India than their friend Mr. Harington. His knowledge of the Acts and Regulations, his intimate acquaintance with Native usages and customs, had rendered him a most useful Councillor; and His Excellency was sure that he did not exaggerate when he said that they would have very great difficulty in supplying his (Mr. Harington's) place.

The Motion was put and agreed to.

The Council then adjourned *sine die*.

WHITLEY STOKES,

Offg. Asst. Secy. to the Govt. of India,
Home Dept. (Legislative.)

CALCUTTA,
The 13th April 1865.

Government of Fort St. George.

Cinchona Operations in the Neilgherries.

Report on the Number, Distribution, and Condition of Cinchona Plants on the Neilgherries on the 28th February 1865.

Species.	Botanical Names.	Commercial Names.	No. of Plants.	Value per lb. of Dry Bark in the London Market.	REMARKS.	
				s. d. s. d.		
1	C. Succirubra ...	Red Bark ...	1,52,964	2 6 to 8 9	The number of plants permanently planted out in the plantations remains the same as last month, namely, 1,65,351.	
2	C. Calisaya ...	Yellow Bark ...	2,651	2 10 to 7 0		
3	C. Officinalis	Original Loxa Bark	3,114	2 10 to 7 0		
	Var Condamenia (C. Uritusinga)					
4	Ditto.	Select Crown Bark	3,48,572	2 10 to 7 0		The increase by propagation is 23,419, being 3,807 plants above the average of the last six months, making the total number of plants at the end of the month 5,39,602.
	Var Bonplandiana (C. Chahuarguera)					
5	C. Crespilla ...	Fine Crown Bark ...	2,563	2 10 to 6 0

12	...	53½	55	1½	Plant cut down for bark.

Table II. exhibits the growth of eleven plants of Cinchona Succirubra planted out by His Excellency the Governor and other gentlemen at Neddivuttum on the 30th August 1862. The average growth of these plants during the month is $\frac{7}{4}$ ths of an inch, being $\frac{1}{2}$ nd of an inch below the growth of last month.

One of the two plants cut down on the 20th of March 1863, for the bark submitted to Mr. Howard for analysis, has made strong shoots of 55 inches in height, giving the growth of 1½ inches during the month.

TABLE III.

Showing the height of twelve plants of C. Officinalis planted on the Dodabetta Plantation, at Ootacamund, on the 30th September 1863.

No. of Plants.	Height in inches when planted on the 30th September 1863.	Height in inches on the 31st Jan. 1865.	Height in inches on the 28th Feb. 1865.	Growth in inches during Feb. 1865.

11	24	75	76	1
12	24	74	77	3

The twelve plants of *Cinchona Officinalis* (a shrubby species) on the Dodabetta Plantation give an average growth of 1½th inches, or ¾th of an inch under the growth of last month.

The number of plants issued to the public is 500, making the total number of plants distributed 52,857.

SUPPLEMENT TO The Gazette of India.

CALCUTTA, SATURDAY, JUNE 3, 1865.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of six Rupees per annum if delivered in Calcutta, or nine Rupees four annas if sent by Post.

No Official Orders or Notifications the publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

Government of Bombay.

Proceedings connected with the Relief afforded to the poor in Ahmedabad.

Extract from the Proceedings of the Government of Bombay, in the General Department, dated 6th May 1865.

Read the following papers:—

Letter from the Hon'ble Premabhai, to Secy. to Govt. of Bombay,—dated 7th April 1865.

I request you will be so good as to submit to His Excellency the accompanying proceedings in connection with the relief afforded to the poor people of Ahmedabad, the Governor having directed me to send him a Report on the subject.

Proceedings referred to in the above letter.

A brief account of the proceedings connected with the relief afforded to the poor in Ahmedabad in consequence of the distress caused by apprehensions of famine and the prevailing high prices of grain may, perhaps, be acceptable to His Excellency the Governor of Bombay.

2. There was a great scarcity of rain during the monsoon of 1863-64. The difficulties in which the people found themselves began to assume a wider range, and in December 1863 matters had taken so unfavourable a turn that it became necessary to devise some means to allay, if not to avert, the misery which would have been entailed on the poor. A general meeting of the

Mr. J. E. Oliphant, Collector.

Mr. C. H. Cameron, Judge.
Honorable Premabhai Hemabhai,

Municipal Commissioners of the city of Ahmedabad was held on the 14th January 1864 to discuss the

Rao Bahadoor [Muggunbhai Kurumehund.

Sheth Muyabhai Bromabhai.

Dr. Wyllie.

Azum Kazeo Sahib.

Mr. Jugjeewundass, Deputy Collector.

Azum Guzanund Vittal, Foujdar, with power to add to their number.

subject, when a Special Committee, consisting of the gentlemen whose names are given in the margin, was appointed for the purpose of organizing a Relief Fund, and setting it in working order. It was also proposed by the Municipal Commissioners to contribute to the Fund Rupees 2,000 per mensem till such time as the distress lasted, but this proposal not having met with the approval of the Revenue Commissioner, N. D., was given up.

3. The Special Committee commenced operations at once by issuing a circular inviting the assistance and co-operation of the public. The accompanying Memorandum (A) shows that Rupees 18,714 were collected as donations, and Rupees 768 were obtained as monthly subscriptions. Among the names of the subscribers will be found that of His Highness the Guikwar, who, though pressed by similar circumstances in his own territory, did not forget the claim of the Ahmedabad poor on his bounty. His Highness also had 3,000 Rupees' worth of grain distributed in the city of Ahmedabad among the ordinary beggars.

4. Enquiries were also set on foot to ascertain the extent of distress and the measures of relief adopted before by private charity, so as to enable the Committee to judge what was necessary to be done. This duty was undertaken by some of the members of the Committee, who submitted the information in a general report, of which a copy is annexed (Appendix B). The Committee then resolved to grant relief at the rate of Rupees four to an adult, and of Rupees two to a child.

5. In the Returns of the persons selected as legitimate objects of charity, only such were

admitted as were unable to work, or do any manual labor, as also such as had no income or regular means of livelihood. Every one of them received relief under the immediate supervision of the members of the Committee. The subjoined Table gives the numbers so succoured. They amount to 4,327, while the money given was Rupees 16,250.

6. At the commencement of their operations it was resolved by the Committee to procure a loan of a lakh of Rupees, without interest, for one year, from the principal merchants of the city, to be laid out in importing grain from places where it could be got cheap. This grain they intended to retail at cost price to those persons who, though not within the meaning of the rules laid down by them, were yet greatly pinched from the dearth of provisions. It was supposed that the adoption of such a course would have counteracted the tendency of the grain dealers to raise prices.

7. A sum of Rupees 73,500 was thus got up, and a portion of it already collected. The project was, however, abandoned on second consideration. It may be observed that the object of the Committee was subsequently realized to a certain extent, for the grain dealers on hearing of the Committee's intention to bring in grain for retail sale became alarmed, and prices were thus kept at their proper level.

Names of persons who contributed to the loan.	Rs.
Honorable Premabhai Hemabhai ...	15,000
Seth Jeyshungbhai Hutysing ...	10,000
Rao Bahadoor Muggunbhai Kurumchund ...	9,000

" Munsookhbhai Vekutchund ...	4,000
Total ...	73,500

9. An attempt was again made to import grain from Kurrachee and other places, and some of the Native gentlemen, whose names are mentioned in paragraph 6 above, express their willingness to double their contributions towards the Loan Fund. Meanwhile the state of the grain market at Ahmedabad began to improve, and the project was, therefore, not carried out.

10. On the 1st instant the balance in the hands of the Committee amounted to about Rupees 32,000, exclusive of Rupees 5,000 already placed at the disposal of some of the members of the Committee for distribution amongst the poor.

11. In conclusion, the Committee considered that they would not be doing their duty if they omitted to mention the great assistance the people of

8. The last monsoon (1864-65) proved still more disastrous. At the beginning of November 1864 there was in hand a balance of Rupees 8,900, while the monthly contributions to the Fund amounted to Rupees 695 only. This was anything but cheering, especially as the distress among the poor was greater than in 1863-64. Further action was, therefore, necessary; additional subscriptions and donations were invited, and it is gratifying to state that the result was very favourable indeed. Appendix C shows that the monthly subscriptions have reached the high sum of Rupees 1,667, while the donations made to the Fund amount to Rupees 32,795.

Ahmedabad are about to receive from the Honorable Rustumjee Jamsctjee Jeejeebhoy, who has, through the Revenue Commissioner, N. D., sent 2,000 bags of Bengal rice to afford the poorer classes the means of purchasing food at accommodating prices, the money so received being spent in further purchases of grain for disposal in the same manner.

12. It may also be added that the principal members of the "Jain" or "Sawuck" caste at Ahmedabad have raised a fund among themselves for the relief of the less favored portion of their own community, who are allowed succour in money under proper supervision.

APPENDIX B.

Conformably to the Resolution of the 15th ultimo, we beg to submit the following observations:—

In former years grain could be got from 40 to 50 "Kutchas" seers for a Rupee, while this year the

same is procurable from 10 to 20 "Kutchas" seers for a Rupee, consequently the poorer classes of people, viz., those who have no income at all, or those who have very limited income, are great sufferers, and use the lowest and cheapest kind of grain for their food, without reference to their habits or health. Maize and gram, which were hardly used by any class of the community in this part of the country as principal articles of food, are now generally substituted by the poor people for wheat, bajree, and rice. Many can hardly satisfy their hunger even by this economical substitution. A man or woman must have at the average $1\frac{1}{2}$ seer of grain for daily food, and a child must have half of that quantity. Now a family consisting of one man, one woman, and four children, must have $4\frac{1}{2}$ "Kutchas" maunds of grain for their monthly subsistence, which must cost not less than Rupees 9, but the income being only Rupees 7, out of which the expenses of smoking, opium, clothing, &c., must also be defrayed, the family is obliged to lessen the quantity of their usual food, or to submit to starvation. We have heard several instances of persons of some respectability having been obliged to go out at night time for begging at the houses of some Shetts, and others bestowed with the means of helping the poor. On the other hand, some of the weavers, &c., occasionally give out false information of theft in order to misappropriate the property, consisting of silk, cotton, &c., entrusted to them by merchants for preparing pieces of clothes, while others commit petty thefts. As far as we can judge, nearly one-fourth of the population of this city, or say about twenty-five thousand souls, must be the sufferers owing to the existing dearth of grain, which has proportionately raised prices of other necessities and luxurious articles of life.

2. The Mahajans have raised a subscription for

* Rice and pulse mixed together for food. the distribution of "Khitchree" to the

lame, blind, and old people or to the majority of the beggars, and though they distribute about 9 maunds of grain daily, yet their boon is hardly appreciated by the beggars, since each of them cannot get sufficient quantity for a day's food. Two shops have been opened by

1. Shett Muyabhai Pema-bhai and Jeysungbhai Huttee- the gentlemen named in the margin where

2. Shett Rustumjee Jem- the poorer classes of people have hitherto

obtained about two seers more wheat than the market price for one rupee but as many people always assemble there, the complaint of detention, &c., is general. For some time some Borah gentlemen in the Kulloopore street used to sell wheat to the people of his own caste, and Shett Bhechurdass Ambaidass used to sell the same to the people of his street, or Shahapoor, at cheaper rates. These are measures of relief hitherto adopted in this city, but no step whatever appears to have been taken by any body to provide for those who cannot go out of their houses for labor or work, and have no income or means of livelihood.

3. Our present state of fund, as shown in the

Subscription up to the present date. margin, cannot enable us to send for large

Donations ... Ra. 9,192 quantities of grain

Monthly ... Ra. 688 from the cheapest

mart, to open many shops, and to give proper relief to such a large body of the population as twenty-five thousand souls. We, therefore, recom-

mend the immediate adoption of the following measures:—

I. We have already employed a Mahomedan and a Hindoo to prepare returns of such Mahomedans and Hindoos as are really unable to earn livelihood. The Kajee Sahib and Azum Goolam Mohedeen Goolam Rusool (the latter is not a member of this Committee, but should be added to our number) be requested to test the correctness of the Returns prepared by Syed Meer Sahib Kajee Mees of the Mahomedan community and Shett Pranabhai Khoosal and Dholsah, the latter is not a member of this Committee, but should be added to our number) be requested to do so in regard to the Returns prepared by Damodur of the Hindoo community. As soon as these Returns are tested, the Committee should grant immediate relief, pecuniary or in kind, according to the circumstances of each, to those whose names appear in the Returns to the extent of the monthly subscriptions for January and February, and of Rupees 1,000 out of donations, and they should be told that before April next they will receive no more relief.

II. Every morning, between 7 and 9 o'clock, ten maunds of grain, viz., bajree or wheat, should be given as alms to the beggars in the Municipal Office in the presence of one of the members of this Committee, or the Secretary, and the scale of distribution should be regulated with reference to the number of beggars. Children above 5 years and under 10 years old should receive half seer, and adults, male and female, should receive about one seer each. If the member find it inconvenient to go to the Municipal Office, he can have the grain distributed at his own residence, or at any other place convenient to him. The turns of the member should be fixed and notified by the President, but one member can be at liberty to change his turn with the other member, or to arrange with him to superintend the distribution of grain of his turn. The grain required for the above purposes should be purchased in the city, or procured from other places if possible, and the price should be paid out of the donations. Two men, at the rate of Rupees 4 each, should be employed to look after the grain, and to distribute them to the beggars. Should it appear, on trial, that we require more than ten maunds of grain for distribution at the above rates, the quantity may be increased to fifteen maunds.

III. In order to enable us to carry out the above arrangements, all the subscribers to this fund be requested, through our Secretary, to pay to him at once the monthly subscriptions for January and February, and the donations, and the Secretary be authorized to withdraw from time to time such sums as he may require to pay for grain, &c. The Secretary should also be authorized to employ a Karkoon under him at the rate of Rupees 10 a month to keep accounts of the fund, to collect the subscriptions, and to render such other assistance as may be required of him, and to spend a sum not exceeding Rupees 2 per mensem for stationery, &c.

IV. The Secretary should be authorized to pay the following establishment:—

1. Syed Meer Sahib Kzeemeees from the 21st January 1864, at the rate of Rupees 12 per month.
2. Damodur Turbhowun from the 29th January 1864, at the rate of Rupees 10 per month.

3. Two Tolats, at the rate of Rupees 4 each, from the date of their employment.

- 1 Karkoon at the rate of Rupees 10 from the date of his employment.

In conclusion, we beg to suggest that the above measures and the list of subscribers be published in the vernacular papers of this city, and the subscription list be as widely circulated as possible by the different members of the Committee. We further beg to propose that when our fund amounts to Rupees 15,000 or upwards, we may take into consideration the question of procuring large supplies of grain and of opening shops for the sale of the same to the poorer classes of people at cheaper rates.

RESOLUTION.—This is very satisfactory, and should be suitably acknowledged, with an expression of the satisfaction of Government.

2. A copy may be sent to the Government of India, for publication in the *Gazette of India*; and to the Secretary of State.

SUPPLEMENT TO The Gazette of India.

CALCUTTA, SATURDAY, JUNE 3, 1865.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of six Rupees per annum if delivered in Calcutta, or nine Rupees four annas if sent by Post.

No Official Orders or Notifications the publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

Government of Bombay.

Proceedings connected with the Relief afforded to the poor in Ahmedabad.

Extract from the Proceedings of the Government of Bombay, in the General Department, dated 6th May 1865.

Read the following papers:—

Letter from the Hon'ble Premabhai, to Secy. to Govt. of Bombay,—dated 7th April 1865.

I request you will be so good as to submit to His Excellency the accompanying proceedings in connection with the relief afforded to the poor people of Ahmedabad, the Governor having directed me to send him a Report on the subject.

Proceedings referred to in the above letter.

A brief account of the proceedings connected with the relief afforded to the poor in Ahmedabad in consequence of the distress caused by apprehensions of famine and the prevailing high prices of grain may, perhaps, be acceptable to His Excellency the Governor of Bombay.

2. There was a great scarcity of rain during the monsoon of 1863-64. The difficulties in which the people found themselves began to assume a wider range, and in December 1863 matters had taken so unfavourable a turn that it became necessary to devise some means to allay, if not to avert, the misery which would have been entailed on the poor. A general meeting of the

Mr. J. E. Oliphant, Collector.

Mr. C. H. Cameron, Judge.
Honorable Premabhai He-

mabhai, Commissioners of the city of Ahmedabad was held on the 14th January 1864 to discuss the

Rao Bahadoor [Muggunbhai Kurrumchund. Sheth Muyabhai Bremabhai. Dr. Wyllie. Azum Kaze Sahib. Mr. Jugceewundass, Deputy Collector. Azum Guzanund Vittal, Fojdar, with power to add to their number.

subject, when a Special Committee, consisting of the gentlemen whose names are given in the margin, was appointed for the purpose of organizing a Relief Fund, and setting it in

working order. It was also proposed by the Municipal Commissioners to contribute to the Fund Rupees 2,000 per mensem till such time as the distress lasted, but this proposal not having met with the approval of the Revenue Commissioner, N. D., was given up.

3. The Special Committee commenced operations at once by issuing a circular inviting the assistance and co-operation of the public. The accompanying Memorandum (A) shows that Rupees 13,714 were collected as donations, and Rupees 768 were obtained as monthly subscriptions. Among the names of the subscribers will be found that of His Highness the Guickwar, who, though pressed by similar circumstances in his own territory, did not forget the claim of the Ahmedabad poor on his bounty. His Highness also had 3,000 Rupees' worth of grain distributed in the city of Ahmedabad among the ordinary beggars.

4. Enquiries were also set on foot to ascertain the extent of distress and the measures of relief adopted before by private charity, so as to enable the Committee to judge what was necessary to be done. This duty was undertaken by some of the members of the Committee, who submitted the information in a general report, of which a copy is annexed (Appendix B). The Committee then resolved to grant relief at the rate of Rupees four to an adult, and of Rupees two to a child.

5. In the Returns of the persons selected as legitimate objects of charity, only such were

admitted as were unable to work, or do any manual labor, as also such as had no income or regular means of livelihood. Every one of them received relief under the immediate supervision of the members of the Committee. The subjoined Table gives the numbers so succoured. They amount to 4,827, while the money given was Rupees 16,250.

6. At the commencement of their operations it was resolved by the Committee to procure a loan of a lakh of Rupees, without interest, for one year, from the principal merchants of the city, to be laid out in importing grain from places where it could be got cheap. This grain they intended to retail at cost price to those persons who, though not within the meaning of the rules laid down by them, were yet greatly pinched from the dearth of provisions. It was supposed that the adoption of such a course would have counteracted the tendency of the grain dealers to raise prices.

7. A sum of Rupees 73,500 was thus got up, and a portion of it already collected. The project was, however, abandoned on second consideration.

Name of persons who contributed to the loan.	Rs.
Honorable Premabhai Hemabhai ...	15,000
Seth Jeyshungbhai Hutysing ...	10,000
Rao Bahadoor Muggunbhai Kurumchund ...	9,000
Seth Parsotumdas Boolakhidass ...	5,000
„ Chotabhai Motheschund ...	2,500
„ Khoosachund Panachund ...	2,000
„ Muncherjee Sorabjee ...	2,000

„ Hurgowundass Juverdass ...	1,800
„ Veerchund Sobhag ...	2,000
„ Tarrachund Sobhag ...	1,800
„ Ubhechund Panachund ...	1,200
„ Goolabchund Sobhag ...	1,000
„ Jeychund Sobhag ...	1,000
„ Beeburdass Ambaidass ...	3,000
„ Dulputbhai Bhugobai ...	3,100
„ Lalioobhai Panachund ...	2,000
„ Munsookhbhai Vekutchund ...	4,000
Total ...	73,500

9. An attempt was again made to import grain from Kurrachee and other places, and some of the Native gentlemen, whose names are mentioned in paragraph 6 above, express their willingness to double their contributions towards the Loan Fund. Meanwhile the state of the grain market at Ahmedabad began to improve, and the project was, therefore, not carried out.

10. On the 1st instant the balance in the hands of the Committee amounted to about Rupees 32,000, exclusive of Rupees 5,000 already placed at the disposal of some of the members of the Committee for distribution amongst the poor.

11. In conclusion, the Committee considered that they would not be doing their duty if they omitted to mention the great assistance the people of

Ahmedabad are about to receive from the Honorable Rustumjee Jamsetjee Jeejeebhoy, who has, through the Revenue Commissioner, N. D., sent 2,000 bags of Bengal rice to afford the poorer classes the means of purchasing food at accommodating prices, the money so received being spent in further purchases of grain for disposal in the same manner.

8. The last monsoon (1864-65) proved still more disastrous. At the beginning of November 1864 there was in hand a balance of Rupees 8,900, while the monthly contributions to the Fund amounted to Rupees 695 only. This was anything but cheering, especially as the distress among the poor was greater than in 1863-64. Further action was, therefore, necessary; additional subscriptions and donations were invited, and it is gratifying to state that the result was very favourable indeed. Appendix C shows that the monthly subscriptions have reached the high sum of Rupees 1,667, while the donations made to the Fund amount to Rupees 32,795.

Ahmedabad are about to receive from the Honorable Rustumjee Jamsetjee Jeejeebhoy, who has, through the Revenue Commissioner, N. D., sent 2,000 bags of Bengal rice to afford the poorer classes the means of purchasing food at accommodating prices, the money so received being spent in further purchases of grain for disposal in the same manner.

12. It may also be added that the principal members of the "Jain" or "Sawuck" caste at Ahmedabad have raised a fund among themselves for the relief of the less favored portion of their own community, who are allowed succour in money under proper supervision.

APPENDIX B.

Conformably to the Resolution of the 15th ultimo, we beg to submit the following observations:—

In former years grain could be got from 40 to 50 "Kutchas" seers for a Rupee, while this year the

same is procurable from 10 to 20 "Kutchas" seers for a Rupee, consequently the poorer classes of people, viz., those who have no income at all, or those who have very limited income, are great sufferers, and use the lowest and cheapest kind of grain for their food, without reference to their habits or health. Maize and gram, which were hardly used by any class of the community in this part of the country as principal articles of food, are now generally substituted by the poor people for wheat, bajree, and rice. Many can hardly satisfy their hunger even by this economical substitution. A man or woman must have at the average $1\frac{1}{2}$ seer of grain for daily food, and a child must have half of that quantity. Now a family consisting of one man, one woman, and four children, must have $4\frac{1}{2}$ "Kutchas" maunds of grain for their monthly subsistence, which must cost not less than Rupees 9, but the income being only Rupees 7, out of which the expenses of smoking, opium, clothing, &c., must also be defrayed, the family is obliged to lessen the quantity of their usual food, or to submit to starvation. We have heard several instances of persons of some respectability having been obliged to go out at night time for begging at the houses of some Shettis, and others bestowed with the means of helping the poor. On the other hand, some of the weavers, &c., occasionally give out false information of theft in order to misappropriate the property, consisting of silk, cotton, &c., entrusted to them by merchants for preparing pieces of clothes, while others commit petty thefts. As far as we can judge, nearly one-fourth of the population of this city, or say about twenty-five thousand souls, must be the sufferers owing to the existing dearness of grain, which has proportionately raised prices of other necessities and luxurious articles of life.

2. The Mahajans have raised a subscription for

* Rice and pulse mixed to the distribution of "Khitchree" to the

lame, blind, and old people or to the majority of the beggars, and though they distribute about 9 maunds of grain daily, yet their boon is hardly appreciated by the beggars, since each of them cannot get sufficient quantity for a day's food. Two shops have been opened by

the gentlemen named Shett Muyabhai Pema-bhai and Jeysungbhai Huttee- in the margin where

the poorer classes of people have hitherto

obtained about two seers more wheat than the market price for one rupee but as many people always assemble there, the complaint of detention, &c., is general. For some time some Borah gentlemen in the Kulloopore street used to sell wheat to the people of his own caste, and Shett Bheechurdass Ambaidass used to sell the same to the people of his street, or Shahapoor, at cheaper rates. These are measures of relief hitherto adopted in this city, but no step whatever appears to have been taken by any body to provide for those who cannot go out of their houses for labor or work, and have no income or means of livelihood.

3. Our present state of fund, as shown in the

Subscription up to the present date. margin, cannot enable us to send for large

quantities of grain from the cheapest mart, to open many shops, and to give proper relief to such a large body of the population as twenty-five thousand souls. We, therefore, recom-

mend the immediate adoption of the following measures:—

I. We have already employed a Mahomedan and a Hindoo to prepare returns of such Mahomedans and Hindoos as are really unable to earn livelihood. The Kajee Saheb and Azum Goolam Mohcdeen Goolam Russool (the latter is not a member of this Committee, but should be added to our number) be requested to test the correctness of the Returns prepared by Syed Meer Saheb Kajee Meca of the Mahomedan community and Shett Pranabhai Khoosal and Dholsah, the latter is not a member of this Committee, but should be added to our number) be requested to do so in regard to the Returns prepared by Damodur of the Hindoo community. As soon as these Returns are tested, the Committee should grant immediate relief, pecuniary or in kind, according to the circumstances of each, to those whose names appear in the Returns to the extent of the monthly subscriptions for January and February, and of Rupees 1,000 out of donations, and they should be told that before April next they will receive no more relief.

II. Every morning, between 7 and 9 o'clock, ten maunds of grain, viz., bajree or wheat, should be given as alms to the beggars in the Municipal Office in the presence of one of the members of this Committee, or the Secretary, and the scale of distribution should be regulated with reference to the number of beggars. Children above 5 years and under 10 years old should receive half seer, and adults, male and female, should receive about one seer each. If the member find it inconvenient to go to the Municipal Office, he can have the grain distributed at his own residence, or at any other place convenient to him. The turns of the member should be fixed and notified by the President, but one member can be at liberty to change his turn with the other member, or to arrange with him to superintend the distribution of grain of his turn. The grain required for the above purposes should be purchased in the city, or procured from other places if possible, and the price should be paid out of the donations. Two men, at the rate of Rupees 4 each, should be employed to look after the grain, and to distribute them to the beggars. Should it appear, on trial, that we require more than ten maunds of grain for distribution at the above rates, the quantity may be increased to fifteen maunds.

III. In order to enable us to carry out the above arrangements, all the subscribers to this fund be requested, through our Secretary, to pay to him at once the monthly subscriptions for January and February, and the donations, and the Secretary be authorized to withdraw from time to time such sums as he may require to pay for grain, &c. The Secretary should also be authorized to employ a Karkoon under him at the rate of Rupees 10 a month to keep accounts of the fund, to collect the subscriptions, and to render such other assistance as may be required of him, and to spend a sum not exceeding Rupees 2 per mensem for stationery, &c.

IV. The Secretary should be authorized to pay the following establishment:—

1. Syed Meer Saheb Kzeemeeas from the 21st January 1864, at the rate of Rupees 12 per month.
2. Damodur Turbhown from the 29th January 1864, at the rate of Rupees 10 per month.

3. Two Tolats, at the rate of Rupees 4 each, from the date of their employment.
- 1 Karkoon at the rate of Rupees 10 from the date of his employment.

In conclusion, we beg to suggest that the above measures and the list of subscribers be published in the vernacular papers of this city, and the subscription list be as widely circulated as possible by the different members of the Committee. We further beg to propose that when our fund amounts to Rupees 15,000 or upwards, we may take into consideration the question of procuring large supplies of grain and of opening shops for the sale of the same to the poorer classes of people at cheaper rates.

distributed in the present Budget-Estimate as follows :—
 under the North-Western Provinces.
 under British Burmah.

G. CHESNEY,
Accountant General.

Note by Accountant General, Public Works Department, dated 31st March 1865, on the General Imperial Budget Estimate of expenditure on Public Works in India for 1865-66.

The undersigned has the honour to submit, in accordance with the practice established last year, the General Budget Estimate of expenditure on Public Works in India for 1865-66.

2. The items composing the aggregate grant for Public Works for 1865-66, as entered in this document, are as follows:—

	£
Grant assigned in Public Works Department in Circular No. 2 of 1865,	4,700,000
Extra grant assigned to Bombay in consideration of receipts from sales of land and contribution—	700,000
Amount passed for State expenditure on Railways as per Financial Statement, 1865-66	207,425
Loss by Railway exchange as per ditto	171,215
Grant from the one per cent. Income Tax fund as per ditto	110,000
Total	5,888,640

3. According to Public Works Department Circular No. 2 of 1865, the grant for Military works was fixed at £ 1,250,000. In the Budget Estimate now submitted, it is entered as amounting to £1,485,248. The difference of £235,248 is thus comprised:—

	£
Extra grant assigned to Bombay for Military works in consideration of receipt from sales of land	215,000
Additions to the grant passed for Military works, a corresponding reduction being made under other heads of service:—	
Oudh	21,018
Straits Settlements	2,410
	23,428
	238,428

Deduct—

Aggregate of grants for churches properly debitable to the Military grant, being for purely Military requirements, but which according to the Budget classification have been entered in the estimate under heading Civil Buildings—

	£
Hyderabad	680
Rajpootana	1,000
Central India	1,500
	3,180

Difference as above stated **235,248**

4. A sum of £73,397 has been deducted in the Government of India Budget Orders from the grant originally made to Madras, consequent on that amount having been diverted to other objects from the portion of the grant specifically allotted for Military works; and £50,000 of the sum thus retrenched has been transferred to Bengal to increase the assignment for Military works in that province. £23,397 remains therefore unapplied, which has been entered in the estimate against the heading Unappropriated Grant.

5. A sum of £8,100 entered against the same heading in the column Communications, is the amount disallowed from the allotment to Hyderabad, in order that the expenditure in the Assigned Districts may not exceed the receipts of the year.

G. CHESNEY, Major,
Accountant General.

MADRAS BUDGET ORDERS, 1865-66.

1. The grant for Public Works throughout India in 1865-66 included a special provision of 70 lakhs for new military works, thus raising the allotment for all military works to 125 lakhs, as compared with 85 lakhs in the current year. The amount was distributed amongst the several Local Governments and Administrations according to the best information available, but with the proviso that in the event of the assignments exceeding, in any case, the actual requirements for military works, they should not be diverted to other objects, but a corresponding reduction should be made in the total of the Budget Estimate.

2. Out of the total allotment made to Madras, 70½ lakhs, the assignment specially appropriated for military works under the conditions above stated was 16 lakhs. But the estimate provides for an expenditure of only Rs. 8,66,033, and the Madras Government proposed to apply the difference to works of public improvement, and the estimate has been framed under this view. The Government of India was unable to accede to this proposal, and it became necessary to ask the Government of Madras to specify the items in the estimate which it would desire to select for reduction, to the extent of Rs. 7,33,967, the amount by which the estimate, as framed, falls short of the special appropriation for military works.

3. This has now been done, the reductions being under the following heads of service:—

	Rs.
Civil Buildings	72,834
Agricultural	3,03,552
Communications	3,47,581
Miscellaneous Public Improvements	10,000
Total	7,33,967

4. The items selected for reduction are for works whose progress may be deferred with the least detriment to the public service, and the Governor General in Council approves of this course having been adopted. His Excellency in Council is duly sensible of the importance of these works to the well-being of the country, and the ultimate improvement of the revenue, but the limited means at the disposal of the Government renders their postponement unavoidable. The paramount necessity of providing improved barrack accommodation for the European troops has forced the Government of India to obtain the requisite funds in an extraordinary manner, and it is impossible to divert the special grants for this object to any other purposes whatsoever. The grants for Military Works to the several Presidencies and Local Administrations were of necessity somewhat arbitrarily fixed, and therefore may not correspond exactly with actual requirements. The surplus surrendered Madras will however certainly be required to supplement the grant for

military works elsewhere, and indeed 5 lakhs has already been transferred to Bengal, the original appropriation made to that Province being found to be insufficient. The total grants made to the several Governments were based on the consideration of the sums that would be available for the various heads of service; and it is to be remarked that one chief cause of the large reduction on works of improvement at Madras is that the establishment charges are so heavy.

5. The following items of the Budget-Estimate, as revised, seem to call for remark:—

MILITARY.

6. No. 5.—*Constructing new Dragoon Barracks at Bangalore.*—The proposed allotment on this work implies an excess in the actual cost over the original estimate. If the revised exceeds the original estimate by more than 10 per cent., it should be referred to the Government of India before the amount originally sanctioned has been expended.

7. No. 7.—*Racket Court at Trichinopoly.*—Rs. 10,580 seems far too large a sum for a racket and fives court.

CIVIL BUILDINGS.

8. No. 18.—*Amalgamating the Madras Male and Female Asylum with the Lawrence Asylum.*—The expenditure on this work was commenced in 1863-64, and continued during the current year, without the authority of the Government of India, and without, apparently, any estimate having been sanctioned even by the Government of Madras. This point was remarked upon in the Budget Orders of last year, and attention is again called to the apparent irregularity.

9. Nos. 21 & 22.—*Taluk Outcherriss at Ramchundrapoor and Annapoor.*—The estimated cost of these buildings seems high, and the attention of the Government of Madras is requested to this point.

COMMUNICATIONS.

10. No. 83.—*Road from Aska to Darangabad.*

11. No. 110.—*Road from Mysore Frontier to Tambracherry Ghat.*

12. No. 111.—*Completing Torriote Road.*—The construction of these works also seems to have been commenced without any estimates.

13. No. 112.—*Carcoor Ghat and road to Tippacadoo.*

14. No. 128.—*Minor drains and bridges on the road from Mangalore to Cannanore.*—The same remarks apply to these works, to which exception

* *Extract, para. 11, Budget Orders of 1864-65.*

"The Government of India cannot but regard any violation of the Budget Rule, which requires that no work shall be put in hand unless on a sanctioned estimate, as unsatisfactory, and considering the very moderate sums spent yearly in Madras on works of public improvement, it should surely be practicable to have properly considered projects and sanctioned estimates ready, to the full extent of the sums available. The particular attention of the Madras Government should be directed to this point."

was taken in the Budget Orders of the previous year on the same grounds.* The Government of India must again record an opinion that it is not satisfactory that expenditure should be incurred or appropriations made, except upon sanctioned estimates.

REPAIRS.

15. The total estimate on account of repairs is 25 lakhs, of which 12 lakhs are for "Communications." It may be noticed that this is a very

much larger sum than is applied to the same purpose in any other Presidency or Province, and necessarily reduces the amount available for original works.

16. The estimates for roads to be repaired by the Municipal Commissioners, amounting to Rs. 35,897, and for repairs to local markets at the Presidency and at Coimbatore, hardly appear to be legitimate charges against the Imperial grant for Public Works. Explanation is requested on this point, meanwhile the grant may stand.

ESTABLISHMENTS.

17. The Staff salaries of all the Superintending Engineers have been set down at the rate allowed for the 1st class. It was understood from paras. 7 and 8 of letter No. 3722—409 of 16th December 1863, from the Secretary to the Government of Madras, Public Works Department, that a proportion of the Superintending Engineers would be of the 2nd class, pending settlement of the question of Madras Public Works establishments generally. Explanation is requested on this point. It may be explained that the Government of India has lately recommended to the Secretary of State that a proportion of the Superintending Engineers throughout India should be of the 2nd class.

18. The total charge (Rs. 15,63,000) is allowed, it being understood that the grant must be considered subject to any orders finally passed on the Madras Establishments in the Financial Department, to which the proposals for their reorganization have been lately referred. It must be observed, however, that although in the correspondence from the Government of Madras which accompanied those proposals, frequent reference was made to the supposed economy and reduction of expense of the new organization, the establishment charges this year amount to 22·6 per cent. on the original estimate, and more than 25 per cent. on the estimate as now passed. This is exclusive of the charge for irrigation establishments, amounting to Rs. 88,000, the final incidence of which has still to be determined in the Financial Department.

19. The total charge for direction is estimated at Rs. 3,02,058, or about 4·8 per cent. on the total revised estimate. This is a higher ratio than obtains in any other Presidency or Province.

20. The sum of Rs. 62,640 for Accountants in the several range offices should be shown under "Construction," and not under "Accounts."

21. It should be stated, to prevent mistakes, that the special allowance to officers at the Presidency provided for in the estimate, cannot be drawn in addition to the allowance admissible under the new rules contained in Standing Order No. 13 of 1865, *viz.*, the allowance to every officer under the rank of First Grade Executive Engineer of the pay of the next highest grade to his own.

INDENTS ON LONDON.

22. A sum of Rs. 14,000 is included on account of machinery for the Madras pier. Explanation is requested as to whether this should not be provided out of the Madras Port Fund.

RAILWAYS.

23. Separate orders have been passed on the estimates of Railway expenditure.

24. The following will be the distribution of services as now arranged :—

	ORIGINAL WORKS.			REPAIRS.	TOTAL.
	Major.	Minor.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military	5,81,477	1,51,700	7,33,177	1,32,856	8,66,033
Civil	3,41,467	1,19,250	4,60,717	1,35,984	5,96,701
Agricultural	86,215	1,73,603	2,59,818	10,00,000	12,59,818
Communications	3,15,674	1,32,050	4,47,724	12,00,615	16,48,339
Miscellaneous Public Improvements	11,597	40,000	51,597	30,545	82,142
Total	13,36,430	6,16,003	19,53,033	25,00,000	44,53,033
Establishments					15,03,000
Tools and Plant					1,50,000
Add—				Total	61,06,033
Irrigation and Canal Company					1,50,000
Railway estimate as passed					1,50,515
				Grand Total	64,72,548

The difference between this aggregate amount and that of the original estimate, is the sum of the items struck out of the estimate for works (as per schedule attached), Rs. 7,33,967, adding Rs. 4,602 on account of the Military pay of the Consulting Engineer and his Deputy, struck out of the Railway Budget Estimate.

FORT WILLIAM, }
3rd April 1865. }

C. H. DICKENS, Lieut. Col., R. A.,
Secy. to Govt. of India, P. W. Dept.

APPENDIX TO MADRAS BUDGET ORDERS FOR 1865-66.

Schedule of items reduced or struck out of Budget submitted by Local Government.

Number of Items in Budget.	DESCRIPTION.	Amount.	Total on each head of Service.
	<i>Civil Buildings.</i>	Rs.	Rs.
28	Foundry at Chepauk Struck out	20,000	
55	Central Jail at Rajahmundry Reduced by	10,000	
60	New Jail at Coimbatore "	32,834	
	Minor works "	10,000	
			72,834
	<i>Agricultural.</i>		
58	Raising the Godavery Anicut Struck out	81,745	
59	Improvements to the Akeed Canal "	20,000	
61	Channel from Vallabapuram to tide water, &c. "	20,000	
62	Sloping banks and enlarging head of main canal at Seetanagaram "	20,000	
63	Widening portion of Poolair from Pamairoo to Bantoomilly "	22,710	
64	Extension of Cammamoor Channel from Doogaralla to Chinna Gangaw "	80,000	
69	Channel from Vencatagerry River to Chennoor Tank "	4,000	
71	Extension of irrigation under Cheyoor Anicut at Poothoor "	19,700	
72	Cutting Pombey Channel from bank of Ponair Anicut at Villa- puram and Ellavanasoor Taluqs "	10,000	
73	Constructing anicut across Mainmutta Nady at Komaramangalam "	10,000	
75	Masonry sluices to Thadapally Channel, Erode Range "	5,000	
78	Improvements to Nellore Tank "	6,000	
80	Improving embankment along margin of Penair River west of Nellore "	6,000	
81	Clearing and improving Manunghy drainage channel, &c. Reduced by	5,000	
	Minor works "	43,897	
			3,08,552
	<i>Communications.</i>		
86	Road from Aska to Ganjam Port and Salt Pans Struck out	20,000	
87	Road from Vizagapatam to Casapore, 40 miles "	20,000	
88	Trunk Road No. VI from Chittavala to Chicacole "	15,000	
89	Petta Ghât Road "	15,000	
90	Trunk Road No. 6 from Seetanagaram to Guntoor "	5,000	
92	Constructing embanked road, &c., across Musanur Valley on Trunk Road No. 6 "	13,000	
95	Completing the road from Royachoti over the Ghât to the Railway Station at Raspett "	20,000	
98	Improving road from Tripaty to Tripaty Railway and Calastry "	14,150	
99	Metalling, &c., 16 miles of Trunk Road between Papanahpet and the Coleroon River "	5,000	
100	Constructing cart road between Taramangalum and Railway Sta- tion at Sooramungalum "	5,000	
102	Coonoor Ghât new trace, Neilgherry Range "	40,000	
103	Bargoor Ghât, new trace, Bowany Range "	15,000	
106	Goodaloor Ghât, new trace, South Wynad Range "	17,000	
107	Periah Ghât, new trace, North Wynad Range "	14,500	
114	Road from Teroomangalum on Trunk Road No. IV to the Coimba- tere boundary "	14,852	
115	Road No. 8 from Palamecottah to Tuticorin "	9,132	
117	Iron girder bridge, Cocanada "	85,000	
119	Masonry works on Trunk Road No. VI between 116th and 185th miles "	15,000	
122	Bridges, &c., connected with Poincy Project, Poothoor "	85,947	
131	Excavating boat channels, Cheyoor Reduced by	10,000	
	Minor works "		
			8,47,561
	<i>Miscellaneous Public Improvements.</i>		
	Minor works Reduced by	10,000	10,000
	Total ...		7,33,967

BOMBAY BUDGET ORDERS, 1865-66.

This Estimate, although submitted much earlier than in the previous year, has still been received after it was due, and has come up in manuscript instead of in print. This delay may, however, be partly attributable to the late date at which the military grants for the year were announced, and after all that has been said on the subject, the Governor General in Council hopes that hereafter the Bombay Budget Estimate will be submitted with due attention to punctuality.

2. The estimate is framed for 187½ lakhs, and the assets from which this sum is available are stated as follows:—

	Rs.
Ordinary Imperial Grant ...	86,00,000
Contributions from Local Funds for Imperial Repairs and Establishments ...	7,80,000
Balance of funds already realized by sale of land, &c., in connection with the ramparts removal at Bombay ...	43,48,747
Amount to be received in 1865-66 on account of land already sold ...	10,50,000
Contributions in 1865-66 from the Bombay Harbour Board ...	50,000
Estimated amount to be realized by further sales during 1865-66, or ensuing years ...	24,50,000
Contributions from private sources for special works ...	3,05,000
Total assets...	1,75,78,747
Add Grant for Railways ...	17,19,000
	1,92,97,747

3. The difference between the amount of the estimate and the assets as above, Rs. 518,355, is the difference between the estimated expenditure on the special works executed from the land sale proceeds, and those proceeds, and will constitute a balance available for expenditure in the succeeding year.

4. But the figures set down as balance of land sales funds, Rs. 43,48,747, are not understood. From the last estimate obtained regarding the state of the fund, which was submitted by the Deputy Auditor General, the figures would appear to be as follows:—

Realized previously to the year 1864-65	4,50,000
Estimated realizations during 1864-65	56,47,000
	60,97,000

And the estimated expenditure on the works chargeable to the fund up to end of 1864-65, as per the Budget Estimate now under review, is set down as ...	51,71,000
---	-----------

leaving a balance to be carried forward to next year of ...	9,26,000
instead of 43½ lakhs.	

5. The above sum of Rs. 51,71,000, however, includes the charges, Rs. 24,41,000, for the Bombay Harbour Works, which were originally commenced from imperial works, but which are debitable to this fund, though the Bombay Govern-

ment appear not to have calculated the assets in this way. Still from the way in which the account is set down, it is impossible to say how the figures have been arrived at. When first this special fund was established, the Government of India desired that a clear account might be supplied annually showing the receipts and expenditure on account of this fund, and had such an account been supplied with this estimate, and brought up by approximate figures to the end of 1864-65, there would have been no difficulty in dealing with the matter. As it is, the grant cannot in the present aspect of affairs be passed, otherwise than provisionally, and the Governor General in Council is compelled to request that no new works chargeable to the special fund may be commenced, nor any accelerated expenditure on those in progress be undertaken in the coming official year, until the required account shall have been rendered to and approved by the Government of India.

6. Of the ordinary imperial grant, 86 lakhs, 23 lakhs was specially set aside* for military works, but the sum here estimated for is Rs. 21,69,990; the difference Rs. 1,30,010 has been applied to other Heads of Service, and the Government of Bombay expresses a hope that this arrangement will not be disturbed.

7. The Governor General in Council is unable to agree to a diversion of the special military grant to any other purpose. The principle enunciated on this head in the Circular quoted above must be maintained inviolate, and unless the sum in question can be usefully applied to military works in the Bombay Presidency, it will be necessary to make it available for the very urgent wants for military buildings which are apparent in other parts of the country, and which the grant already distributed for 1865-66 will apparently be insufficient to meet. If, however, the Government of Bombay is able, on further consideration, to propose a useful application of this surplus of the military grant, Rs. 1,30,010, the Government of India will be ready to agree to its appropriation in this way. The amount of the imperial grant may therefore stand for the present at 86 lakhs, 23 lakhs being applied to military works, subject to the orders to be passed on the proposals for re-appropriating the surplus above-named, when those proposals shall be laid before the Government of India.

8. Turning now to the detailed items in the estimate, the Governor General in Council, with every desire to meet the views and wishes of the Government of Bombay to the fullest extent practicable, is yet compelled to dissent from many of the proposals for appropriations of funds. The opinion of the Governor General in Council on the points where it differs from the Government of Bombay are recorded, amongst other matters, in the following remarks, to which the particular attention of His Excellency the Governor in Council is requested. With the large expenditure impending and already in course of being incurred throughout the country for military works, and with the constantly increasing demands for other works of all descriptions, which come under the notice of the Governor General in Council, it behoves every Government in India to exercise the greatest care in incurring expenditure, and to confine its demands to what is really necessary. The Government of India is not satisfied that this has

been sufficiently kept in view in drawing up the estimate now under consideration.

MILITARY.

9. *Item No. 1. (Special Fund) Bombay Harbour Defence.*—The Governor General in Council particularly requests that the final estimates for these works may be sent up as soon as possible. The expenditure has now reached 24 lakhs, all on unsanctioned estimates.

10. *Item No. 4. Scarping Battery at Aden; estimate Rs. 53,855.*—Grant for 1865-66, Rs. 8,000. This work appears to have been commenced. The Government of Bombay is reminded of the express injunction of the Secretary of State that no expenditure is to be incurred on fortifications without the sanction of the Government of India. It is requested that the estimate may be sent up as soon as possible. Meanwhile sanction must be suspended.

11. *Item No. 5. Battery on Flint Island, Aden; estimate Rs. 39,788; grant for 1865-66, Rs. 5,000.* Similar remarks apply.

12. *Items Nos. 7 and 8. Latrines for Station and Sudder Bazar at Deesa, Rs. 7,824 each.*—The amount seems high for the purpose, and the latrines in the bazar should be provided from local assessment. *Item No. 8* is accordingly struck out.

13. *Item No. 9. New roads in Cantonment of Deesa; estimate Rs. 28,185; grant Rs. 10,060.*

14. *Item No. 13. Metalling roads in Cantonment of Poona; estimate and grant Rs. 21,955.*—The amount seems excessive in each case. The grants of the year are reduced one-half, and the Government of Bombay is requested to cause the total estimates to be reduced in the same proportion.

15. *Item No. 13. Water-supply at Ahmednuggur; grant Rs. 12,468.*—Explanation is requested whether this work is intended for the use of the troops, or for the station generally. If intended for the latter, the work appears to be hardly chargeable to imperial funds.

16. *Items Nos. 32 and 33.—Convalescent ward for Hospital of European Regiment, and ward for cases of contagious diseases at Deesa.*—It is requested that these works may be deferred, pending orders on Lieutenant Colonel Crommelin's report on this class of buildings. The grants may stand.

17. *Item No. 39.—Manure yards in the sheds for dry earth for European Regiment at Deesa.*—It is requested that the details of this project may be reported for the information of the Government of India.

18. *Item No. 42. Barracks at Mount Aboo.*—The Government of India observe with regret that these Barracks have been begun without sanctioned estimates, the estimates being moreover beyond the powers of sanction of the Government of Bombay.

19. *Item No. 48. Barracks at Teethul to be used as sanatorium; estimate (approximate) Rs. 5,00,000; grant Rs. 1,00,000.*—The grant may stand on the understanding that no expenditure is to take place until the estimates have been finally approved by the Government of India.

20. *Item No. 59.—Matron's and Assistant Matron's quarters at Kirkee.*—The details of this project should also be submitted for information.

21. *Item No. 66. Billiard and bagatelle rooms and coffee room for Cavalry at Ahmednuggur.*—Billiard and bagatelle rooms have not yet been sanctioned as recognized standard requirements, but the grant may stand pending settlement of the question in the Military Department.

22. *Item No. 72. Sanatorium at Gizree.*—Further orders will be issued hereafter in communication with the Military Department.

23. *Item No. 85. Slaughter House for Poona and Kirkee.*—This item is sanctioned, subject to orders about to issue regarding the standard plan.

24. *Item No. 87. Offices for the Adjutant and Quarter Master General's Department, Poona; estimate Rs. 1,04,086; grant Rs. 78,000.*—The estimate appears large for the purpose, and the grant must be disallowed. The Governor General in Council will be prepared to agree hereafter to a proposal for a moderate expenditure on this account, but it must be something far less than what is here proposed. And the Governor General in Council does not consider the work an urgent one. Very few of the public departments throughout the country are concentrated yet in Government buildings.

CIVIL BUILDINGS.

25. *Item No. 98. Erecting four 5-ton Cranes on the Town Custom House Bunder at Bombay, Rs. 23,052.*—Explanation is requested whether this expenditure should not more properly be met from the Port Fund. Meanwhile sanction to the execution of the work is suspended, the grant standing recorded.

26. *Item No. 101. Assistant Collector's House and Cutcherry at Godra, Rs. 15,000.*—The Government of Bombay has been addressed on the general subject of dwelling houses for Civil Officers. Pending a reply and a decision thereon, the grant must be disallowed.

27. *Item No. 110. Officers and buildings for the Anglo Telegraph Establishment at Kurrachee; estimate Rs. 2,19,217; spent Rs. 1,00,000; grant Rs. 75,000.*—It is explained that the Government of Bombay; in compliance with the desire of the Government of India, has returned the estimate to the Commissioner in Sindh for revision, with orders to reduce the probable cost of the work to within two lakhs. But the Governor General in Council considers this reduction insufficient, and requests that the total expenditure on this work may be kept within one and a half lakhs. In this view the grant of the year is reduced to Rs. 50,000.

28. *Item No. 115. Church at Kirkee; estimate Rs. 58,990 from the Special Fund; grant for 1865-66, Rs. 55,490.*—The Governor General in Council considers that this work is not a fair charge to the special fund, and is compelled to require that the item be struck out.

29. *Item No. 117. Poona Church; estimate Rs. 53,993; spent Rs. 30,000; grant Rs. 28,793.*—This estimate appears very high. The Government of India has laid down the principle that in every case where a church is required, funds shall be provided for building one, but that only as much expenditure shall be incurred as may be sufficient to provide a substantial but perfectly plain edifice, all ornamentation being defrayed from private subscription. It is only by keeping to this rule that it will be possible to meet, in any

reasonable time, the demand for the construction of Churches which has arisen from all parts of India. Explanation is therefore desired as to whether this rule has been observed in the present case; pending which, as the work is far advanced, the grant may stand.

30. *Item No. 118. Church at Belgaum; estimate Rs. 44,030; grant Rs. 26,875.*

31. *Item No. 120. Church at Aden; estimate Rs. 46,439; grant Rs. 20,000.*—Upon these items

Extract para. 17, Bombay Budget Orders of 1864-65.

"The proposed outlay on churches seems very large, and appears in many cases to go far beyond what is understood to be allowed under the general rules on this subject laid down by the Home Government. Rs. 46,439 for a 2nd church at Aden; Rs. 60,116 for a church at Nussorabad, where the only European population is the Military force, and Rs. 41,000 for Belgaum which is by no means an important place; all appear to the Governor General in Council sums in excess of what is allowable."

the remarks as per margin were recorded in the Budget Orders of the previous year. They are again brought forward, and represented to be urgent works,

and the Governor General in Council quite agrees that churches of some kind should be built at these two stations, but as the Government of Bombay has not yet replied to the opinions expressed in those orders, His Excellency in Council is compelled again to disallow the grants.

32. *Item No. 121. Elphinstone College; estimate Rs. 5,18,553; grant Rs. 2,00,000.*—The grant is passed with the proviso that no outlay is to be incurred until the estimate has been approved by the Government of India.

COMMUNICATIONS.

33. *Item No. 159. Road and Bridges between Gogo and Dandooka; estimate Rs. 6,02,825; spent Rs. 8,37,937; grant Rs. 2,50,000.*—Attention is requested to the remarks made on last year's estimate regarding this work as per margin. The revised estimate

Estimate increased from Rs. 2,50,945 to Rs. 6,02,825 without Government of India's sanction.

for the work should be sent up without delay.

34. *Items Nos. 167 and 178. Road from Bankipoor to Hurryhur and bridges on road from Bankipoor.*—These works form one project which is beyond the competency of the Government of Bombay to sanction. The practice of breaking up projects into portions, and thus bringing them apparently within the power of sanction of the Local Government, was objected to in last year's Budget Orders, which should have prevented a recurrence of such cases.

35. *Item No. 172. Bridge over Moota Moola, on the Poona and Ahmednuggur Road; estimate Rs. 1,63,102, Special Fund; grant for 1865-66 Rs. 70,000.*—The Government of India has al-

• No. 94 A, 657, dated 1st February 1865.

ready declined* to admit this charge as a debit to the Special Fund; the item is therefore struck out.

36. *Item No. 175. Bridge across the Seena River on the road from Barsee to the Barsee Road Station; estimate Rs. 87,000; spent Rs. 81,000; further grant proposed, Rs. 73,074.*—Explanation is required of the enormous excess over estimate.

37. The grant for Minor Works Communications is reduced from Rs. 1,48,605 to Rs. 1,05,270;

this is in view to make up the required increase to the Military part of the grant.

38. *Item No. 182. Constructing new road at Bombay. Item No. 187; works in connection with the Apollo pier extension, (Special Fund).*—These works both require the sanction of the Government of India, and it is requested that the estimates may be sent up as soon as possible.

39. *Item No. 186. Moody Bay Reclamation; estimate Rs. 59,08,960; spent Rs. 7,69,403; Grant Rs. 28,79,603. [Special fund.]* As it must be doubtful whether the whole amount of this large grant will be expended during the year, His Excellency the Governor General in Council is pleased to reduce it by Rs. 5,54,902, leaving Rs. 23,24,701 as the assignment for 1865-66. If towards the end of the year it is found that further outlay can be advantageously incurred on the works, His Excellency in Council will be prepared to consider a proposal which may be then brought forward for an augmentation of the grant, provided funds are shown to be available for this purpose. By this reduction the total expenditure to be incurred from special funds will be fixed at 70 lakhs.

MISCELLANEOUS PUBLIC IMPROVEMENTS.

40. *Item No. 189. Karwar Harbour Works; estimate Rs. 7,72,715; spent Rs. 5,53,530; grant Rs. 50,000.*—

* *Extract para. 33 of Budget Orders, 1864-65.* The harbour works at Karwar still go on without the Government of India having been furnished with any explanation of what is contemplated.

Attention is drawn to the remarks made on

this work in the Budget Orders of the previous year.*

41. *Item No. 190. Kurrachee Harbour Works; estimate Rs. 22,10,000; spent Rs. 27,68,652; grant Rs. 2,16,000.* Attention here also is drawn to the

† *Para. 34 of Budget Orders.* The revised estimates for the Kurrachee Harbour Works have also not been furnished, though more than the entire sum sanctioned has already been spent, and the works not nearly completed. The Governor General in Council, having regard to the fact that the sanctioned estimates have already been exceeded, directs that no new works or extension of those hitherto in progress shall be commenced until the estimates have been passed under the regular rules by the Government of India. If work has been commenced on such works, it should be suspended.

remarks made in last year's Budget Orders,† to which no attention has yet been received. The grant may stand, provided that it is not intended

to be applied to new works or extensions of those hitherto in progress, on which point an early reply is requested.

42. *Items Nos. 192 and 193. Lighthouses on the South-west Prongs and Kennerly Island. Special Fund.*—The grants are passed provisionally, subject to approval of the estimates, until which no expenditure is to be incurred.

43. The grant for Military Works having been increased by Rs. 1,30,010, and the items under the

head Military as per margin, having been disallowed, a sum of Rs. 2,44,841 becomes available for appropriation on other Military

Works, and a proposal for the application of it should be made at once. But if the Government of Bombay has no pressing need for this sum for special Military Works, the Government of India will make it available for distribution among other provinces, the allotments to which are likely to prove insufficient.

Item No.	Rs.
4	8,000
5	5,000
8	7,824

ESTABLISHMENTS.

45. A charge of Rs. 1,308 for dawk bungalow establishments is entered, this being a head of

Local Fund expenditure, the amount is struck out; the total grant may stand.

46. An item is entered for the salaries of an addition of 10 per cent. to the sanctioned establishment of 220 Upper Subordinates to provide for casualties; half of the sum should suffice, if the 10 per cent. on the number is estimated to be absorbed before the end of the year. It is further observed that the number of Upper Subordinates, 220, is 12 in excess of the strength in the previous year. Explanation is requested on this point.

47. The grants to Bombay under the foregoing orders, and including that for State expenditure on Railways, on which orders will be passed separately, will be as follows:—

	ORIGINAL WORKS.			REPAIRS.	TOTAL.
	Major Works.	Minor Works.	TOTAL.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military ...	39,10,181	1,63,017	40,73,198	3,76,802	44,50,000
Civil Buildings ...	22,47,181	68,154	23,15,275	3,10,199	26,25,474
Agricultural ...	6,94,364	69,436	7,63,800	4,40,675	12,04,475

Railway ...					12,19,000
Total ...					1,68,19,000

48. And the funds will be provided from the following sources:—

	Rs.	Rs.
Imperial Grant	86,00,000
" " for Railway...	...	12,19,000
Special land sales fund (passed provisionally)...	66,46,000	
Contributions from Harbour Board...	50,000	
Ditto from private sources for special works ...	3,05,000	
		70,00,000
		1,68,19,000

49. In addition the following outlay will be incurred by the Public Works Department by a grant-in-aid from Local Funds:—

	Rs.
Repairs Communications	5,80,000
Establishment	2,00,000
	7,80,000

50. In conclusion the Governor General in Council observes that the Government of Bombay has received an exceptionally large share of the total Public Works grant, which has only been possible by a corresponding decrease in the grants made to other Governments. It was due to the Government of India on this account that a very careful and well considered application of those funds should have been made, that strict economy should have been observed, and that a spirit of ready co-operation should have been shown in all the orders and wishes of the Governor General in Council. But it appears that many of the projects put forward, particularly those for churches, for the Military Offices at Poona, and for the Telegraph Offices at Kurrachee, are of a needlessly expensive nature. There are many instances of excesses over estimates, and of the construction of works without estimates. Many of the calls made by the Government of India for the submission of projects which require its sanction, and for explanations on various points, have not yet received attention. The Governor General in Council, therefore, finds it necessary to draw the attention of the Government of Bombay to these matters, and to express a hope that they

will be so attended to during the coming year that it may not be necessary to consider the question of revising the proportion of grants, and giving more to those Administrations which conduct the business of their Public Works Department with more attention to the wishes of the Supreme Government than has been apparent in the conduct of the Public Works Department of Bombay.

C. H. DICKENS, *Lieut. Col. R. A.,*
Secy. to Govt. of India, P. W. Dept.

FORT WILLIAM }
 The 3rd April 1865. }

BENGAL BUDGET ORDERS, 1865-66.

The grant for Public Works allotted* to the Government of Bengal for the year 1865-66, was Rs. 68,00,000, and the estimate has been framed for this sum, the proposed distribution being as follows:—

	Original Works.	Minor Works.	Repairs.	Total.
	Rs.	Rs.	Rs.	Rs.
Military - - - - -	1,50,000	1,25,000	3,75,000	6,50,000
Civil Buildings - - - - -	13,00,000	2,85,000	5,00,000	20,85,000
Agricultural - - - - -	4,60,000	30,000	2,60,000	7,50,000
Communications - - - - -	10,97,000	1,55,000	7,30,000	19,82,000
Miscellaneous Public Improvement - - - - -	5,000	10,000	15,000
Total - - - - -	30,07,000	6,00,000	18,75,000	54,82,000
Establishment - - - - -	-	-	-	12,50,000
Tools and Plant - - - - -	-	-	-	68,000
Total - - - - -	-	-	-	68,00,000

2. The proceedings of the Government of India, as per margin, will have informed the Government of Bengal that the grant for Military Works has been increased by 5 lakhs of Rupees, raising the amount to 11½ lakhs.

The distribution of this extra grant will be as follows:—

	Rs.
For Slaughter-houses, &c., &c., ...	20,000
„ Barracks for European troops, Barrackpoor and Sinchal. .	1,50,000
„ Native troops, North-Eastern Frontier ...	1,00,000
„ Ordnance buildings ...	1,80,000
„ Officers' quarters, Alipoor ...	50,000
Total ...	5,00,000

3. As regards the details of the Budget Estimate, the following remarks are called for:—

MILITARY.

4. Item 2. *Water-supply, Fort William.*—The computed expenditure to 30th April 1865 is entered as Rs. 50,000, but there is no authority for this expenditure beyond the estimate, amounting to Rs. 21,027, for excavating an additional tank.

The estimates, which were ordered to be prepared for the erection of an engine, &c., have not yet been received. The grant may stand with the distinct understanding that no expenditure is to be incurred except upon sanctioned estimates.

5. The amount set apart as “Reserve” is considerably in excess of 10 per cent. on the total allotment, but as the total grant on this account under the five heads of service is not exceeded, this is unobjectionable. The works recommended by the Annual Committees will, however, have to be provided from this sum.

CIVIL BUILDINGS.

6. Items 14 and 15.*—It is remarked that the

	Rs.	cost of these buildings is to be provided for by the
*14. Telegraph Office and residence for an Assistant at Burdwan ...	3,156	Telegraph Department. But as the amounts were trans-
15. Telegraph bungalow and out-offices at Sahibgunge. 2,000		ferred from the Budget Estimate of the Telegraph

Department of the previous year, no further provision will have been made in the estimates, of that Department for this year on account of these works; consequently the amount required for 1865-66 must be supplied from the Public Works grant for Civil Buildings for Bengal.

7. *Items 22 to 27. Churches.*—The amount of aid from Imperial Funds required for each of these buildings, is shown in the following table:—

DETAIL.	Total Amount of Estimate.	Amount of Imperial Grant.	Amount of Local Subscription.
	Rs.	Rs.	Rs.
22. For new Church at Cachar - - -	18,000	12,000	"
23. " " at Darjeeling - - -	16,000	16,000	...
24. " new Chapel at Jullapahar - - -	Disallowed.	8,218	7,508
25. " new Church at Purneah - - -	10,726	9,032	4,516
26. " " at Gya - - -	18	4,941	2,470
27. " " at Moteeharee - - -	7,411		

These estimates should be revised upon the principles laid down in a Resolution of the Government of India upon the subject of grants for churches which is about to be issued from this Office.

8. The Government of India having declined to sanction the construction of a Chapel at Jullapahar, *vide* Public Works No. 142 A, dated 16th February 1865, item 24 is struck out. A further proposal may be submitted for utilising the amount, Rs. 10,000.

9. *Items 41 to 45. Police Buildings.*—It does not appear that the authority of the Government of India has been obtained to the formation of the new sub-divisions here referred to. The grant may stand, subject to approval in the Home Department.

COMMUNICATIONS.

10. *Item 78. Constructing Tezpoor Road, 16½ miles.*—This work appears to be in progress without sanctioned estimate. The prompt re-submission of the estimate, which appears to have been returned to the Executive Engineer for revision, should be required.

REPAIRS.

11. There is a very large increase under this head, *viz.*, from Rs. 17,91,000 in 1864-65 to Rs. 21,50,000 in 1865-66. Of this sum, however, Rs. 18,75,000 only is chargeable to Imperial Funds, the difference Rs. 2,75,000 being chargeable to Local Funds. The charges entered in the schedule appear in many of them to be very high, but the increase appears mainly to have arisen in the divisions at the Presidency, and it is presumed is due to Cyclone damages. Under this view the grant may stand, but the detailed estimates should be very carefully considered, and the Government of India will be glad to receive at any time a proposal to transfer a portion of this grant to that for Original Works.

ESTABLISHMENT.

12. The charges appear to be all in accordance with sanctioned scale, except that for the Head Clerk of the Chief Engineer's Office, which is in excess of the rate allowed for this class of servants. The grant may stand subject to the final orders which may be passed in the Financial Department on the proposals lately sent up by the Government of Bengal for re-organizing the Public Works establishments.

13. The distribution of the grants to Bengal under the above orders, including the grant for State expenditure on Railways, on which separate orders have been passed, will be as follows:—

	ORIGINAL WORKS.			REPAIRS.	TOTAL.
	Major.	Minor.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military	6,50,000	1,25,000	7,75,000	3,75,000	11,50,000
Civil Buildings	13,00,000	2,85,000	15,85,000	5,00,000	20,85,000
Agricultural	4,80,000	30,000	4,90,000	2,60,000	7,50,000
Communications	10,97,000	1,55,000	12,52,000	7,30,000	19,82,000

FORT WILLIAM,
28th March 1865. }

C. H. DICKENS, Lieut. Col., R. A.,
Secy. to Govt. of India, P. W. Dept.

NORTH-WESTERN PROVINCES, PUBLIC WORKS BUDGET ORDERS, 1865-66.

The total grant assigned to the North-Western Provinces, in Public Works Department Circular No. 2 of 1865, was 80½ lakhs, viz.—

for Military Works	... 26 lakhs, fixed grant.
Civil Buildings	... 10 „
Public Improvements,	81 „ } approximate.
Establishments	... 18½ „
80½ lakhs.	

2. The Budget Estimate, as submitted, provides for the following services :—

				ORIGINAL WORKS.			Repairs.	Total.
				Major.	Minor.	Total.		
				Rs.	Rs.	Rs.	Rs.	Rs.
Military	18,97,804	2,10,811	21,08,115	4,91,885	26,00,000
Civil	6,88,242	1,66,809	8,54,841	1,53,854	10,08,695
Agricultural	2,99,715	1,54,940	4,54,655	4,44,000	8,98,655
Communications	7,51,615	2,70,150	10,21,765	7,03,135	17,26,900
Total				36,36,876	8,02,500	44,39,376	17,94,874	62,34,250
							Establishments	14,02,952
							Tools and Plant	56,515
							Railway	2,71,283
								80,25,000

3. The points that call for remark will now be noticed.

MILITARY.

4. *Item No. 39. Altering existing barracks at Nowgong, Rs. 75,030.*—Of this sum, Rs. 60,000 are transferred to the allotment for construction of new barracks at Nowgong, as proposed in the letter from the Secretary to Government North-Western Provinces, No. 1272, dated 7th March 1865.

CIVIL BUILDINGS.

5. *Items Nos. 61 to 77. District Police Stations, Rs. 87,506.*—These are allowed, subject to sanction of the Government of India in the Home Department.

AGRICULTURAL.

6. The allotment for works of this class, and more especially for the remodelling of the Ganges Canal, is so very small as to require to be supplemented from other allotments. The following transfers are therefore made :—

From Communications—	Rs.
<i>Item No. 108. Road from Chutterpoor to Dessan River,</i>	30,000
<i>Item No. 109. Road from Chutterpoor to Jubbulpoor Railway</i>	30,000
	60,000
Grants reduced to	10,000
	Rs.
Transferred	50,000
Transferred from Establishments	25,000
Transferred from Railway—	
State expenditure on guaranteed enterprise erroneously included in the Budget Estimate against the grant for Public Works	1,38,883
	2,08,883

7. The Government North-Western Provinces is requested to propose specific appropriations for this amount, on the understanding that the chief portion is to be allotted to works connected with the Ganges Canal. On good cause being shown, however, and provided funds are available, the Government of India will be prepared to consider any proposals for a modification of these orders that the Government of the North-Western Provinces may desire to submit.

8. Attention has been drawn to the very large sum set down for Minor Works, Communications. The Governor General in Council is unable to understand why Minor Works of this class should need such a provision, and trusts that a considerable portion of the grant may be made available for Major Works and especially for the Ganges Canal.

REPAIRS.

9. The Schedule A for repairs has been drawn up in the correct form, but it was not intended to require so much detail as to fill 16 pages devoted to the details for repairs of Civil Buildings, amounting to Rs. 1,53,854; nearly a page of details is given for items aggregating Rs. 461, when one entry would have been sufficient.

ESTABLISHMENTS.

10. The Governor General in Council is unable to sanction the very high estimate for Establishments, and a sum of Rs. 25,000 is transferred from this head to that of Original Works (Agricultural). The anticipated increase of Rs. 46,000, owing to the intended transfer of Accountants to the offices of Executive Engineers, appears excessive, as is also the estimated cost of the Controller's Office under the reduction of work that is about to take place.

TOOLS AND PLANT.

11. The machinery and tools ordered from England for the Roorkee Workshops at an estimated

cost of four lakhs may be provided from the reserve; as proposed in para. 4 of the letter from the Secretary to Government North-Western Provinces, No. 663, dated 9th February 1865; but it may be remarked that the Public Works Department Circular No. 83 of 1863 did not direct that Tools and Plant for the Roorkee Workshops should be provided from the Budget Grant. The renewal or addition to the block of those workshops should be met as a rule out of the profits of the shops, and only such portion as cannot be paid for from this source need be a charge against the grant of the year.

RAILWAY.

12. The entire expenditure estimated under this head is shown as against the grant for Public Works, although it was specifically stated in the concluding para. of Circular No. 2 of 1865 that the State expenditure on *guaranteed* Railways would be allowed as additional to the ordinary Public Works grant. The provision made on this account, amounting to Rs. 1,33,883, is therefore available, and has been transferred to the allotment for Agricultural Works.

13. Separate orders have been passed, in connection with the Railway Budget Estimate of the North-Western Provinces, respecting the sums admissible for control and for the purchase of land. The following deductions have been made from the first item:—

Military Pay of Consulting Engineer, North-Western Provinces, being chargeable to Military Estimates ...	Rs.	1,680
Staff salary and contingent expenses of Consulting Engineer, Oudh and Rohilkund, the appointment having been abolished ...	Rs.	5,400
Total ...	Rs.	7,080

and the sums allowed are—

For control	Rs.	42,103
For land	Rs.	84,700
Total ..	Rs.	1,26,803

14. The following will be the distribution of the grant as now arranged:—

	ORIGINAL WORKS.			REPAIRS.	TOTAL.
	Major.	Minor.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military	18,97,304	2,10,811	21,08,115	4,91,885	26,00,000
Civil Buildings	6,88,242	1,66,599	8,54,841	1,58,854	10,08,695
Agricultural	5,08,598	1,54,940	6,63,538	4,44,000	11,07,538
Communications	7,01,615	2,70,150	9,71,765	7,05,135	16,76,900

Establishment					14,37,952
Tools and Plant					56,515
Branch Railways					1,37,400
				Total ...	80,25,000
State expenditure on guaranteed enterprise ...					1,26,803
				Total ...	81,51,803

FORT WILLIAM,
The 10th April 1865.

C. H. DICKENS, *Lieut. Col., R. A.,*
Secy. to Govt. of India, P. W. Dept.

PUNJAB BUDGET ORDERS, 1865-66.

The grant made to Punjab is 60 lakhs, and the distribution of this sum proposed by the Local Government is as follows:—

	MAJOR WORKS.	MINOR WORKS.	REPAIRS.	TOTAL.
	Rs.	Rs.	Rs.	Rs.
Military	16,85,659	2,00,095	3,14,246	22,00,000
Civil Buildings	3,55,285	45,000	91,822	4,92,057
Agricultural	3,03,167	60,000	3,16,550	6,81,717
Communications	4,78,412	80,601	6,51,878	12,10,891
Miscellaneous Public Improvements	65,000	10,000	15,780	90,780
Total	28,80,473	3,95,696	13,90,276	46,75,445
Establishment				12,24,700
Tools and Plant				90,765
			Total	60,00,000

MILITARY.

2. The proposed grant for Military Works is the sum already fixed by the Government of India in Circular No. 2 of 1865, and the proposed distribution of the year's assignment is approved.

AGRICULTURAL.

3. Item No. 75. *New line of Canal between Indree and Boodha Keera, Rs. 86,000.*—This item is allowed to stand, subject to the orders which may be passed on the revised estimate, which should be submitted as quickly as possible.

4. Item No. 78. *Escape channel from Reh Regulator to the Jumna, Rs. 45,000.*—The estimate for this work has not been approved, vide Public Works No. 266 C, dated 4th March 1865. A proposal should be submitted for utilising otherwise the amount thus rendered disposable.

COMMUNICATIONS.

5. Item No. 89. *Hindoostan and Thibet Road, Rs. 50,000.*—The Government of India is not satisfied that this road should be proceeded with at all. The amount proposed to be spent on it might, with much advantage, be applied to the construction of a proper road between Saharunpoor and Umballah, a work which is important in connection with the probable completion of the railway to the former station at no distant date. The attention of the Punjab Government was called to this subject in letter No. 128 C, dated 6th February 1865.

MISCELLANEOUS PUBLIC IMPROVEMENT.

6. Item No. 99. *Constructing a bund and widening channel of Dourana Longana Canal for protecting Mooltan and its neighbourhood from inundation, Rs. 28,000.*—This work appears to be in progress without estimate, regarding which an explanation should be submitted. Further, both this and the following work, "Shajamal Bund, Rs. 12,000," should apparently have been more properly classed under "Agricultural."

REPAIRS.

7. The Governor General in Council regrets to observe the large increase in the repair estimates generally, the total increase being from Rs. 11,81,579 in 1864-65 to Rs. 18,90,276.

8. With reference to the orders of the Government of India marginally noted, granting an average allowance of Rs. 150 to Rs. 200 per mensem for the repair of cantonment roads at each station in the Punjab, the following items, being largely in excess of this allowance, are remarked on as being apparently excessive, and the Government of India would be glad to hear that it has been possible to reduce these estimates without running the risk of thereby incurring heavier expense hereafter, and to make a larger sum available for Original Military Works.

Annual repairs to Cantonment metalled roads, Umballah, at Rs. 1,500 per mile, Rs. 22,000
Repairs to Cantonment roads, Jullundur „ 10,000
Annual repairs to Cantonment roads, Ferozepoor, at Rs. 1,500 per mile „ 15,000

Total Rs. 47,000

ESTABLISHMENT.

9. The charges under this head provide for Accountants for Executive Engineers' Offices, and are passed subject to orders to be issued on the revised proposal regarding Establishments, which it is understood will shortly be submitted.

10. If the invoices for any of the stores detailed in Appendix D have been received, as would appear to be the case from the remarks which show that part of the stores have come to hand, the amounts of these invoices should obviously be charged to the Budget Estimate of the year 1864-65, as directed in Public Works Circular No. 14 G. G. of 1863, and the amounts provided in this Estimate would become available for appropriation on some other head of service. Explanation is requested on this point.

11. Under the foregoing orders, the Budget Estimate of 1865-66, including the portion for State expenditure on Railways, on which orders have been passed separately, will stand as follows:—

	ORIGINAL WORKS.			REPAIRS.	TOTAL.
	Major.	Minor.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military	16,85,659	2,00,095	18,85,754	3,14,246	22,00,000
Civil Buildings	3,55,235	45,000	4,00,235	91,822	4,92,057

FORT WILLIAM,
Dated 3rd April 1865 . }

C. H. DICKENS, Lieut. Col., R. A.,
Secy. to Govt. of India, P. W. Dept.

ODDH BUDGET ORDERS, 1865-66.

The total allotment on account of the Province of Oudh for 1865-66 was 19½ lakhs distributed as follows:—

Military - - -	4½ lakhs.
Civil Buildings - -	3 "
Public Improvements -	9 "
Establishments - -	3 "
	19½ lakhs.

2. The Chief Commissioner represents that in consequence of the almost total cessation of Military Works during the past two years, pending the preparation of standard plans, the requirements for works of this class are considerable and urgent, and that there are also urgent calls for Jails and other new buildings for the Civil Administration; whilst, on the other hand, there is no necessity at present for a very large outlay on works of Public Improvement, which have already received attention from Imperial and Local means. It is proposed, therefore, to curtail the grant for this head of Service, and to increase those for Military and Civil Works, as follows:—

Military - - -	6½ lakhs.
Civil Buildings - -	3½ "
Public Improvements -	6½ "
Establishments - -	2½ "
Tool and Plants - -	½ "
	19½ lakhs.

The estimate is accepted on this basis, subject to the following remarks:—

ORIGINAL WORKS.—CIVIL.

3. Nos. 44 to 51. *Tehseel and Village Schools*.—Amounting in the aggregate to Rs. 24,000, of which Rs. 8,000 will be met from Local Funds. The amount is allowed subject to sanction of the general scheme involving these proposals by the Government of India, in the Home Department.

REPAIRS.

COMMUNICATIONS.

Repairs of Roads and Bridges in the city of Lucknow - - -	Rs. 5,000
Repairs to the Stone Bridge - - -	200
" to the Iron Bridge - - -	100
	*5,200

4. These repairs should be made from Local Funds. The amount assigned for them may be appropriated to other Imperial objects; the total grant for repairs may stand.

ESTABLISHMENTS.

5. The charge for establishments is estimated at Rs. 2,81,166, being 14.42 per cent. on the total grant. This is allowed, pending the final orders of the Government of India, in the Financial Department, as to the scale of Establishments for the Province. Certain reductions in the scale submitted by the Chief Commissioner have been proposed by the Government of India in this Department, and in the event of their being carried out, a small sum will become available, for the re-appropriation of which definite proposals can hereafter be made.

* So in original.

INDIAN BRANCH RAILWAY.

6. The estimate for land for the Indian Branch Railway in Oudh provides for a double line with an average width of 165 feet sufficient for an embankment of five feet in height throughout. The estimate may be allowed to stand, but it is to be understood that the land for a double line will only be given on the Company engaging to make a double line, as already intimated in the orders from this Department, No. 208 R, dated 9th March 1865.

7. The following will be the distribution of services as now arranged :—

	ORIGINAL WORKS.			REPAIRS.	TOTAL.
	Major.	Minor.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military	4,68,700	1,00,000	5,68,700	91,480	6,60,180
Civil Buildings	2,60,000	70,000	3,30,000	29,326	3,59,326
Agricultural					
Communications	3,74,685	24,000	3,98,685	1,52,449	5,51,134
Miscellaneous Public Improvements	5,000	1,000	6,000	6,000
Total... ..	11,08,385	1,95,000	13,03,385	2,78,255	15,76,640
Establishments					2,81,166
Tools and Plant					18,000
Indian Branch Railway in Oudh					74,194
GRAND TOTAL					19,50,000

FORT WILLIAM,
The 81st March 1865. }

C. H. DICKENS, *Lieut. Col., R. A.,*
Secy. to Govt. of India, P. W. Dept.

CENTRAL PROVINCES BUDGET ORDERS,
1865-66.

This Budget Estimate has been submitted more than a month after it was due, and of the whole of the Public Works estimates for 1865-66 is the one last received. It is stated that the delay arose in part from the late period at which the alteration of the assignment of funds for Military works was received, but this will not account for the whole of the great delay which has occurred. The Governor General in Council hopes that, for the future, measures will be taken to transmit this document by the date prescribed, as want of punctuality in this respect is productive of much inconvenience.

2. The Public Works grant assigned to the Central Provinces for 1865-66 was Rs. 30,00,000. The estimate, excluding Local Funds outlay and the grant for State expenditure on Railways, has been framed for this sum,

3. On the projects brought forward for execution during the year, the following remarks are made :—

ORIGINAL WORKS.

MILITARY.

4. Item No. 1. *Military Building at Saugor; no estimate; grant for 1865-66, Rs. 2,00,000.*—Sanctioned, subject to such orders as may be passed, in communication with the Military Department, on the proposals brought forward for these works in the Chief Commissioner's Minute, dated 17th December 1864.

5. Items Nos. 7. and 17. *Regimental Workshops at Jubbulpore and Kamptee; aggregate grant for 1865-66, Rs. 11,000.*—As it is not probable that standard plans for workshops will be sanctioned during the year, the proposed assignment is disallowed. The amount thus made available may be applied to the augmentation of the grant for Minor Works, Military, which will thus be increased from Rs. 62,174 to Rs. 73,174.

6. *Items No. 11. Ward for Contagious Diseases and Insane Patients, Artillery, Kamptee; grant for 1865-66, Rs. 8,000.*—Disallowed in the absence of detailed explanation, the work not being a standard requirement for troops. The assignment may however stand, proposals being submitted for its re-appropriation to other sanctioned Military works.

7. *Item No. 19. Hospital for Native Infantry Kamptee; grant for 1865-66, Rs. 7,900.*—Passed. The construction of the work should, however, be deferred until receipt of revised standard plan for Hospitals now under consideration.

8. *Item No. 22. Permanent Quarters for 12 Families of Asseergurh; grant for 1865-66, Rs. 30,174.*

Item No. 23. Canteen, Library, &c., at Asseergurh; grant for 1865-66, Rs. 9,481.

Item No. 24. Fives Court, Asseergurh, Rs. 5,490.—The revised estimates for these works should be submitted to the Government of India for sanction, meanwhile the allotments proposed may stand.

CIVIL BUILDINGS.

9. *Item Nos. 4 to 43. Small churches at Hoshungabad, Seonee, Khundwa, and Bhundara; grant for 1865-66, Rs. 18,000.*—Information is requested as to the number of persons to be accommodated in these churches, as on this will depend the amount of the grant to be assigned. Meanwhile the allotments proposed may stand.

COMMUNICATIONS.

10. *Item No. 78. Anicut and Canal on the Godavery, 1st Barrier; grant for 1865-66, Rs. 2,50,000.*

Item No. 79. Anicut and Locks on the Godavery, 2nd Barrier; grant for 1865-66, Rs. 1,35,000.—The Chief Commissioner represents that the grant available for this great project is inadequate to ensure reasonable progress, if it be distributed over the whole works; and unless it could be possible to assign an additional Budget allotment for this work, Mr. Temple proposes to give up, for the present, the prosecution of the works at the second Barrier, expending all the available funds on the first. As an extra grant cannot be given, the Governor General in Council is pleased

to approve of the Chief Commissioner's proposals, which increases the grant for the first Barrier to Rs. 3,85,000, leaving nothing for the second, the works on which will, therefore, for the present, be suspended.

REPAIRS.

11. The grant under this head is Rs. 2,48,800, that for the previous year having been Rs. 2,71,450, so that there is an apparent saving; but it is understood that the latter grant was found to be very much in excess of the actual requirements, so that it may be hoped a saving will also be possible in 1865-66, and the Governor General in Council will be glad to receive a proposal for transferring a portion of the grant now passed to original works.

ESTABLISHMENTS.

12. The Governor General in Council notices with satisfaction that the grant brought forward for this head of service has been reduced from Rs. 6,22,564 in 1864-65 to Rs. 5,50,000 in 1865-66, there being a diminution of Rs. 60,000 alone in the assignment for the Godavery establishments. A report has been promised, giving the details of this reduction, which will be looked for. It may be hoped that, under the arrangements prescribed in the foregoing para., for suspending work in the 2nd Barrier Division, a still further reduction will be found practicable.

TOOLS AND PLANT.

13. The assignment proposed under this heading for Office furniture and Camp equipage appears to be large. The estimates for these items of outlay should undergo careful scrutiny, so as to ensure that the expenditure on this head may be kept down as much as possible.

RAILWAY.

14. Separate orders will be passed on the grant for this head of service, but it may be remarked that no details have been furnished regarding the items making up the sum of Rs. 30,000 required for land in the Jubbulpore District. Strict attention should, for the future, be paid to the provisions of Public Works Department Circular No. 70 of 1864 on this point.

15. The distribution of the grant assigned to the Central Provinces, including the State expenditure on Railways, will be as follows:—

	ORIGINAL WORKS.			REPAIRS.	GRAND TOTAL.
	Major works.	Minor works.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military	5,41,826	73,174	6,15,000	85,000	7,00,000
Civil Buildings	4,50,000	30,000	4,80,000	23,000	5,03,000
Communications	9,67,000	48,000	10,15,000	1,30,000	11,45,000
Miscellaneous Public Improvement	10,000	10,000
Total	19,58,826	1,51,174	21,10,000	2,48,000	23,58,000
Establishments	-	-	-	-	5,45,800
Tools and Plant	-	-	-	-	96,200
Railway	-	-	-	-	30,00,000
					1,20,300
Total	-	-	-	-	31,20,300

16. In addition, the following outlay will be incurred by the Public Works Department by a grant-in-aid from Local Funds :—

	Rs.
Repairs maintaining avenues of trees ...	10,000
Establishment	4,200
	<hr/> 14,200

17. The Budget Estimate has not been quite correctly framed, as the expenditure from other than imperial funds, amounting to Rs. 14,200, has been shown in the upper part of page 1 on the different heads of service; a reference to the pattern forms supplied would have shown that only the net imperial funds should have been entered there.

18. Further, the transmitting letter of the Budget Estimate has been bound up with the Budget Estimate itself, instead of being kept quite separate, as was particularly enjoined in the con-

cluding para. of Public Works Department Circular No. 70 of 1864.

C. H. DICKENS, *Lieut. Col., B. A.,*
Secy. to Govt. of India, P. W. Dept.

FORT WILLIAM, }
11th April 1865. }

BRITISH BURMAH BUDGET ORDERS, 1865-66.

The estimate includes provision for the extensive works in progress at the convict settlement at Port Blair in the Andamans, now under the control of the Chief Commissioner of British Burmah, but which works have, heretofore, been dealt with in a separate estimate. It also includes the Light-house works in the eastern part of the Bay of Bengal, which are provided for in this way as a matter of administrative convenience, although the works are conducted directly under the orders of the Government of India.

2. The Public Works grant to British Burmah for 1865-66, was 25½ lakhs, the estimate submitted amounts to 27½ lakhs thus distributed :—

	Original Works.	Minor Works.	Repairs.	Total.
	Rs.	Rs.	Rs.	Rs.
Military - - - - -	5,86,000	74,000	80,000	7,40,000
Civil Buildings - - - - -	7,18,000	82,000	45,000	8,45,000
Agricultural - - - - -	30,000	10,000	12,000	52,000
Communications - - - - -	2,70,000	30,000	82,600	3,82,600
Miscellaneous Public Improvement - - - - -	2,86,000	14,000	6,400	3,05,400
Total - - - - -	18,90,000	2,10,000	2,25,000	23,25,000
Establishment - - - - -	-	-	-	4,00,000
Tools and Plant - - - - -	-	-	-	25,000
Total - - - - -				27,50,000

3. This exceeds the grant by Rs. 1,75,000, but it is explained that the estimate was nearly prepared, and a great portion of it set up in type before the orders fixing the grant for the year had been received. A reduction to the extent of the excess will have to be made, as indicated below.

MILITARY.

4. Items 3 and 4.—Brick drains for the European Infantry and Artillery at Rangoon, Rs. 25,000 + 8,000 = Rs. 33,000.—Struck out. It is doubtful whether these are necessary works; at all events they would seem not to be of an urgent character, and may stand over for the present.

5. Item 17. Quarters for Sick Officers, with out-offices at Mount Harriet, Port Blair, Rs. 8,000.—Struck out. The work does not appear to be absolutely necessary; and it has to be observed that the Local Administration is not authorized to sanction works which are not on the authorized scale of Military Works, even although they be within the limit of sanction.

CIVIL BUILDINGS.

6. Item 24. General Block of Public Offices at Akyab, Rs. 3,000.—This is allowed to stand,

subject to orders on the revised estimate, which should be submitted with as little further delay as possible; upwards of 8 months have elapsed since the original estimate for this work was returned for revision.

7. Items 28 to 33*.—The Governor General

	Rs.	
28. Charitable Dispensary and Civil Hospital with Quarters for Sub-Assistant Surgeon, and separate Lock Hospital for females at Thapetmyo ...	6,000	in Council quite agrees with the Chief Commissioner that the object of these buildings is good, but is of opinion that the expense of constructing them should more properly be met from local funds. The amounts may however stand, subject to further explanation on this point.
29. Charitable Dispensary and Civil Hospital with Quarters for Sub-Assistant Surgeon, and separate Lock Hospital for females at Promo ...	8,000	
30. Charitable Dispensary and Civil Hospital with Quarters for Sub-Assistant Surgeon, and separate Lock Hospital for females at Myingung ...	4,000	
31. Charitable Dispensary and Civil Hospital with Quarters for Sub-Assistant Surgeon, and separate Lock Hospital for females at Henzah ...	4,000	
32. Additions and improvements to the Civil and Charitable Dispensary at Mergui ...	2,000	
33. New Civil Hospital and Charitable Dispensary with Quarters for an Apothecary and out-offices at Tavay ...	8,000	
	<hr/> 32,000	

8. Item 41. *School-room with quarters and out-offices for a Master at Ross Island, Port Blair, Rs. 7,000.*—Disallowed, pending approval of the project by the Government of India, in the Home Department.

9. Item 45. *Permanent Court House at Prome, Rs. 11,000.*—Struck out till more urgent works are provided for.

10. Items 59 to 62.*—These are reduced, the first by Rs. 10,000, and the last 3 by Rs. 14,000 each, making a total reduction in the four items of Rs. 52,000, when they will stand as follows:—

	Rs.
59. Jail at Bassein ...	20,000
60. „ at Rangoon ...	36,000
61. „ at Thayetmyo ...	26,000
62. „ at Tounghoo ...	26,000

The Chief Commissioner may hereafter be able to increase these grants from savings on other items.

AGRICULTURAL.

11. The projects Nos. 65 to 67 under this head are apparently such as should be submitted to the Government of India for sanction under Budget Rule LVII, as they seem to be parts of a project which, as a whole, is beyond the limit of sanction of the Local Administration.

Original No. 62 of 1864.

MISCELLANEOUS PUBLIC IMPROVEMENT.

12. Item 123.—*Lighthouse, dwelling-house, and out-offices, Table Island, Rs. 50,693.*—This is reduced by Rs. 691, allowed Rs. 50,002.

13. Item 126.—*Lighthouse on wrought-iron screw piles, Oyster Reef, Rs. 39,309.*—Struck out. The question of this Lighthouse is quite in a preliminary stage, and it is uncertain at present whether the work will be sanctioned. Item 124, Lighthouse at mouth of Rangoon River, Estimate Rs. 30,000, and item 125, Lighthouse on Baragua Flat, may stand, subject to orders on the estimates when received.

REPAIR ESTIMATES.

14. The charges for repairs of cantonment roads are much higher than are allowed in any station in India. These items should, therefore, be reduced, and a proposal submitted for a regular monthly allowance to be fixed with reference to the size of each station, but, in any case, the amount should not exceed Rs. 200 per mensem, that being the maximum allowance for even the largest stations in India.

The total grant for repairs may stand.

ESTABLISHMENT.

15. The proposed Imperial charges under this head amount to 4 lakhs, which is reduced to 3½ lakhs as follows:—

	Rs.
Transferred to Local Funds —	14,000
Probable reduction as per para. 39 of letter accompanying the Budget	11,000
Total reduction	25,000

16. The Governor General in Council is quite prepared to aid the Local Fund Works, by permitting the employment of Public Works Establishments on them without a full charge being made in proportion. But the proposed debit to Local Funds for imperial establishments, viz., Rs. 12,402, seems too small, being less than one per cent. on the local expenditure to be disbursed by Public Works Officers. It has, therefore, been increased by a reduction of the imperial allotment as above to Rs. 26,402, which is still less than 5 per cent. on the total estimated expenditure from local funds.

17. It is observed that, in the estimate for establishments, some increases have been proposed on the numbers in 1864-65, viz., Engineer Establishment from 17 to 21; Upper Subordinates, 27 to 30; Lower Subordinates, 37 to 44; Office, 62 to 69; Clerks of Controller's Office, 9 to 10. It is, of course, understood that the sanction to the total grant of the year conveys no authority to any specific increase of sanctioned numbers, any that any proposals on this head must be separately brought forward for sanction, before any increased expenditure is incurred.

18. Abstract of reductions—

	MILITARY.	Rs.	Rs.
Item 3	- - -	25,000	
„ 4	- - -	8,000	
„ 17	- - -	8,000	
		41,000	
Deduct transfer to minor works, Military	-	1,000	40,000

CIVIL BUILDINGS.

	Rs.
Item 41	7,000
„ 45	11,000
Items 59 to 62	52,000
	70,000

	Rs.
Item 123	691
„ 126	39,309
Establishment	40,000
	25,000
Total	1,75,000

19. The total grant for the year, modified as above, will stand as follows :—

	ORIGINAL WORKS.			REPAIRS.	TOTAL.
	Major.	Minor.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military ...	5,45,000	75,000	6,20,000	80,000	7,00,000
Civil Buildings ...	6,48,000	82,000	7,30,000	45,000	7,75,000
Agricultural ...	30,000	10,000	40,000	12,000	52,000
Communications ...	2,70,000	30,000	3,00,000	82,600	3,82,600
Miscellaneous Public Improvement ...	2,46,000	14,000	2,60,000	5,400	2,65,400
	17,39,000	2,11,000	19,50,000	2,25,000	21,75,000
Establishment	3,75,000
Tools and Plant	25,000
					25,75,000
Local Funds to be disbursed by Public Works Officers.		

	ORIGINAL WORKS.	REPAIRS.	TOTAL.
	Rs.	Rs.	Rs.
Communications ...	60,000	5,000	65,000
Miscellaneous Public Improvement ...	4,02,598	70,000	4,72,598
	4,62,598	75,000	5,37,598
Establishment	26,402
			5,64,000
Grand Total	31,39,000

20. The Governor General in Council observes with satisfaction that a considerable sum (4 lakhs) is to be devoted from Local Funds to important works, many of them calculated to confer a permanent benefit on the country.

FORT WILLIAM, }
The 29th March 1865.

C. H. DICKENS, *Lieut. Col., B. A.,*
Secy. to Govt. of India, P. W. Dept.

HYDERABAD BUDGET ORDERS, 1865-66.

The total allotment for 1865-66 made by Public Works Circular No. 2 of 1865 was 12½ lakhs, of which 6 lakhs was specifically appropriated to Military works.

2. The estimate, as now submitted, was framed before receipt of the above information regarding the allotment of the year. In order to bring up the Military part of the grant to six lakhs, the Resident has subsequently proposed to add—

By transfer of item No. 35 on account of the Roman Catholic Church at Trimulgherry, which, although classed under Civil buildings, is fairly a Military charge ... Rs. 6,800

From item No. 44 on account of the road from Omraotee to Ellichpoor, to Item No. 19, Military Works, new Barracks at Trimulgherry ... 30,000
Tools and Plant ... 2,500
Making the total grant ... 5,99,921

3. The proposal in respect of the first two items is approved, but as regards the item of Tools and Plant, if it be meant by such diversion that a part of the grant for Tools and Plant is to be charged under head Military Works, this is, of course, a mistake. Tools and Plant is a separate head of service. However, the Governor General in Council decides that the grant for Communications shall be reduced by Rs. 2,500, and the amount added to the grant of Minor Works, Military, with a further sum of Rs. 79 required to make up the aggregate allotment of six lakhs.

CIVIL BUILDINGS.

4. The provision for works of this class amounts to Rs. 1,53,292, inclusive of the sum of Rs. 6,800

on account of the Church at Trimulgherry, which has been added to the allotment for Military Works. The item, however, will still be shown under Civil Buildings according to the usual Budget classification.

COMMUNICATIONS.

5. It is explained in the Resident's forwarding letter that the expenditure on this head, required to bring up the total grant to Hyderabad to 12½ lakhs, will involve an outlay on works in the Assigned Districts which will exceed the surplus revenues of those districts to the extent of Rs. 81,000. Inasmuch as the expenditure on those districts is regulated by the surplus revenue, it becomes necessary to curtail the allotment for communications which are principally chargeable to the revenues of the Assigned Districts, and the following items have been selected for reduction:—

No. 44. Road from Omraotee to Ellich- Rs.
poor; grant reduced from
1 lakh to Rs. 60,000 ... 40,000

„ 46. Road from Akola to Mallagoan;
grant reduced from Rs.
51,820 to Rs. 31,820 ... 20,000
„ 47. Road from Nandoora to Kham-
gaon; grant reduced from
Rs. 63,906 to Rs. 42,906 ... 21,000

Add—

Transfer from item No. 44 to Military
Works, further reducing the
grant from Rs. 60,000 to
Rs. 30,000 ... 30,000
Transfer from Minor Works to Minor
Works, Military ... 2,579
1,18,579

By these reductions the grant for
Communications will be-
come ... 2,55,580

6. The following will be the distribution of services as now arranged:—

	ORIGINAL WORKS.			REPAIRS.	GRAND TOTAL.
	Major.	Minor.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military ...	4,73,167	64,233	5,37,400	55,800	5,93,200
Civil ...	1,30,356	18,136	1,48,492	4,800	1,53,292
Communications ...	1,95,999	40,131	2,36,130	19,400	2,55,530
	<u>7,99,522</u>	<u>1,22,500</u>	<u>9,22,022</u>	<u>80,000</u>	<u>10,02,022</u>
Establishments ...					1,33,596
Tools and Plant ...					8,382
Grand Total					<u>11,44,000</u>

The difference between the above amount and the Budget allotment of 12½ lakhs is the sum of Rs. 81,000 struck out on account of works for the provision of which the revenues of the Assigned Districts during the ensuing year are stated to be inadequate.

FORT WILLIAM,
The 31st March 1865. }

C. H. DICKENS, *Lieut. Col., R. A.,*
Secy. to Govt. of India, P. W. Dept.

STRAITS SETTLEMENTS BUDGET ORDERS, 1865-66.

It is explained that this estimate had been framed for 4 lakhs, the amount of last year's allotment, and had been already printed before the receipt of the orders contained in Public Works Circular No. 2 of 1865, fixing the grant of the year at 8½ lakhs. The Local Government proposes certain reductions of items entered in the estimate to the extent of Rs. 50,070, in order to bring the estimate down to the grant. But the allotment for minor works has been taken at Rs. 64,150, or Rs. 29,160 in excess of the proportion of the original allotment, 10 per cent. of which is expressly fixed as the limit of expenditure on this head.

2. A reduction will therefore be first made of Rs. 29,150 under this head, bringing the amount down to Rs. 35,000, or 10 per cent. on the revised grant, and this will leave Rs. 20,840 to be taken from other items, which will be thus obtained:—

Rs.
Item 3, quarters for Artillery Officers, Fort
Cornwallis will be struck out ... 15,000
Item 22, Pry Bridge, the grant will be reduc-
ed from Rs. 11,370 to Rs. 5,520, being a
reduction of ... 5,850
Total .. 20,850

8. Reference is made to the want of an appropriation for the new Guard-room and Orderly-room to Fort Canning at Singapore, a work which has been ordered by the Government of India, but for which no place has been found in the Budget Estimate for want of means. The propriety of making a grant for this work will be considered when the detailed estimate comes up for approval to the Government of India.

4. With these remarks the appropriations for Original Works are passed.

5. The estimated for Repairs, Rs. 66,240, shows an advance of Rs. 8,180 beyond that of the previous year, which is explained to be due to the triennial repairs to the Tanglin Barracks.

6. The charge estimated for Establishments shows a small decrease on that of the previous year, but is nearly 22 per cent. on the total assignment. Under the explanation afforded by the Local Government, the charge is passed. It is observed, however, that the salaries of the clerks are entered on a graduated scale, but no such scale has been sanctioned for the Straits Settlements,

and the object of entering it is not therefore apprehended. It will of course be understood that the entry and passing of such a charge in the Budget Estimate conveys no sort of authority for carrying out any re-organization or alteration of the pay of Establishments.

7. It is also observed that the pay of the Head Accountant is set down at Rs. 300, but the Head Accountant has been transferred lately to another province, and his successor on first appointment will be only entitled to the lowest rate of pay of his grade, Rs. 250, and it is not apparent therefore why the higher amount has been estimated for. Explanation is requested on this point.

8. The estimate has not been quite correctly framed, as the expenditure from other than imperial funds, amounting to Rs. 25,000, has been shown in page 1 on the different heads of service; a reference to the pattern forms supplied would have shown that only the net imperial funds should have been entered there.

9. The grants as now passed, and re-distributing the grant for Minor Works to meet the reductions made in it, will be as follows:—

	ORIGINAL WORKS.			REPAIRS.	GRAND TOTAL.
	Major.	Minor.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military	28,100	20,900	49,000	25,100	74,100
Civil Buildings	68,690	6,310	75,000	18,490	93,490
Agricultural	12,800	2,200	15,000	3,500	18,500
Communications	25,280	3,090	28,370	15,500	43,870
Miscellaneous Public Improvement	35,000	2,500	37,500	3,650	41,150
	1,69,870	35,000	2,04,870	66,240	2,71,110
Establishments					75,690
Tools and Plant					8,200
Total					3,50,000

FORT WILLIAM,
The 23rd March 1865.

C. H. DICKENS, *Lieut. Col., B. A.,*
Secy. to Govt. of India, P. W. Dept.

RAJPOOTANA BUDGET ORDERS, 1865-66.

This Budget Estimate has been submitted more than a month after date, and then only in manuscript. As any irregularity or delay in the submission of this Return is productive of much inconvenience, the Governor General in Council hopes that the Agent, Governor General, will be very particular in future that the strict rules on this head are carefully observed.

2. The Public Works grant assigned to Rajpootana and Central India for 1865-66 was Rs. 13,25,000. This sum, in the absence of instructions as to the apportionment of the grant, has been divided equally between the two Agencies, and the present Budget Estimate has been framed on this basis.

3. For the 6½ lakhs allotted for Military Works, 3½ lakhs should have been appropriated for this purpose in the Rajpootana Budget Estimate, but through some misconception, Rs. 54,471 of this allotment has been diverted to Establishment and Tools and Plant, as per margin, although it was specifically stated in para. 20 of the Circular that this allotment was available for Military Works only. The proposed appropriation of this sum cannot be agreed to, and a proposal should be submitted for applying it according to the intention of the previous order, i. e., on Military Works; or if the sum be not required, it can be withdrawn and made available for Military Works elsewhere.

4. The Governor General in Council fully concurs with the Agent on his remarks as to the importance of completing a proper system of roads in Ajmere, and generally of the proposed works in the Rajpootana Agency. But having regard to the fact that extensive works are already in progress in Central India which can only be stopped at a great loss and inconvenience, and as, moreover, the backward state of the estimates for new works under the Rajpootana Agency renders it somewhat unlikely that the whole grant can be spent this year, His Excellency in Council is pleased to transfer one lakh from the Budget Grant for Rajpootana to that of Central India.

ORIGINAL WORKS.

MILITARY.

5. *Item No. 1. Deepening and improving a Tank on the left flank of the Cantonments, Nusseerabad; grant for 1865-66, Rs. 6,533.*—Half the amount is allowed to stand as an imperial grant, the remainder must be raised locally. On this project orders have been issued in a separate communication.

6. *Item No. 3. Bridge over the river between the Commissariat lines and the Barracks, Neemuch; estimate Rs. 6,974; grant for 1865-66 Rs. 3,000.*—Passed, subject to approval of estimate. There appears to be no reason why this work should not be completed within the year, and the portion of the grant disallowed in the preceding paragraph may be applied to increase the grant for this work to the necessary extent.

7. The items as per margin, aggregating Rs.

	Rs.
Item 1. Improvements to Cantonment roads and drains, Nusseerabad	2,500
Item 4. Ditto ditto Neemuch	2,500
Item 9. Yard for Barrack Stores, Neemuch	1,500
	<hr/> 6,500

6,500, being Minor Works, are struck out and added to the grant for that head of service under Military, which is thus in-

creased from Rs. 25,751 to Rs. 32,251. Attention is drawn to the rules for the mode of entry of Minor Works in Budget Estimates, which should be strictly acted upon in future.

8. *Item No. 5. Barracks for a Regiment of European Infantry, Nusseerabad; estimate Rs. 3,60,307; computed outlay to 30th April 1865, Rs. 1,50,000; grant for 1865-66 Rs. 1,35,000.*—The proposed grant is approved, but the revised estimate for this work should be submitted for sanction as soon as possible.

9. According to para. 3 of these orders the grant for this head of service is increased by Rs. 54,471, for the specific appropriation of which some proposals have to be submitted.

CIVIL BUILDINGS.

10. *Item No. 13.—Agency House and Out-buildings, Ajmere, Rs. 30,000.*

Item No. 17.—Telegraph Office, Ajmere, Rs. 8,836.

Item No. 18.—Church at Nusseerabad; grant for 1865-66, Rs. 10,000.

These three grants are passed subject to approval of the estimates, until which no expenditure is to be incurred on account of these works.

The Church at Nusseerabad being intended chiefly for the use of the European Troops at that Station, the estimate may be charged, as proposed, against the Military Grant.

11. *Item No. 19, Grant-in aid for Church at Ajmere, Rs. 5,000.*—Information is requested as to the number of sittings provided for; as on

this will depend the amount of aid to be granted. Meanwhile the assignment may stand, subject to such further orders as may appear necessary.

12. The items as per margin, aggregating

	Rs.
Item No. 12. Customs Chowks at Muponda Tuhserat at Beawer	1,013
Item No. 15. Altering Roof of the Agency Hospital, Jesspur	2,500
Item No. 16. Altering Roof of Sepoy and Sowars' Lines, Jodhpur	1,350
	<hr/> 4,862

Rs. 4,862, being Minor Works, are disallowed, and should be met from the grant for that head of service.

The amount rejected may be applied to cover in part the addition made above to the grant for Military Works, leaving Rs. 49,609 still to be provided from other sources.

COMMUNICATIONS.

13. *Item No. 21. 3rd Division Mhow and Nusseerabad Road; grant for 1865-66 Rs. 1,68,500.*—As the estimates for this work are not ready, and no expenditure has yet been incurred on it, it is very unlikely that the full amount of the proposed grant can be expended during the year. The assignment is therefore reduced by Rs. 1,00,000 transferred to Central India, vide para. 4 above. The grant will therefore now remain at Rs. 68,500.

14. The Government of India is fully aware of the importance of pushing on this work as quickly possible, but there will be no object gained by assigning more funds for the work than can be regularly expended during the year on sanctioned estimates, more specially as properly considered estimates have yet to be prepared and examined, and arrangements made for collecting materials.

15. The following further reductions will be made under this head to make up the balance, Rs. 49,309, of the addition made to the grant for Military Works:—

	Rs.
Item No. 22.—Ajmere and Nusseerabad Road	35,500
Item No. 23.—Bridge at Kishingurh	1,008
Items Nos. 25 and 26.—Staging Bungalows at Ajmere and Manglewas	4,873
	<hr/> 41,381
Reduction of grant for Minor Works, Communications	8,428
	<hr/> 49,609

In regard to the first of these works, it may be observed that the Government of India have no wish to discourage such a project, but merely to defer the appropriation of funds until after the estimate shall have been approved. A transfer to the extent necessary may then be made from the grants for Minor Works, or from items No. 13 or 21, as may be found convenient.

Item No. 23 is not objected to, but being a Minor Work should not be specially entered in the Budget.

REPAIRS.

16. The grant for this head of service has been increased from Rs. 46,681 in 1864-65 to Rs. 72,003 in 1865-66. The Superintending Engineer represents that this augmentation is necessary for repairs to Military buildings at Neemuch, which are only of a semi-permanent character, and consequently require increased funds year by year for their maintenance. The grant brought

forward may stand, but the estimates for repairs should be rigidly scrutinised and cut down as low as is consistent with the comfort of the troops, and the proper maintenance of the public buildings.

17. The distribution over the main heads of service of the grant assigned under the foregoing orders will be as follows:—

	ORIGINAL WORKS.			REPAIRS.	TOTAL.
	Major Works.	Minor Works.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military	2,21,578	82,251	2,53,829	61,171	3,15,000
Civil Buildings	65,265	6,013	71,278	6,101	77,379
Communications	71,648	17,255	88,903	4,731	93,634
	3,58,491	105,519	4,14,010	72,003	4,86,013
Establishment					72,977
Tools and Plant					3,510
Total					5,62,500

FORT WILLIAM, }
11th April, 1865. }

C. H. DICKENS, *Lieut. Col., R. A.,*
Secy. to Govt. of India, P. W. Dept.

18. In the transmitting letter of the Budget Estimate, the Governor General's Agent alludes to a sum of Rs. 35,018 having accumulated from the one per cent. Income Tax allotment for the Ajmere and Mhairwarra Districts, which sum it is intended to lay out in the construction of District Roads. It is requested that explanation may be furnished of the authority under which an allotment has been made from the funds alluded to on account of these Districts.

19. The main part of the Budget Estimate has not been quite correctly framed, as the anticipated expenditure from other than imperial funds, amounting to Rs. 2,400, has been exhibited in page 1 with the State assignment for establishment; a reference to the pattern form supplied would have shown, that only the net imperial funds should have been entered in that place.

C. H. DICKENS, *Lieut. Col., R. E.,*
FORT WILLIAM, }
11th April 1865. } *Secy. to Govt. of India.*

CENTRAL INDIA BUDGET ORDERS, 1865-66.

This Budget Estimate has been submitted more than a month after it was due, and then only in manuscript. This is, no doubt, some measure due to the date at which orders were issued on the military grant, and to the recent transfer of military stations from Bombay; but the Governor General's Agent is requested in future to arrange for the transmission of the Budget Estimate at the prescribed date, as want of punctuality in this respect is productive of inconvenience.

2. The Public Works grant assigned to Rajpootana and Central India for 1865-66 was Rs. 13,25,000. This sum, in the absence of instructions as to the apportionment of the grant, has been divided by the local authorities equally between the two Agencies, and the present Budget Estimate has been framed on this basis.

3. Of the 6½ lakhs allotted for Military works to the Rajpootana Circle, 3½ lakhs should have been appropriated for this purpose in the Central India Budget Estimate, but through a misconception Rs. 57,833 of the Military part of the allotment has been diverted to meet a part of the charges for Establishments and Tools and Plant, leaving only Rs. 2,67,367 for Military works. This mistake might have been avoided by attention to the instructions contained in Public Works Department Circular No. 2 of 1865, para. 20 of which stated specially that the assignment for Military works was not available for other purposes, and that the charges for establishment would be a separate item in the estimate. Estimate must, therefore, be now altered in pursuance of those instructions, the Military works grant being increased to make up the full amount of the 3½ lakhs assigned, and a corresponding reduction being made in the grant for Civil Buildings and Communications as will be indicated further on.

4. Having regard to the necessity which exists of providing funds for the rapid progress and early progress of certain lines of communication in the Central India Agency, the Governor General in Council has been pleased to increase the Public Works grant assigned to it by a transfer Rs. 1,00,000 from the allotment for Rajpootana, thus raising the total grant to be dealt with under these orders to Rs. 7,62,500.

ORIGINAL WORKS.

MILITARY.

5. *Item No. 4. Levelling ground in the vicinity of the European Cavalry Barracks, Mhow, Rs. 2,500.* This must be struck out, being a Minor Work to be met from the grant for that head of service. The amount is added to the grant for Minor Works, Military, which is increased from Rs. 30,061 to Rs. 32,561.

6. The Governor General's Agent having in his letter No. 160 G, dated 14th March 1865, intimated the manner in which any increased grant for Military works could be applied, the Governor General in Council, acting on that representation, is pleased to appropriate the amount added in para. 3 of these orders to the grant for Military works in the following manner:—

No. OF ITEM IN BUDGET ESTIMATE.	Works.	GRANT 1865-66.		
		As entered in Budget Estimate.	Additional appropriation.	Total.
		Rs.	Rs.	Rs.
6	Artillery Barracks and Subsidiary Buildings, Mhow,	56,000	20,500	76,500
7	Quarters for 4 first class Staff Sergeants of Cavalry, Mhow	10,000	4,000	14,000
8	Hospital for European Cavalry, Mhow	30,000	20,500	50,500
9	Solitary Cells for Garrison, Mhow	8,212	5,000	13,212
	Minor Works, Military	32,561	7,633	40,194
	Total	1,36,773	57,633	1,94,406

7. It is of course to be understood that no expenditure is to be incurred on the above works until the estimates for them, which appear to be under revision, are sanctioned by competent authority.

CIVIL BUILDINGS.

7. *Item No. 15. Protestant Church, Mhow, Rs. 15,000.*—The estimate for this work is awaited, pending sanction to which no expenditure should be incurred on the building.

The grant for this work has been taken as forming a portion of the fixed assignment for Military buildings, on the ground that the church is strictly a Military requirement, though by the Budget nomenclature it has to be classed under Civil Buildings. This proceeding is approved.

9. *Items Nos. 16 to 19. Jails at Indore, Augur, Gwalior, and Nowgong, aggregating Rs. 45,000.*—The grant for these works is disallowed, in order to cover a portion of the sum of Rs. 57,633, added to the grant for Military Works, according to para. 3 of these orders.

COMMUNICATIONS.

10. The grant under this head of service is increased by a transfer of Rs. 1,00,000 from the Budget assignment for Rajpootana. The grant thus added is to be applied to the Agra and Bombay Road, Mhow and Nusseerabad Road, and the Simrolé Ghat and adjacent works, in such proportions as the Governor General's Agent may think proper. An early report should be furnished showing the manner in which it is proposed to apply this grant.

11. The following items are disallowed for the reasons specified in para. 9 of these orders:—

<i>Item No. 33</i>	—Survey expenses, 1st Division, Mhow	Rs. 2,000
	and Nusseerabad Road	2,000
56	—New Staging Bungalow, Mundissur	5,000
		7,000

The above item No. 33 may be met from the grant for Minor Works, Communications.

12. For the reasons mentioned in para. 9. of these orders, the grant for Minor Works, Communications, is reduced from Rs. 18,350 to Rs. 12,717.

13. It has to be observed that very many of the projects brought forward in this Budget are not supported by sanctioned estimates, which should be obtained and submitted at once, and it should be distinctly understood that the grants passed under these orders do not convey sanction to incur any expenditure on works unless properly authorised by competent authority.

REPAIRS.

14. Explanation is requested as to the circumstances rendering necessary such a large outlay as Rs. 5,500 in repairs to Cantonment roads, bridges, and wells in Mhow, as the usual allowance from Imperial funds for such repairs in large Military stations is only Rs. 2,400.

ESTABLISHMENTS.

15. The charges under this head have increased from Rs. 93,588 in 1864-65 to Rs. 1,15,321 in 1865-66, being about 16.3 per cent. of the total grant. The assignment brought forward is passed, with the remark that explanation should be furnished of the cause of the difference in the estimated numbers of the various classes of establishment for 1865-66 as compared with 1864-65.

16. The grants passed under these orders will be as follows :—

	ORIGINAL WORKS.			REPAIRS.	TOTAL.
	Major Works.	Minor Works.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military... ..	2,46,666	40,194	2,86,860	23,140	3,10,000
Civil Buildings...	23,737	5,373	29,110	7,856	36,966
Communications	2,06,980	12,717	2,19,697	71,793	2,91,490
	4,77,383	58,284	5,35,667	1,02,789	6,38,456
		Establishments			1,15,321
		Tools and Plant			8,723
			Total		7,62,500

FORT WILLIAM, }

C. H. DICKENS, *Lieut. Col., R. A.,*
Secy. to Govt. of India, P. W. Dept.

COORG BUDGET ORDERS, 1865-66.

The Public Works Grant assigned to Coorg for the year 1865-66 was one lakh, for which sum the Budget Estimate is framed.

2. The grants brought forward under the heading Original Works and Repairs call for no special remark, and are passed in full.

ESTABLISHMENT.

3. The charges under this head show an increase from Rs. 14,086 in 1864-65, to Rs. 21,500 in 1865-66, or more than 20 per cent. of the total grant exclusive of the share of Direction and Account.

There are 10 subordinates to look after 11 new works, and 10 clerks at various rates of pay for 11 Disbursing Officers. This number of subor-

dinates and clerks seems to be large, and endeavours should be made, if possible, to reduce them.

5. Further, the amount provided for travelling allowance, Rs. 4,180, appears to call for reduction as being much higher than it should be.

6. A diminution of the charges under Establishment will be looked for, and proposals may be submitted to the Government of India for applying the amount thus reduced to augmenting the grant for repairs on account of the ghât Roads, which are stated to be insufficiently provided for.

TOOLS AND PLANT.

7. The sum of Rs. 300, brought forward under this head for Office furniture and camp equipage, seems high for an Assistant Engineer's Office. Explanation should be furnished on this point.

8. The distribution of the grant over the various heads of service as sanctioned, subject to the foregoing remarks, will be as follows :—

	ORIGINAL WORKS.			REPAIRS.	GRAND TOTAL.
	Major Works.	Minor Works.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Civil Buildings	—	1,500	1,500	1,000	2,500
Communications	48,650	8,500	57,150	16,850	74,000
	48,650	10,000	58,650	17,850	76,500
		Establishment			21,500
		Tools and Plant			2,000
			Total		1,00,000

FORT WILLIAM, }
31st March 1865. }

C. H. DICKENS, *Lieut. Col., R. A.,*
Secy. to Govt. of India, P. W. Dept.

MYSORE BUDGET ORDERS, 1865-66.

The Budget Estimate, though ordered to be submitted on the 1st February, was not received by the Government of India until the 8th March current, and then only in manuscript, and without any explanation as to the cause of this great delay. His Excellency the Governor General in Council trusts that the Commissioner will, in future, be very particular in complying with the strict rules which have been laid down for the punctual submission of Budget Estimates.

	Rs.	2. The estimate
* Original Works ...	8,80,368	amounts to 17 lakhs,*
Repairs ...	4,47,000	of which two lakhs
Establishment ...	8,62,632	are chargeable to
Tools and Plant ...	10,000	separate funds as
Total ...	17,00,000	follows:—

	Rs.
Hurrihur Bridge ...	1,50,000
Bangalore Petta Drainage ...	20,000
School Houses ...	30,000
Total ...	2,00,000

The two first items are to be debited to the Mysore Deposit Fund, and the third has been provided for in the Educational Budget. But under these circumstances the items ought not to have been entered in the body of the estimate at page 3, but the addition to the grant, the net amount of which is 15 lakhs, should have been noted at foot of that page, as has been clearly explained in the forms of estimate supplied for guidance. As regards the third item, if it is included in the Educational Budget Estimate, it ought not to be entered in the Public Works Estimate. Which of the two the item properly belongs to, depends on whether the execution of the work has to be undertaken by the Educational or the Public Works Department.

3. The amount of the imperial estimate is thus reduced to 15 lakhs, but from the 3rd paragraph of the Commissioner's letter it appears that the amount available for expenditure on Public Works, in 1865-66, is 14 lakhs only, which it is expected will be sufficient, as the Chief Engineer anticipates that the actual outlay will fall short of the estimate by at least 10 per cent. This, however, is not a regular way of dealing with the subject; the estimate should have been framed for the sum which it is intended to spend, and the deficiency will now either have to be made good by the transfer of an additional lakh from the deposit fund, or reductions must be proposed to that extent in the estimate. Therefore, as the estimate now stands, the orders on it must be necessarily inconclusive.

4. From the remarks contained in paras. 3 and 5 of the Commissioner's letter, it would appear

that the School Houses are provided for in the Educational Budget. With regard to what is said above as to the Educational Budget Estimate, it may here be observed that the total amount of the proposed outlay on School Houses is Rs. 33,886, not Rs. 30,000 only, as is stated in the forwarding letter.

	Excess.	ment, which exceeds
	Rs.	that of the previous
* Direction ...	2,654	year by Rs. 76,164,*
Construction...	55,384	the Commissioner, in
Accounts ...	18,116	the 7th para. of his
Total ...	76,164	letter, remarks that

the charge under this head is immense, and expresses his belief that a considerable reduction might be effected. This being the case, it is not understood why the charge was not reduced before being submitted for sanction, and why the Commissioner submits an estimate of which he appears himself not to approve; for it should be borne in mind that the Budget Estimate is the estimate of the Local Administration and not of the Chief Engineer, as is clearly indicated in Budget rules. The necessary reduction should now be made, which, with reference to para. 3, may stand as an absolute reduction, or a proposal may be submitted for appropriating to works the amount of the reduction. This should be done with reference to the revised scale of establishment for the Public Works Department, Mysore, on which the orders of the Government of India, in the Financial Department, may shortly be expected. The charge for temporary Sub-Overseers appears high. And it is observed that a First Grade Accountant is estimated for, although there is no appointment of that grade sanctioned for Mysore.

7. Explanation is also required as to the difference, Rs. 8,580, between the estimated charges for the establishment of the Controller's Office for the two years 1864-65 and 1865-66, the numerical strength of the Office being apparently the same in both years.

8. With reference to the concluding remarks of the Commissioner's letter, in which he deprecates the employment of European Subordinates in the detached and unhealthy parts of the country, and recommends, as preferable, the employment of Native Agency for such localities, the Government of India is quite prepared to sanction the employment of Native Agency instead of European Subordinates, if the Commissioner will put forward a definitive proposal for giving effect to his recommendation. It has, however, to be observed, that the existing Staff of European Subordinates has reached its present strength on recommendation made by the Commissioner himself, and that even now a proposition made by him for a large increase to this branch of the establishment is before the Government of India.

9. The proposed distribution of the grants, subject to the above orders, will be as follows :—

	ORIGINAL WORKS.			REPAIRS.	TOTAL.
	Major.	Minor.	Total.		
	Rs.	Rs.	Rs.	Rs.	Rs.
Military	10,000	10,000	1,000	11,000
Civil Buildings	1,61,886	37,339	2,02,225	23,000	2,25,225
Agricultural	35,000	6,705	41,705	1,60,000	2,01,705
Communications	3,25,930	91,112	4,17,048	2,61,000	6,78,048
Miscellaneous Public Improvements...	4,600	4,790	9,390	2,000	11,390

Secy. to Govt. of India, P. W. Dept.

SUPPLEMENT TO The Gazette of India.

CALCUTTA, SATURDAY, JUNE 17, 1865.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of six Rupees per annum if delivered in Calcutta, or nine Rupees four annas if sent by Post.

No Official Orders or Notifications the publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

Government of Bombay.

Cotton Cultivation in Kaira, Surat, and Khandeish.

From the Hon'ble B. H. ELLIS, Revenue Commr., Northern Division, to Offg. Chief Secy. to Govt., Bombay.—(No. 280, dated Camp Bulsar, the 24th March 1865.)

In reply to the Resolution No. 3460 A, dated 13th September last, I have the honor to submit the

Out-turn of the cotton crop of 1864-65, and the state of the native cloth manufacture.

* No. 1265, dated 1st December 1864.

† No. 261, " 8th March 1865.

‡ No. 1894, " 15th October last.

accompanying Reports in original from Kaira,* Surat,† & Khandeish,‡ supplying the information called for.

2. No reply has yet been received from Ahmedabad. It will be duly forwarded when received.
3. Tannah is not a cotton-producing District.

From E. P. ROBERTSON, Esq., Acting Collr. of Kaira, to Revenue Commr., Northern Division.—(No. 1265, dated Camp Limbasse, the 1st December 1864.)

I have the honor to submit the Report called for in your Endorsement No. 2965, dated 21st September 1864.

The Statement in the margin exhibits the area under cultivation and out-turn of cotton during the

Area under cultivation in 1863-64.	Area under cultivation in 1864-65.	Out-turn in 1864-65.	Estimated out-turn in 1864-65.
Acres.	Acres.	Candies.	Candies.
15,669	15,484	4,707	4,230

current year as compared with the area under cultivation and out-turn during the previous year 1863-64. From this it will be seen that there is a decrease by 185 acres in the area under cul-

tivation, and a probable decrease in the out-turn by 477 candies.

Native cloth is almost entirely manufactured by the lower class of Hindoos and by a few Mussulmen. There are no people who manufacture to a large extent, and no factories or workshops are kept up. The manufacture is entirely house or domestic manufacture, and is confined entirely to coarse cloths and dhotees worn by the cultivators and laboring population. The people who make this cloth do not generally make a regular trade of it; they, their wives and children spin and weave when they have no other more active employment. The great dearth of cotton has to some extent, but not much, affected this industry for being carried on by poor people without capital; they have often been unable to purchase the necessary raw materials. The cloths and dhotees manufactured by these people are a hundred per cent. stronger than any machine-made goods imported from Europe. True they are coarse, but they are strong and warm and wear well, and therefore they find a ready sale in the market, and are more popular with the poorer classes than finer cloths of European manufacture.

I append a Statement exhibiting the chief localities in this Collectorate where country cloths are manufactured, the descriptions of cloths manufactured, the castes that manufacture, and whether they

have any employment; whether the cloth so manufactured are exported beyond the Collectorate, or sold within its limits; the probable yearly quantity manufactured, and the probable increase or decrease in the manufacture, during the current year.

No.	Talooka.	Estimated value of the present demand for English cloth.
		Rupees.
1	Mehmoodabad ...	2,50,000
2	Neirad ...	1,00,000
3	Borsud ...	78,000
4	Mahoondah ...	40,000
5	Thasra ...	1,00,000
6	Kuppervunj ...	2,00,000
	Total ...	7,68,000

In the Statement marginally noted, the present demand for English cloth during the year is exhibited.

Of course none of these statements can be relied upon as accurate; they all, however, are framed upon the best information at the disposal of the District Officers. I am inclined to think that the demand for English cloth is much larger than is stated, for I am led to believe that people have been afraid to mention the full amount for fear that some new tax was about to be imposed upon them.

Statement exhibiting the chief localities where country cloths are manufactured in the Kaira Collectorate.

Number.	Name of Talooka.	The place where native cloth is now manufactured.	The description of cloth now manufactured.	The class of people who manufacture and whether they cultivate or carry on any other trade.	Whether any of this is manufactured for sale and for exportation.	The probable yearly quantity manufactured.	The probable increase or decrease in the current year.	The cause of such increase or decrease.
1	Neirad	Neirad and other villages, where Dhers generally reside.	Thapara, Chetia, Dotees, Alaoecha, Chokkarria, black.	Mussulmans, (Shekh Tace,) 2 Moomna, 3 Bhowai, and 4 Dhers, who cultivate, &c.	Sold in this Collectorate, not exported to places out of this Zillah.	Yards. 25,000	Decrease to the extent of half the amount expended in the last year.	This decrease is entirely attributable to the dearthness of cotton, yarn, &c.
2	Mehmoodabad	Kaira, Mehmoodabad and Matur.	Basta, Gujees, Dotee, Thapara and Sarees, (cotton.)	1 Bhoras, 2 Moomnas, 3 Khutree, 4 Dhers, (Nos. 2 and 4 cultivate.)	Sold in this Collectorate and exported to Ahmedabad.	200,000	Do. do. of 1 do.	
3	Borsud	Borsud and surrounding villages.	Salla, Alaoecha, Thapara and Khadee.	1 Salvee, 2 Bhowai, 3 Kachia, and 4 Dhers, (Nos. 1 and 4 cultivate.)	Sold in this Collectorate and exported to Sandojee.	50,000	Do. do. of 1 do.	
4	Mahoondha	Moundha, Alaoecha and 18 other villages.	Thapara, Basta, Dotee and Gujees.	Dhers and Tacees, who also cultivate.	Sold in this Collectorate.	15,000	Do. do. of 1 do.	
5	Thasra	Thasra, Oomget and 14 other villages.	Khadee and coarse Thapara.	Dhers, who also cultivate.	Ditto.	4,000	Do. do. of 1 do.	
6	Kuppervunj	Kuppervunj and other villages.	Turban, Dooputa, Khadee and Gujees.	Lotia, Bohras, Dhers, Mussulmans, Bricklayers, who also cultivate.	Ditto and exported to Morasa, Godra, &c.	40,000	Do. do. of 1 do.	
						854,000		

(Signed) E. P. ROBERTSON,

Acting Collector.

From A. ROGERS, Esq., Collr. of Surat, to Revenue Commr., Northern Division,—(No. 261, dated Camp Purwut, the 8th March 1865.)

I have the honor to forward the annual return of the cotton cultivation for this Collectorate for the year 1864-65.

2. You will observe that there is a decrease only in three Districts, Soopa, Ahmode, and Jamboosur. This has been caused by the unfavorable nature of the season, particularly in the two last-mentioned Pergunnahs. The natural result of the high prices of the staple lately ruling is shown in the increase of the area under cultivation in the inland Districts of Bardolee and Mandvee.

3. According to the Mamlutdars' estimates of out-turn, the crop of the whole Collectorate would fall short of last year's by about 9,500 candies of uncleaned cotton, although the decrease in acres is only 28. I find that the Mamlutdars of Wagra, Ahmode, and Jamboosur have estimated the produce per acre, respectively, at $3\frac{1}{2}$, 4, and 6 maunds (kutchra), and this though the Districts adjoin each other; and I am, from personal observation, convinced that if there has been a falling off in quantity of yield in any of the three, it has been in Jamboosur.

4. As complete returns were not received from the Districts in time to render it of any use to answer the reference made in your Endorsement No. 2965 of the 21st September last, on a copy of the Government Resolution noted in the margin, I trust that the reference will now be considered disposed of.

No. 3460 A, dated 13th September 1864.

5. With regard to the 2nd paragraph of that Resolution, I have the honor to report that from all accounts, the condition of the native cloth manufacturers is much depressed, and there is every probability of a progressive demand for English cloth if the present high price of cotton continues. The native manufacturers are not possessed of sufficient capital to enable them to purchase yarn at the enhanced prices at which only, in consequence of the high price of cotton, it can be sold, and they are consequently, by degrees, finding employment in other occupations.

Cotton Returns of the Surat Collectorate for the year 1864-65, submitted as per Revenue Commissioner's instructions, No. 2023, dated 20th July 1863.

To B. H. ELLIS, Esq.,
Revenue Commissioner, N. D.

CAMP PURWUT, }
The 8th March 1865.

(Signed) A. ROGERS,
Collector of Surat.

From L. R. ASHBURNER, Esq., Collector of Khandeish, to Revenue Commissioner, Northern Division,—
(No. 1894, dated Lulling, 15th October 1864.)

With reference to your Memorandum as per margin, I have the honor to report that the area of land under cotton cultivation in Khandeish this year may be estimated at acres 581,830, being an increase of 50 per cent. on last year. I have made this estimate from inquiries as to the actual increase of several villages in the Dhoolia Talooka, which has reached 50 per cent. If the increase has been 50 per cent. in Dhoolia, it may be estimated as fully equal to that in the Talookas more favorably situated with regard to facilities for export and soil.

No. 2965, dated 21st September 1864.
on
Government Resolution No. 3460 A, dated 13th September 1864.

2. It is impossible to give any correct idea of the probable out-turn of cotton at this early period of the season. If no more rain falls, or only partial showers, the crop will not be more than 35,708 candies, being about $\frac{1}{3}$ rd the quantity per acre produced last year, that is, calculated on the extended area under cultivation this year; but if there is a seasonable fall of rain, the crop will probably produce about 25 per cent. per acre less than last year, in which case it will yield 107,125 candies.

Candy of cotton, 784 lbs.

3. My information with regard to the native manufactures of cloth and the probable demand for English cloth is very imperfect. The price of English cloth has not advanced at the same rate as that of the raw cotton, and this has given the Manchester manufacturers an increased advantage over the native weaver: but the latter still commands the market in all articles of female dress and in pugrees for men,—the Manchester manufactures have never suited the tastes of the Indian public in these articles. I am informed that the native looms at Yeola, Paitan, Ahmedabad, and Poona, are in full operation,—they employ English yarn and China silk.

SUPPLEMENT TO The Gazette of India.

CALCUTTA, SATURDAY, JUNE 24, 1865.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of six Rupees per annum if delivered in Calcutta, or nine Rupees four annas if sent by Post.

No Official Orders or Notifications the publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE, will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

Government of India.

HOME DEPARTMENT.

Cyclone of the 5th October 1864.

From the Right Hon'ble the Secretary of State for India, to His Excellency the Right Hon'ble the Governor General of India in Council, (dated 25th April 1865.)

I have to acknowledge the receipt of your letters dated 9th January (No. 2), and 14th February (No. 14) 1865, with the special narratives of the Lieutenant Governor of Bengal and the annexed correspondence, relative to the destructive hurricane with which Calcutta and the neighbouring districts were visited on the 5th of October last.

2. I have perused these documents with deep and painful interest, and I greatly deplore the grievous loss of life which occurred among the people of the districts more immediately exposed to the fury of the storm and the accompanying inundation.

3. The local Officers seem to have acted with the greatest energy and promptitude in affording relief to the large number of people who were left in the suffering districts destitute of food and shelter; and I cordially approve the steps taken by the Lieutenant Governor of Bengal, with the view of mitigating the effects of the calamity, and of affording support to the local Officers in their laudable efforts.

4. The operations of the Committee, which was formed among the residents of Calcutta for

collecting subscriptions and affording relief to the sufferers, call for the warmest acknowledgments of Her Majesty's Government; and it is evident, from the statement given of the amount of food and clothing which they distributed, that their measures must have tended in an important degree to alleviate the sufferings of the destitute population.

5. I notice with much gratification the promptitude and liberality with which Heralall Seal, the proprietor of the Mundle Ghat estate in the Howrah district, afforded relief to his distressed tenantry immediately after the storm; and the measures taken by that gentleman to provide against the sickness with which the people on his property were subsequently threatened, afford further proof of his enlightened benevolence.

6. Some melancholy instances are afforded of loss of life on board ships which foundered either at sea or in the lower reaches of the river Hooghly; but in the port of Calcutta the loss of life seems to have been small, in comparison with the large amount of property which was destroyed. The measures proposed for the greater security of the shipping, and the better protection of the trade of Calcutta, will be considered hereafter in the proper departments.

7. There had evidently not been time, when the narratives of the Lieutenant Governor were written, for the collection of full statistical information as to the effects of the hurricane; but I request that I may hereafter be furnished with complete statements of the loss of human life, and of the value of the property of all kinds, both public and private, which have been caused by this terrible visitation.

PUBLIC WORKS DEPARTMENT.

Alguada Reef Lighthouse.

Extract from the Proceedings of the Right Hon'ble the Governor General of India in Council, P.W. Dept.,— (No. 588 C, dated 12th June 1865.)

READ:—

Letters Nos. 624C and 624C (P) of 24th April, and No. 4C of 4th May 1865, from Lieut. Colonel A. Fraser, R.E., Supdt. of Lighthouses.

RESOLUTION.—Lieutenant Colonel Fraser has reported the completion of the Alguada Reef Lighthouse and the establishment of the light on the night of the 23rd April 1865. The Viceroy and Governor General in Council has received this announcement with great satisfaction.

2. Situated a few miles to the southward of Cape Negrais, the S. W. extremity of Pegu, and in the direct course of trade, the Alguada Reef now contributes to the safety of the mariner, of whom it has hitherto been the dread.

3. With the advent, in 1852-53, of British power on the mainland of Pegu, the erection and sure maintenance of a Lighthouse on this Reef became possible, and the claims of a rapidly expanding commerce soon made this possibility a necessity.

4. The Government of the day was not slow to recognise its duty. Scarcely had Pegu been formally declared a British Province, when the Governor General, the Most Noble the Marquis of Dalhousie, after visiting the Reef, determined to obtain a project for the erection of a Lighthouse upon it.

5. Circumstances prevented this being done till the season of 1856-57, when Lieutenant Colonel (then Lieutenant) Alexander Fraser, of the Royal (Bengal) Engineers, was ordered to make the survey and other preliminary investigations.

6. These completed, Lieutenant Fraser was, early in 1857, deputed to England, there to visit the most remarkable Lighthouses in positions analogous to that of the Alguada Reef, and, after communication with Engineers eminent in this branch of the profession, to submit his designs.

7. Having visited the chief Lighthouses on the coasts of England and Scotland, and having received much assistance and valuable information from Mr. T. Stevenson, one of the Consulting Engineers to the Board of Commissioners of Northern Lighthouses, as also from Mr. A. Cunningham, the Secretary, Lieutenant Colonel Fraser submitted his designs to the Home Authorities, and returned to India in 1858, fully prepared to enter upon the execution of the work.

8. Lieutenant Colonel Fraser's proposals were approved both by the Home and Indian Governments, but it was not till December 1859 that the Government of India was in a position to resume the public works it had been compelled by financial pressure to suspend. The Alguada Reef Lighthouse was one of the first selected, and Lieutenant Colonel Fraser, who was fortunately available to undertake its construction, applied himself to the task with a zeal and judgment which have ensured success.

9. To land on the Reef is always a difficulty. For a vessel to be thrown on it at any time is almost certain destruction, and in any but the calmest weather the seas break over it. A first care, therefore, was the formation of a suitable Marine Establishment for the transport and landing of materials, for the safe conduct of operations, and for a secure refuge in stress of weather. Skilled workmen had to be brought from Madras and even from Hong-Kong. Materials, provisions, and water, had also to be arranged for.

10. The foundations had to be cut in the solid rock to a depth of 7½ feet below H. W. spring tides, with the sea breaking over and filling the pit at high water, and very little wind preventing all work.

11. For the lower foundation courses, sandstone was quarried and dressed on the Reef. For the tower, granite had to be obtained from Callagouk, 200 miles, and Singapore, 1,200 miles, distant. Upwards of 4,000 tons of granite in heavy blocks, some weighing nearly four tons, requiring accurate dressing, had to be shipped and conveyed to the Reef, and there placed in position, the landing involving an almost daily contest with the elements. This was accomplished in four seasons, of which three proved very unfavorable, with the loss of no life, but only of a few boats, of one lighter with 40 tons of stone, and with injuries to only a few of the workmen.

12. The forethought, resource, energy, and perseverance displayed, and the anxiety, risk, exposure, and hardships endured, entitle Lieutenant Colonel Fraser and all under his orders to the highest commendation.

13. The first stone was laid on the 14th February 1861. Lieutenant Colonel Fraser can now point to a granite tower, showing a first class revolving light, 144 feet above high water mark, and visible, in clear weather, from a distance of 20 nautical miles.

14. It is seldom that it falls to the lot of any individual, in India especially, to carry through from beginning to end a work of such magnitude and extending over so long a period. The work itself is unique, certainly in the East, and, whether regard be had to cost, execution, or rate of progress, may challenge comparison with its somewhat smaller prototype, the Skerryvore on the coast of Scotland.

15. The Governor General in Council offers to Lieutenant Colonel Fraser the cordial thanks and congratulations of the Government of India on the successful issue of his labours.

16. His Excellency in Council desires also to acknowledge the good services of those to whose willing and efficient assistance Lieutenant Colonel Fraser bears testimony. The first of these is Lieutenant J. M. McNeill, of the Royal Engineers, who has been Lieutenant Colonel Fraser's chief assistant from the commencement of operations. Captain Baker and Mr. Darwood, of the Marine service, have been long on the works, and have been most favorably mentioned for the ready manner in which they have rendered any assistance in their power, and not merely in the performance of their own peculiar duties. Of the services of these three Officers the special approbation of the Government of India is recorded. Mr. Bennett, Assistant Engineer of Singapore, Lieutenant Spragge, of the Royal Engineers, who was com-

pelled by severe illness to quit the works, Messrs. White, Reid, and Nelson, of the Public Works Subordinate Establishment, Captain W. Eales (deceased), Captain J. Eales, and Mr. Collier, of the Marine service, are also specially mentioned. Lieutenant Colonel Fraser also records his obligations to Lieutenants Aylesbury and Philbrick, of the Indian Navy, and to Mr. Outram, as Masters Attendant of Bassein, and Mr. O'Brien, the Pilot there.

17. The valuable service rendered to trade, and, indeed, to the cause of humanity generally, by the conversion of this once dreaded Reef into the means of enabling vessels to navigate this portion of the Bay of Bengal in comparative security and confidence, must ever be a source of the highest gratification to all engaged on this important work.

ORDER.—Ordered, that a copy of this Resolution be forwarded to Lieutenant Colonel Fraser for his information and for communication to the several Officers named in paragraph 16.

Maintenance of Clergymen to minister to Railway Servants.

From the Government of India, to the Right Hon'ble the Secretary of State for India,—(dated 5th May 1863.)

The spiritual destitution of the Station of Sahibgunge having been noticed by the Bishop of the Diocese, His Lordship applied to the Agent East Indian Railway for a contribution in aid of the maintenance of a Clergyman at that Station, in the interests of the Railway employes located there. The Agent has declared his inability to entertain the Bishop's application, having on a former reference* been instructed by the London Board to the effect that they have no

* Maintenance of a Clergyman at Rajmehal approved in Secretary of State's Railway Despatch, dated 8th November 1860, No. 91.

power to appropriate Revenue to such a purpose without the consent of the Shareholders, and that they would decline to entertain any similar applications.

2. We are of opinion that a regulated grant-in-aid from Revenue should be made for the maintenance of Clergymen wherever the Christian employes of a Guaranteed Railway Company are so numerous as to justify the measure; holding, as we do, that the Railway Company is bound, equally with the Government, to provide means of spiritual consolation and instruction for their respective Establishments; whilst, to put it on the lowest ground, the outlay would be more than compensated for by the increased respectability and good conduct of the employes. We accordingly refer the case for your favorable consideration in view to a decision being come to, as regards the East Indian Railway Company, with the consent of all parties concerned.

From the Right Hon'ble the Secy. of State for India, to His Excellency the Right Hon'ble the Govr. Genl. of India in Council,—(dated 15th August 1863.)

I have received a Despatch from your President in Council, of the 5th May last, No. 31, relating to an application for contributions from the East Indian Railway Company in aid of the maintenance of a Clergyman at Sahibgunge, and to a proposal that a regulated grant-in-aid from Revenue should be made for the maintenance of a Clergyman

wherever the Christian employes of a Guaranteed Railway Company are so numerous as to justify the measure.

2. Upon receipt of this Despatch, I invited the Directors of the Railway Company to state their views on these proposals, and have now received their reply. They state that, although deeply impressed with the great importance of provision being made for the religious instruction to the Railway servants in India, they are of opinion that the "Railway Company being a purely commercial society, it forms no part of its duties, nor does it appear to the Board within its objects, to provide for the spiritual instruction of its servants;" and further, that "the application of the funds of the Company, as a principle, to any other than the defined business and objects of the enterprise in which the proprietors are engaged, seems to the Board of doubtful legality."

3. Under these circumstances I do not consider it advisable that the Railway Company should be asked to contribute in the manner proposed.

4. I must leave the subject to be dealt with by your Excellency's Government, and shall not object to any reasonable aid you may think it right to afford from the funds of the State.

From the Govt. of India, to the Right Hon'ble the Secy. of State for India,—(dated 29th December 1864.)

In your Despatch No. 45 (Railway) of 1863, you stated your opinion that it was unadvisable (on the grounds urged by the Directors of the East Indian Railway Company) to call upon a Railway Company to contribute by a grant-in-aid from Revenue towards the maintenance of Clergymen to minister to its servants, at the same time expressing your willingness to sanction any reasonable aid that we might think it right to afford to supply this want from the funds of the State.

2. This opinion was communicated to us in reply to our Despatch No. 31 (Railway) of 1863, in which we had briefly stated our view as to the responsibilities, in this respect, of the Government and the Railway Companies, with which you did not concur. As, on further consideration, the subject appears to us of some importance, we desire to address you on it again more fully.

3. It has hitherto been the rule to maintain Clergymen, at the expense of the State, only to minister to Government establishments, except in the Presidency Towns. The Government has hitherto not taken on itself the obligation of providing Clergymen (whether of one persuasion or another) for the general public, though it has signified its readiness to give liberal grants-in-aid to communities willing themselves to subscribe for the purpose.

4. It is very essential that the Government should take care that the ecclesiastical charges, which have of late years increased considerably, and are still likely to increase further, should not be allowed to be swelled by any irregular departure from the principle hitherto acted upon, and we therefore hesitate to recognize claims put forward for the supply of Clergymen for the large Railway communities that have sprung up of late years at many of the chief Railway Stations in all parts of India, on any other basis than that which we have adopted in dealing with his proposals from the community generally.

5. At the same time, it is obvious that the mass of Railway servants are not of that class from which subscriptions, or at least adequate

subscriptions for such objects can be looked for, and it is extremely unlikely that any spontaneous action on the part of the Railway servants will be sufficient to supply the funds necessary to provide a Clergyman even after making due allowance for the Government grant-in-aid.

6. You will no doubt concur with us in considering that the advantages to be obtained by the appointment of a Clergyman to minister to the European communities created at the larger Railway Stations are beyond question, and that looking at the matter merely as regards the interests of the Companies, the tendency to improve the character of the subordinate staff, and thereby to increase their efficiency, would be of much importance.

7. Under such circumstances we think that the Board of Directors of the East Indian Railway might be again invited to consider the proposal which we before submitted. The question may reasonably be regarded as one affecting the general relations of the Railway Company and its servants, and the end to be gained an important advantage to both parties. To realize this advantage in their own behalf, a contribution from the funds of the Company which is certain not to be large, might, as it seems to us, be very properly given by the shareholders; and the donation, so far as it represented a contribution in behalf of the poorer class of the Company's servants, would virtually be nothing more than a small and appropriate addition to their emoluments in the shape of a provision for the ministrations to their spiritual wants, at the charge of their employers.

8. We are informed that an arrangement, such as we speak of, is now in force at Kotree, where the Sindh Railway Company and the Flotilla Company unite in maintaining a Clergyman, the Government also aiding; and we think that such an arrangement might with much propriety be adopted as a general principle. If provision for this class of wants is not made in the manner we now suggest, we are at a loss to see how it can be met.

From H. M.'s Secy. of State for India, to the Govt. of India,—(dated 15th April 1865.)

Upon receipt of your Excellency's Despatch of the 29th December last, No. 89, the Directors of the East Indian Railway Company were made acquainted with the views therein expressed, relative to the proposal for the contribution of a grant-in-aid by a Railway Company from its Revenue towards the maintenance of Clergymen to minister to its servants. In reply the Directors state that they adhere to the opinions recorded by them in 1863, which were communicated to you in my Railway Despatch No. 45 of the 15th August 1863.

2. You are aware that the Directors have, on the suggestion of the Archdeacon of Calcutta, invited voluntary subscriptions from the shareholders towards raising a fund for the objects contemplated by you. The shareholders have responded to the appeal by subscribing about £7,500, which will be applied by the Archdeacon to those objects. I agree with the Directors in opinion that the above is the best means of raising funds for the purpose.

LAHORE,
18th May 1865

(Signed) J. HARRISON,
Chief Engineer.

*Government of Bombay.***Report on the present state of Karwar.**

Extract from the Proceedings of the Government of Bombay, in the Revenue Department, dated 30th May 1865.

Read the following papers:—

Letter from E. W. Ravenscroft, Esq., Offg. Chief Secy. to Govt., to the Collr. of Canara, (No. 4557, dated 16th November 1864.)

I am directed by His Excellency the Governor in Council to request that you will have the goodness to furnish, with as little delay as possible, a carefully drawn up report upon Karwar, showing what has been done since the transfer of the district from Madras.

1. What public works have been completed, or are in progress, under the Public Works Department of Government?

2. What has been done by private persons or firms either in the way of buildings or trade?

3. What by Municipalities?

4. How far trade and agriculture have benefitted?

5. The present statistics of Karwar, vital as well as commercial.

Letter from M. J. Shaw Stewart, Esq., Collr. of Canara, to Offg. Chief Secy. to Govt., (No. 1128, dated 2nd May 1865.)

As directed in your letter No. 4557, dated 16th November 1864, I have the honor to submit the following report on the present state of Karwar:—

I. What public works have been completed, or are in progress, under the Public Works Department of Government

(a.) An excellent road has been constructed from the head of the Beitkul Cove to the Konay Nullah. This road is in many places 100 feet wide, and is gradually being widened to that size. It has not been metalled; but metal is stored in readiness to be put on next year.

(b.) This road has been widened on the east side of the Cove, so as to form a wharf measuring about 3 acres. This wharf is faced with stone, and provided with landing steps and cranes. The area is being increased by filling in the material obtained by dredging the centre of the Cove. There is water enough for large Pattimars to lie alongside.

(c.) At the lower end of this wharf the Iron Screw Pile Pier has been erected. It contains 900 square yards, is furnished with 4 powerful cranes, and has 10 feet of water at ordinary high tides.

(d.) The Engineer's Store-yard has been put in order and filled in; store-houses and sawing-sheds erected, with lime kilns and mills, and, from being an unsightly swamp, it is now one of the best arranged and neatest store-yards I have ever seen.

(e.) A travellers' bungalow has been completed.

(f.) The light-house column on Oyater Rock has been completed, and a temporary light has been exhibited during the monsoon. It is be-

lieved that the permanent lantern ordered from England will arrive shortly in Bombay. Quarters for lascars and store-room have been built.

(g.) A signal flagstaff, with quarters for signalman, has been erected on a spur of Karwar head.

(h.) An iron girder bridge has been thrown over the Konay Nullah.

(i.) A "pucka" bungalow, built by the Collector, has been purchased by Government as an official residence for the Collector.

(j.) The following wooden houses, with corrugated metal roofs, have been erected:—

1. Temporary Church.
2. Executive Engineer's Office.
3. Residence for Executive Engineer.
4. Ditto for Assistant Executive Engineer.
5. Ditto ditto ditto.
6. Ditto for Civil Surgeon.
7. Ditto for Port Officer.
8. Ditto for Superintendent of Karwar.
9. Ditto for Superintendent of Police.
10. Ditto for Assistant Collector.
11. Post Office.
12. Electric Telegraph Office.
13. Several quarters for subordinates of the Public Works Department.

(k.) The following temporary buildings have been constructed of mud walls with thatched roof:—

1. Collector's Cutcherry.
2. Mamlutdar's ditto.
3. Moonsiff's ditto.
4. Dispensary at Beitkul.
5. Jail for Chinese Convict Gang.
6. Police Barracks.
7. Extensive Sheds for laborers and coolies.

(l.) The following permanent works have been commenced, and will soon be ready:—

1. Collector's Cutcherry.
2. Post Office.
3. Burial-ground.

(m.) The road from Hooblee to Karwar via Yellapoor and the Arhyle Ghât has (with the exception of two bridges in progress) been completed. The cartmen, who have been bringing cotton to Karwar, declare that the road is excellent.

(n.) The branch of this road from Bunkapore to Yellapoor via Moondgode is in progress, and is now passable for carts. It is expected that the bridge over the Gungawully River at Shiddle-goondy will be completed during next season.

(o.) The approach to Karwar by the Kyga Road has not made much progress. The work was handed over last season to a Contractor (Mr. Jerome Burns), who did not succeed as was expected. It may be estimated that not more than one-fourth or one-fifth of the requisite amount of work has been completed. But so long as the Arhyle Ghât Road is kept in good order, there is no urgent cause for hurrying the opening of the Kyga Ghât. The work on the road has been carried on departmentally during the present year, and great progress has been made. In the beginning of May, I brought 14 carts down from Yellapoor to Mullapoor by this road, and they descended the Ghât at night without any accident.

II. What has been done by private persons or firms in the way of buildings or trade.

(a.) Messrs. W. Nicol and Co. have established an Agency at Karwar, and have built a large Bungalow, a Press-house, and an Office at Konay, and a Saw-mill at Mullapoor. The Press-house contains a Brunton's Patent Press, capable of pressing about one hundred bales of cotton per diem. The Saw-mill at Mullapoor contains powerful machinery, and is worked by steam. It is, I believe, Messrs. W. Nicol and Co.'s intention to move it to Kodibag at the mouth of the river. They have a boat-building establishment in connection with the Saw-mill, from which many small cargo boats have been turned out. They have built one large boat of teak and iron, and are now building another of the same description. The timber used by them is chiefly obtained from Cochin, and is cheaper than the valuable Canara take, which fetches high prices at Karwar. At the Press-house at Konay 5,797 bales have been pressed and shipped for England and Bombay. The entire charge for pressing, including gunny, roping, &c., is about Rs. 4 per bale. None of this cotton is bought at Karwar: it is merely brought here to be pressed. Messrs. W. Nicol and Co.'s local Agents are Agents for the British India Steam Navigation Company, which despatches steamers from Bombay down the Coast, touching at Karwar, twice a month.

(b.) The Manchester Cotton Company obtained a valuable site between Konay and Beikul, where large Press-houses, containing six of Naamlyth's Presses, worked by powerful engines, have been put up. These are ready to be worked, and can press about 430 bales daily. "The Karwar Company, Limited," has been formed with a capital of 15 lakhs to purchase these Presses, as well as Messrs. W. Nicol and Co.'s at Konay.

(c.) Several Parsees, from Bombay, and Portuguese from Goa, have opened shops at Karwar, but their buildings (with the exception of one pukka shop erected at Beikul), as well as their trade, have not as yet assumed a permanent form.

(d.) The Bombay Coast and River Steam Navigation Company has an Agency at Karwar, and their steamers touch (going and coming) once a week.

III. What by the Municipality.

(a.) The Municipal Act was introduced into Karwar on 1st July 1864, but the levy of taxes was not sanctioned until December 1864. About 6,000 feet of roadway in the site selected for the new Town have been raised and moorumped. About 15 acres of land has been set aside for the Bazaar, and such portion of these space as belonged to private individuals was purchased at a cost of Rs. 4,405. Five acres have been laid out into plots, and sold for Rs. 28,470, out of which sum Government gave Rs. 9,406 to the Municipality for Municipal works. A copy of the Municipal Rules is annexed, and the taxes mentioned in Schedule A have realized since 5th December 1864 the sum of Rs. 2,301, or at the rate of about Rs. 5,000 per annum. As this income is insufficient for the requirements of the Municipality, it has been proposed to levy a house tax, which is expected to yield about Rs. 1,500 a year.

(b.) The low sandy plain at Konay is very ill adapted as the site of a large town. In respect to the drainage, conservancy, water supply, and road-making, as well as building materials, I have never seen a place that presented so many natural difficulties; and much care, labor, and expense are requisite to make Karwar what it ought to be. Road-making and draining especially are so difficult and expensive, that the Municipality must trust to Government for liberal pecuniary assistance, without which their progress would be lamentably slow. The work which is now most urgently required is the continuation of the sea road to the river side at Kodibag, opposite Suda-shewghur, which Government has undertaken to construct. The Public Works Department has been asked to furnish a plan and estimate for this road as soon as possible.

(c.) A Charitable Dispensary has been established at Karwar.

(d.) An Anglo-Vernacular School, attended by about 50 Scholars, has been established; and a General Library, which has 49 subscribers, and already contains about 600 volumes.

All appeals under the above Act shall lie to the Superintendent of the Nunddroog Division; and the Court of Small Causes at Bangalore, shall be a competent Court for issuing the orders referred to in Section 23 of the Act.

No. 192.

REVENUE.

The 9th May 1865.

Notification.—His Excellency the Governor General in Council is pleased to publish, for general information, the following Rules for the collection of Octroi Duty in Lucknow for 1865-66 :—

Rules for the collection of Octroi Duty in Lucknow for 1865-66.

Under the authority given by Section XII. of Act XVIII. of 1864, the following rules in regard to the levy of Octroi Duty in Lucknow, have been sanctioned by the Chief Commissioner, for the year 1865-66 :—

I.—An Octroi or town duty will be levied on all articles brought into the city for consumption, sale or use therein, according to the Schedule in force.

II.—The following are exempted from duty :—Ordnance Stores; all necessaries for the use of European Soldiers, their wives and families, and all stores of clothing, books, &c., procured by Commanding Officers, for the use of their men (European and Natives); also, Stationery for Government Offices.

No goods will be liable to a second demand under these rules.

III.—The collection of the duty has been let in farm from the 1st May 1865 to 3rd April 1866. The farmer will appoint a certain number of servants for the collection of the duty, who will be registered by the Deputy Commissioner, Lucknow, and each of whom will wear a badge with a distinguishing letter or number by which he may easily be identified. Each servant will also be supplied with a copy of these Rules, and of the Schedule of Rates, which he will show on demand to any one desiring to see it.

IV.—All persons employed in the collection of duties under this Act are public servants under Definition 10, Section XXI., Penal Code, and shall be bound in the execution of their duties by the following rules :—

V.—No goods in transit through Lucknow shall be liable to any duty,—the owner will be at liberty to place them in the Bonded Warehouse (Aga Meerki Serai), and thence pass them free through the town.

VI.—The farmer is liable for all damage done to goods by stamping or other acts performed by or under colour of his authority, which cause loss to any trader or other owner of such goods, also of unnecessary delays by detention of goods.

VII.—Travellers are not exempted from these rules; and the Collector, in cases when he knows or has reasonable grounds to suppose that goods liable to duty are being brought for sale or consumption within the city limits, in dawk gharries or other conveyance, can apply to the Magistrate for aid in recovering dues on taxable articles.

VIII.—Any person evading or refusing payment of the duties lawfully demanded, will be liable on conviction by a Magistrate to the penalties described in Section XV. of the Act.

IX.—Merchants or other dealers in European goods, on arrival of their goods (or previously), can make a declaration of the total amount of invoice and pay accordingly. The farmer will have no power to examine their goods; but he can report to the Magistrate if he objects to the amount as declared, and the Magistrate can call for and examine the invoice.

X.—The farmer cannot detain goods at the Barrier or the Carrying Company's Offices, provided the invoice has been declared and arrangement made for payment; but in any case of refusal to pay, he shall refer to the Magistrate.

XI.—Merchants can pay according to their invoice, either once a month or on arrival of goods; but they will not be at liberty to remain in arrears beyond the month.

XII.—For all goods coming by public or private companies, the farmer must appoint a man to remain at the offices of the Companies. The consignees must declare the amount of invoice, and pay the duty before removing their goods. If the Agents of such Companies do not assist the farmer in preventing the removal of goods before payment when so called upon, and in case of any contravention of this or the previous five sections of these rules, the farmer will be entitled to demand payment at the Barrier on all future consignments to the offending party.

XIII.—The farmer, and all persons employed by him, will be liable to fine under Act XVIII. of 1864, Sections XIII. and XV., for any breach of these rules, or from demanding any duty in excess of the Schedule rates.

Lucknow Octroi Schedule, 1865-66.

General Headings.	Description of goods under each heading.	Rate at which the duty is now fixed.		REMARKS.

The 11th May 1865.

No. 471 of 1865.—The following Military letter from the Right Hon'ble the Secretary of State for India, No. 75 of the 17th March, and the Royal Warrant and Circular Memorandum from the War Office therein referred to, are published for general information :—

MILITARY. INDIA OFFICE;
 No. 75. London, the 17th March 1865.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—Para. 1. You are aware, from previous Despatches to your Government, that I have been for some time in communication with the Secretary of State for War, on the subject of the regulations relating to the passages, and the passage allowances of Officers of Her Majesty's British Forces proceeding to or returning from India.

2. I now forward, for the information of your Government, copy of a Royal Warrant dated 2nd January 1865, cancelling the Royal Passage Warrant of 1st July 1848, and establishing other regulations on the subject. These regulations, you will observe, are to be applicable to all Officers, whether of the staff or of regiments, brigades and batteries, who shall hereafter embark for service in India. They are also intended to apply to Officers of Her Majesty's British Service hereafter quitting India.

3. Your Government will take the necessary measures for giving due publicity to this Warrant, and will cause its provisions to be acted upon immediately on its promulgation in India, so far as respects the Officers of Her Majesty's British Service.

4. A Circular Memorandum from the War Office, copy of which is also sent, announces the issue of the revised Warrant, and notifies that, "in consideration of the privileges conferred upon the Officers of the army at large by its provisions, it has been decided to discontinue the grant of 'six months' Indian allowances, hitherto issued to Officers of Her Majesty's British Service 'proceeding from India to England on medical certificate.'"

5. The discontinuance of this grant, however, is to apply only to Officers of Her Majesty's British Service belonging to regiments, battalions, brigades and batteries, which shall proceed to India subsequently to the date of the Warrant.

6. The provisions of this circular should also be made known when the new Warrant is promulgated.

7. There are one or two points in the new Warrant to which, as causing an important alteration of the existing practice, I am desirous of drawing the attention of your Government.

8. Clause I.—Under this clause, Officers are entitled to passages at the public expense, if proceeding to serve upon the general or personal staff, or returning therefrom in consequence of reduction or removal. Officers of the divisional, general, and personal staff have hitherto been entitled to passages to India only. They will, henceforth, be entitled to passage from India also, when returning under the circumstances contemplated in this clause of the Warrant.

9. This rule is, however, not to apply to a Commander-in-Chief at either Presidency, special provision having been made by the Legislature for the expenses of the equipment and voyage of Commanders-in-Chief in India.

10. Instead of the uniform rate of contribution for messing (5*l.*) now made from the passage allowance of Officers proceeding to or from India, you will observe that the new Warrant (page 677) provides for the deduction of a variable rate from the staff or regimental pay of the Officer for whom the passage is provided.

11. This rate of deduction is to be made, in the case of the regimental Officer, by the Paymaster or Regimental Agent, as the case may be, as was provided for in the War Office Circular, 29th November 1858, No. 350. In the case of the Staff Officer, the deduction must be made at the pay office in India where the Officer first draws pay. In this country it will be recovered under the instructions of the Secretary of State for War.

12. In the War Office Circular above referred to, which fixed the uniform rate of messing contribution at 5*l.* for each Officer, it was stated, "in the case of an Officer who receives an allowance to find his own passage, no such stoppage is required."

13. This, as explained in Lord Stanley's Despatch dated 9th March 1859, No. 75, did not mean that an Officer who receives an allowance for his passage was to be exempt from the prescribed contribution for messing, but that, in such case, the stoppage was not required to be made by the Paymaster or Regimental Agent, it having been arranged, at the request of the Secretary of State for War, that, in each such case, the rateable reduction should be made from the amount of passage money when issued to the Officer, or his agent, either in England or in India.

14. The contribution for messing in this case also is henceforth to be deducted from the pay of the Officer receiving the passage allowance, at the termination of the voyage.

15. As intimately affecting the interests of the British Officer in India, this Despatch has been submitted to, and has received the concurrence of, the Secretary of State for War.

16. You will observe that neither the terms of the Circular nor those of the Royal Warrant apply to the Officers of the Indian Army, or the Officers of the Indian Staff Corps.

I have, &c.,

(Signed) C. Wood.

Circular No. 888.—PASSAGE WARRANT.

HOME AND FOREIGN.

VICTORIA R.

Whereas we have judged it expedient to cancel
 13 Our Royal Warrant of the 1st
 Passage Warrants. of July 1848, regulating the
 103. grant of Passages and Passage Allowances to Officers of Our Army. Our will and pleasure is, that these Our Royal Warrant and Regulations, to be administered and interpreted by Our Principal Secretary of State for War, shall for the future be observed in regard to all Officers proceeding to or from Our Colonies, and shall be applicable to all Officers whether of the Staff or of Regiments, Brigades, and Batteries, who shall hereafter embark for service in Our East Indian Possessions.

Given at Our Court at St. James's this 2nd day of January 1865, in the Twenty-eighth Year of Our reign.

By Her Majesty's Command,

DE GREY AND RIFON.

REGULATIONS

IN REGARD TO

PASSAGES AND PASSAGE ALLOWANCES.

Officers, Civil and Military, who, being entitled to passages at the public expense, shall be ordered to or from foreign stations, and Her Majesty's East Indian possessions, will be provided with passages in a contract packet, in a Government vessel, or in a vessel wholly or partly engaged by a public department, and when they cannot be so accommodated, will receive passage allowances at the rates hereinafter prescribed, or at such rates as may from time to time be established.

Officers are entitled to passages at the public expense,—

1. If proceeding to serve upon the general, medical, or civil staff of a foreign station, or returning therefrom in consequence of reduction or removal; or if proceeding with or upon the first appointment of the general officer to whose personal staff they belong, or returning in consequence of such general officer ceasing to hold his appointment.

2. If attached to, and ordered to proceed with their regiments, or in charge of detachments of their regiments.

3. If proceeding to fill up vacancies occasioned by death, by promotion, by augmentation, by resignation, by dismissal, or by the exchange, removal, or retirement of officers who have returned home on account of ill-health, who have been ordered home on duty, or who have served two years at the depôts of their regiments.

4. If ordered to proceed upon courts-martial, or upon any other special public duty upon which

their presence is considered absolutely necessary, or if returning after the performance of such public duty.

5. If returning home in consequence of regular regimental promotion, of promotion to the rank of general officer, of promotion under the Warrant of 6th October 1854, of being placed on retired full-pay under the Warrant of the 14th October 1858, or on half-pay under the Warrants of the 17th December 1855 and 2nd December 1857, or of promotion to the medical staff, or promotion in the civil branches of the army.

6. If ordered home to undergo instruction at the staff college or school of musketry, to join the regimental depôts of their regiments in their regular tour of duty, and actually joining such depôts without obtaining previous leave of absence.

7. If returning home on leave on account of ill-health upon the report and recommendation of a medical board, or if returning to their stations after the expiration of such leave.

8. The officer commanding at a foreign station, on being satisfied of the inability of an officer removed from or dismissed the service for misconduct, to provide his own passage, may use his discretion in ordering a passage for him at the public expense, a report of every such case being made to the Secretary of State for War.

9. An officer who, on the expiration of his leave of absence on private affairs, is ordered to do duty with detachments, will be allowed cabin accommodation, paying only the usual contribution for messing.

10. An officer who, when at home on leave of absence on his private affairs, shall subsequently do duty for two years with the regimental depôt, shall, when ordered to rejoin his regiment, be allowed a passage at the public expense.

11. If belonging to a colonial corps and returning home on leave of absence on their private affairs, and if returning to their stations after the expiration of such leave, provided they shall have previously completed seven years of foreign service with their regiments. European non-commissioned officers of West Indian and Ceylon regiments are, with their families, to be granted this privilege under the same conditions. Officers of West Indian regiments after one year's service on the Western Coast of Africa to be also granted free passages to this country, and back to their regiments. European staff and garrison clerks, after seven years' continuous service at tropical stations, may, on being granted leave of absence, be allowed free passages to this country and back.

Every officer who entered the store service prior to the 1st January 1857, and every barrack-master who entered the service prior to the 7th February 1860, will, when entitled to a passage at the public expense, be also allowed free conveyance for his wife and children, subject only to the regulated charges for messing.

School-masters (not being superintending school-masters) ordered to proceed by sea from one station to another will, with their families, be entitled to intermediate or second class passages at the public expense; and when so accommodated will be subject to deduction for rations at the rate of

1s. a day for himself, 4d. a day for his wife, and 2d. a day for each child.

When circumstances necessitate his being provided with accommodation inferior to intermediate or second class, he will only be subject to the usual stoppage of 6d. a day for rations.

The following scale will apply to other persons holding subordinate situations under the War Office:—

	Rates of stoppage for Messing.	Wives.	Children above two years old.
<i>Intermediate Passengers.</i>			
Band-masters (enlisted), Assistant Clerks, Temporary Clerks, Commissariat Store-keepers, Master Artificers, 1st and 2nd Wardens of the 1st and 2nd Class Military Prisons.	1s.	Free passage, and 1d. a day deduction for messing.	Free passage, and 2d. a day each deduction for messing.
<i>Steerage Passengers.</i>			
Barrack Serjeants, skilled Labourers, and others.	Soldiers' stoppage.	Free passage, and 2d. a day deduction for rations.	1d. a day each deduction for rations.

Officers are not entitled to passages at the public expense,—

If returning home on resignation, or in consequence of removal for misconduct, or of dismissal by the sentence of court-martial, except as specified in Clause No. 8.

If exchanging with other officers for their mutual convenience, if coming home on their private affairs, or if returning to their stations on the expiration of their leave of absence upon private affairs. Officers returning home on their private affairs will be required to sign the declaration prescribed by the regulations, and will, if when in this country they exchange or retire from the service, be liable to pay the expense of their successors' passages to the stations from which they have returned.

Officers retiring from the service by the sale of their commissions, will, unless they have served 25 years on full pay, be liable to the expense of their successors' passages.

An officer entitled to conveyance at the public expense must, when required to proceed on foreign service, apply to the proper military authority to be provided with a passage. When a passage cannot be provided on board a vessel of war, troop ship, transport, or other government vessel, or a freight ship, or contract steam vessel, the regulated allowance of passage money, according to the following scale, will be issued to an officer on his producing a certificate from the master or owner of the vessel in which he intends to embark that he has engaged his own passage, and that of his servant or servants when entitled to conveyance for them at the public expense, and if

proceeding by a steamer specifying the amount of passage money, &c., agreed to be paid:—

The allowance granted will be in each case that for the particular route and description of vessel (steam or sailing) by which the officer may be ordered to proceed; and in the case of steam conveyance being authorized, the amount granted will be the actual expense incurred by the officer, less the usual contribution for messing for the period of the voyage, provided such amount does not exceed the rate specified in the foregoing scale.

General officers will be permitted to embark three servants at the public expense. Every staff officer of the rank of field officer, and every regimental field officer of cavalry, artillery, and infantry, who is required to keep a horse or horses for the performance of his public duties, will be allowed conveyance for two servants. Officers below the rank of field officer (with the exception of subalterns) will be allowed a passage for one servant; but when horses are actually embarked, staff officers and district and regimental rifle instructors holding the rank of captain will be allowed passages for two servants, and those holding the rank of lieutenant and ensign will be allowed a passage for one only. Field officers of the Royal Engineers will be permitted to embark two servants, and those below that rank one only. Medical, commissariat, store, and other officers of the civil departments of the army will be allowed to embark servants according to their relative military rank. The permission to embark servants will, in all cases, be contingent on the claims of the officers themselves to free passages, and allowances for the passages of servants will only be issued for those actually embarked and accompanying them. Regimental officers having brevet rank will be entitled to allowances

for their servants, according to their regimental rank only. If female instead of male servants are embarked with married officers when accompanied by their wives, the difference in expense (if any) will be charged to the officers. Passages from port to port in the same military command may be provided for officers' civil servants actually embarked, not exceeding the number for which allowances are permitted to be drawn.

The allowance to be granted to general officers permitted to engage their own passages will be the actual and necessary expenses for the conveyance of themselves and families after abating their own mess contribution, and the expenses of messing their families for the period of the voyage; and the claims for reimbursement must be substantiated by documents showing the expenses actually incurred, and the several items of the charges.

When an officer shall have returned home, or shall have proceeded from one foreign station to another, or from one port to another, within the same command, under circumstances entitling him to a passage at the public expense, the Secretary of State for War, upon being furnished with the prescribed certificates, will communicate to the Lords Commissioners of the Admiralty that such officer was entitled to be accommodated in a government or contract steam vessel; or if he proceeded in a private trader, the Secretary of State for War will recommend that the actual sum which his passage may have cost may be granted him, provided it do not exceed the amount of the regulated allowance.

Staff and regimental officers and district and regimental rifle instructors entitled to draw forage or forage allowance, will, when proceeding to or from foreign stations (with the exception of India, Australia, China, Ceylon, or Mauritius), and intercolonially under circumstances which entitle them to free passages, be allowed to embark at the public expense the regulated number of horses actually required for the performance of their duties.

To any claim for the expenses of conveying a horse by sea, a certificate from the commanding officer should be appended, to the effect that the foregoing conditions have been complied with, and that the horse has actually embarked.

When an officer is provided with a passage on board a ship of war, troop ship, transport, freight ship, or contract steam vessel, or when a field officer is accommodated at the captain's table on board a ship of war, and is maintained while on board with a proper mess at the public expense, he will be liable, on account thereof, to the following deductions by the Secretary of State for War from his regimental or staff pay:—

Messing contributions. If a general officer, 8s. a day. If under the rank of a general officer, 3s. 6d. a day; but when wine and beer are not included in the mess, and it is so stated on the messing certificate, the daily contribution required will be 2s. 6d. only.

The officer will be further liable to a deduction of 9d. a day for each of his civil male servants actually embarked with him and victualled at the public expense.

Officers will be required to pay for the messing of their wives and families on board transports, freight ships, or other hired vessels, according to the following daily scale :—

	First Class or Chief Cabin.	Second Class or Intermediate.
Lady or female child of 16 years of age and upwards.	£ s. d. 0 6 8	£ s. d. 0 3 4
Children { of 7 and under 16 years of age...	0 3 4	0 1 8
{ of 1 and under 7 years of age...	0 2 8	0 1 3
{ under 1 year of age	Free.	Free.
Female Servants - - -	0 2 0	0 2 0

The rates to be allowed to captains of the navy for the accommodation of military officers ordered to be entertained at their tables, and the allowances to be granted to masters of vessels hired, freighted, or chartered by the public, will be regulated and paid by the Lords Commissioners of the Admiralty, and are not to be claimed from the officers embarked.

If, in consequence of military usage, a staff officer has to dine at the table provided at the expense of a general officer, in any vessel but a ship of war, such general officer shall be entitled to receive from the public the same daily allowance for such staff officer as may be granted by the Lords Commissioners of the Admiralty, under the naval regulations for the accommodation of such military officer at the table of a captain of the navy; but the staff officer shall be subject only to the same deduction from his pay as if he had been messed by the captain of the navy.

The number of days which are to be calculated for the purpose of payment to, or deduction from an officer, commences with that on which he takes his first dinner meal on board, and ends with that on which he takes his last dinner meal on board.

When a passage has been provided for an officer at the public expense, the proper military authority will notify to him the port of embarkation and the day on which he is to embark; and in the event of his being unavoidably detained at the port of embarkation beyond two days, an allowance of 5s. a day will be granted to him from the day of arrival, provided the regiment or dépôt to which he belongs or may have been attached is not stationed within ten miles of the port of embarkation. In every instance, however, of an officer being detained at the port of embarkation, whether at home or abroad, beyond fourteen days, and not attached to a regiment or dépôt, he will immediately report his detention to the proper military authority, in order that means may, if practicable, be adopted for attaching him to some regiment or dépôt.

If officers be required to go on shore at any intermediate station on account of the public service, and to remain at that place, or to be on shore more than 24 hours, the payment for their mess is to be proportionally curtailed according to the portion of the voyage shortened, or to the length of their temporary continuance on shore; and such officers, if not admitted into barracks and accommodated at a regimental mess, shall be further entitled to an allowance of 5s. for each day they may be required to dine on shore.

An officer having a claim to the allowance of 5s. a day, in consequence of his having been detained at a port of embarkation, must apply, if at home, through the Quarter Master General to the Secretary of State for War, and if abroad, to the general officer commanding on the station, supporting his claim by the order he received to proceed to the port of embarkation; and by a certificate from the officer commanding on the spot, of the dates of arrival and embarkation, and that the officer had not been and could not be attached to any regiment or detachment, but had been unavoidably subjected to living at his own expense.

Officers and others provided with passages in government or other vessels will be allowed to take with them, without extra charge, the quantity of baggage prescribed for their rank in the following scale; but this baggage must be so packed as not to exceed five cubic feet in measurement for each hundred-weight allowed by regulation. Should any charge be made, on board contract packets, for the conveyance of any portion of the quantities of baggage specified below, the officer is to defray the charge, and to transmit to the War Office his claim for reimbursement, accompanied by proper certificates and receipts for the payments made :—

* According to relative rank, with an addition for medical officers of 1 cwt. (or 5 cubic feet) for professional books, &c.

† Combatant officers of cavalry are allowed 2 cwt. (or 10 cubic feet) in addition to the above quantities for spare saddlery.

‡ The quantities for Pay-masters, Adjutants, and Quarter-masters, as above, are exclusive of 6 cwt. (or 30 cubic feet) for the two former, and 10 cwt. (or 50 cubic feet) for the latter, if belonging to cavalry or infantry, and 6 cwt. (or 30 cubic feet) if belonging to the royal artillery or royal engineers, allowed for books and stores in their immediate charge, when such books and stores actually accompany them.

General and other staff officers, cavalry officers, and mounted officers of infantry, when proceeding by water, are to be allowed specially to embark, besides the weight of baggage accorded to their respective ranks, the equipment for each horse required to be kept by them in the execution of their public duties, and foraged at the public expense, in the following proportions, viz.:

For one horse ...	10 cubic feet admeasurement.
For the second and every other horse, in addition	5 ditto ditto.

MISCELLANEOUS.

School-mistress, the wife of a trained School-master, but not travelling with him, or whose allowance is not included in that of her husband	6	30
Officers' wives, together with their children under 14 years of age, for inland carriage when the journey shall be continuous with a sea voyage abroad	6	30
Officers' children, above 14 years of age, ditto ditto	†	2†

The quantities for School-masters and School-mistresses, as above, to include professional books.

Officers ordered to proceed upon public duty from one foreign station to another, or within the same command, or removing in consequence of ill health, upon the report of a medical board, may be accommodated with passages on board government vessels, or may receive passage allowances under the warrant of the officer in command, subject to approval of the Secretary of State for War. The allowance to be granted to those officers who cannot be accommodated in a government vessel will be governed by the established local regulations, and is not to exceed the *average* cost to the public of such passage; but the charges made under the warrant of the general officer commanding on the station are to be vouched in the same manner as the charges for the passages of officers to and from the United Kingdom; and the officer, if messaged at the public expense, will be subjected to the same deduction as if proceeding to or from this country, or to or from a foreign station.

Every officer returning in a private vessel from a foreign station on duty, or home in a private vessel on account of ill health, will be required to produce the following documents:—

A.—A certificate from the general or other officer commanding on the station, stating the cause of the officer's return home.

B.—A certificate from the proper officer of the naval department at the station, or should there be no such officer on the spot, from the general or other officer commanding there, stating that the officer had applied for a passage in a government vessel, specifying the date of the application, and showing that a passage could not then be provided for him in any government vessel (and that it was not probable a passage could be so provided within one month from that date).

C.—A certificate from the master of the vessel in which the officer came home, stating that he had paid for his own passage, and for that of his servant or servants, specifying the number, and a receipt for the passage money, showing the several items of the charge.

D.—And if returning from a foreign station, on account of ill health, a certificate also from the board of medical officers, recommending his return. The report of the board is to be forwarded by the general officer commanding on the earliest opportunity, to the Commander-in-Chief.

Every officer who provides his own passage, whether entitled to the allowance in aid of this expense or not, will be required to sign a certificate that he has provided his own passage, which is to be retained by the agent or paymaster, to be annexed to his accounts.

The general or other officer commanding on a foreign station may exercise his discretion in directing by his warrant the payment of the allowance on the spot to an officer returning home upon duty, or on account of ill health; but the prescribed certificates must, in that case, be annexed as vouchers to the account in which the charge is made; and such general officer will forthwith communicate to the Secretary of State for War that he has authorized the payment on the station. If an officer entitled to a passage at the public expense to whom the allowance has not been issued abroad, return home in a private vessel at his own expense, and shall fail to produce the documents prescribed, the allowance will not be granted to him.

Officers embarking with their families.

Upon all occasions of an officer being permitted to take his wife and family with him when ordered to proceed by sea on public duty, the officer must himself bear the expense of providing the messing of his family.

If such officer cannot be accommodated in a government vessel he will receive for himself the regulated allowance only, and must make his own bargain with the master or owner of the private vessel in which he may proceed for the whole accommodation and messing he may require for himself and family.

If accommodation not otherwise required for the public service can be provided without cost to the public in a vessel belonging to or wholly freighted or chartered by government, for an officer and for his wife and children, cabin accommodation on board will be provided for them; but this indulgence is limited to accommodation only, and will give no claim to the officer to be relieved from the charge of messing his family.

To render this expense however as moderate to the officer as possible, the following arrangements have been made by the Lords Commissioners of the Admiralty:—

In addition to the contribution to which an officer may be liable for his own mess on board a ship of war or commissioned troop ship, he will be liable to the undermentioned further daily

contributions for the messing of each member of his family permitted to embark with him, viz. :—

Wife.	Children between		Female servants.
	7 and 16 years.	16 and 21 years.	
5s.	2s. 6d.	2s.	2s.

By the naval regulations general officers, field officers on the staff, colonels, lieutenant-colonels, are to be entertained at the table of the captain or commander; majors not on the staff, and officers of the army below the rank of field officer, at lieutenants' mess. If, however, staff field officers are embarked with their families, they will be allowed the option of messing either at the captain's table or the lieutenant's mess.

Officers of the civil branches of the army should be entertained according to their relative rank.

When an officer is provided with a passage to or from a foreign station on board any vessel hired, freighted, or chartered by or on account of the Lords Commissioners of the Admiralty, the charter-party or contract will prescribe that a suitable table shall be provided by the master of such vessel for the wife, children, and female servants of such officer who may be ordered on board by the said Lords Commissioners, or by other competent authority.

Officers authorized to proceed in the contract steam vessels, whether to or from foreign stations or inter-colonially, will be required to pay to the owners for their families permitted to embark with them, the sums which may be prescribed in the contracts for the passage and messing of government passengers.

Officers proceeding on service without troops

Special contracts by the Commissariat Department.

from one foreign station to another, or from port to port within the same command, under special contracts made by the Commissariat Department, must themselves defray the whole expense of the passage and messing of their families, and can only be relieved from the charge of cabin accommodation of their families, when the passage is provided in vessels belonging to or wholly freighted or chartered by government.

Circular No. 901.—(Passage Allowances).

WAR OFFICE;

The 9th February 1865.

1. In promulgating Her Majesty's Warrant of 2nd January 1865, Circular No. 888, sanctioning the Regulations which will for the future define the grants of Passages and Passage Allowances to all Officers proceeding to or from the Colonies, and extending its provisions and privileges to all Officers of Her Majesty's British Service, whether of the Staff, or of Regiments, Battalions, Brigades, and Batteries, who shall hereafter embark for or from India—

2. It is notified that, in consideration of the privileges conferred upon the Officers of the Army at large by the provisions of this Warrant, it has been decided, with the concurrence of the Secretary of State for India in Council, to discontinue the grant of six months' Indian Allowances, hitherto issued to Officers of Her Majesty's British Service proceeding from India to England on medical certificate.

3. The discontinuance of this grant will, however, apply only to Officers of Her Majesty's British Service belonging to Regiments, Battalions, Brigades, and Batteries, which shall proceed to India subsequently to the date of this Warrant.

EDWARD LUGARD.

No. 472 of 1865.—The following promotions are made, subject to Her Majesty's approval :—

THE SOONDERBUNS RECLAMATION

AND

Land Investment Company Limited.

NOTICE.

THE withdrawal of the Jessore Soonderbuns by Government having caused general dissatisfaction, and the inability of Government to give a complete title to those portions offered for sale, having created considerable distrust, the Promoters of this Scheme have decided to withdraw their Prospectus for the present.

In taking this step the Promoters do not abandon the project, but intend to memorialise the Secretary of State with the view of obtaining lands in the Soonderbuns under a good and sufficient title; meanwhile, the names of *bonâ fide* applicants, who have deposited money with the Bankers of the Company have been registered, and will have priority in future allotments.

The money deposited will be returned, on and after the 6th instant, by the Company's Bankers. Holders of Canning Shares, who have already paid deposits for Soonderbun Shares will likewise have the same refunded by the Secretaries on returning the Provisional Letter of Allotment, and the undersigned will continue to register present holders of Canning Shares for privilege of allotment of Soonderbun Shares up to 30th June next: The deposit of Rs. 500 per Share is for the present dispensed with, but must be paid at the time of issue of Allotment Letter

By Order of the Promoters,

CALCUTTA, }
2nd May 1865. } BORRADAILE, SCHILLER & Co.,
Secretaries & Treasurers.

NOTICE.

THE Third Half-yearly Ordinary General Meeting of the Shareholders of the Calcutta Screwing Company "Limited," will be held at the Company's Office in the Bonded Warehouse at noon, on Wednesday the 10th June next, for the purpose of passing the accounts for the Half-year ending 30th April 1865, and of declaring a dividend.

Major-General George Conran, Royal (late Madras) Artillery, to be Lieutenant-General, dated 24th January 1865.

Colonel Charles Samuel Reid, Royal (late Bengal) Artillery, to be Major-General, dated 24th January 1865.

WAR OFFICE;

Pal Mall, the 14th March 1865.

Brevet.

Captain Thomas Henry Sutt, Royal (late Bengal) Artillery, to be Major, dated 5th August 1864.

The undermentioned Officers having completed the qualifying service in the rank of Lieutenant-Colonel, to be Colonels under the Royal Warrant of 14th October 1858:—

Lieutenant-Colonel Joseph Lyon Barrow, Royal (late Madras) Artillery, dated 8th July 1864.

Lieutenant-Colonel John Desbrisay Mein, Royal (late Madras) Artillery, dated 8th July 1864.

No. 456 of 1865.—The following Military letter from the Right Hon'ble the Secretary of State for India, No. 91 of the 24th March 1865, is published for general information:—

MILITARY.

INDIA OFFICE;

No. 91.

London, the 24th March 1865.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—The Military letter from your Government, dated 21st January, No. 36, submits two questions with regard to the retirement of Medical Officers, arising out of the late alterations with respect to the Medical Service. With regard to the first, it appears to you that all service on the full pay of the appointment in the case of Inspectors and Deputy Inspectors General of Hospitals, should reckon towards the 5 years' service in those grades qualifying for the additional pension; and that the aggregate period of "service in India," noted in para. 35 of my Despatch dated 7th November last, No. 36, is to include the periods of leave hitherto allowed to reckon under the new furlough rules as service for pension.

2. This is quite in accordance with the intentions of Her Majesty's Government.

3. With regard to the second point, you apprehend that the six months' leave on medical certificate, referred to in para. 38 of my Despatch, applies only the tenure of the appointments of Inspector General and Deputy Inspector General, and not to the time of pension under para. 35.

4. This view is also quite correct; the tenure of appointment referred to being that which is to entitle Officers of these grades to the additional pensions after five years' active employment in India.

I have, &c.,

(Signed) C. WOOD.

H. K. BURNE, *Lieut.-Col.,*
Offg. Secy. to the Govt. of India.

FINANCIAL DEPARTMENT.

APPENDIX TO The Gazette of India.

Published by Authority.

CALCUTTA, SATURDAY, MAY 6, 1865.

Home Department.

LEGISLATIVE.

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 17th April 1865, and is hereby promulgated for general information :—

ACT No. XXII of 1865.

An Act to amend Act No. XVIII of 1864, (to provide for the appointment of a Municipal Committee for the City of Lucknow).

Whereas it is expedient to amend Act No. XVIII of 1864 (to provide for the appointment of a Municipal Committee for the City of Lucknow); It is enacted as follows :—

1. Section twenty-one of the said Act No. XVIII of 1864 is hereby repealed, and the following Section shall be read in lieu thereof.

2. It shall be lawful for the Governor-General of India in Council, by Order published in the Gazette of India, to extend the said Act to any place under the immediate administration of the Government of India; and when so extended, it shall have effect in such place as if the name of such place were substituted throughout the said Act for the name "Lucknow." The Governor General of India in Council shall by such Order declare how many persons shall be members, and what and how many persons shall be *ex-officio* members, of the Committee to be constituted in the place to which the said Act shall have been so extended: Provided that the number of such *ex-officio* members shall not be more than one-third of the number of all the members of such Committee.

Power to Governor General in Council to extend Act XVIII of 1864.

This Act to be construed with Act XVIII of 1864.

3. This Act shall be read and taken as part of the said Act No. XVIII of 1864.

WHITLEY STOKES,
Offg. Asst. Secy. to the Govt. of India,
Home Department (Legislative.)

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 17th April 1865, and is hereby promulgated for general information :—

ACT No. XXIII of 1865.

An Act to amend the constitution of the Chief Court of Judicature in the Punjab and its Dependencies.

Whereas it is expedient to amend the constitution of the Court of the Judicial Commissioner of the Punjab and its Dependencies, and to invest the Judges of the Court constituted under this Act with an original jurisdiction for the trial of certain Civil and Criminal cases; It is enacted as follows :—

1. In this Act, unless there be something repugnant in the subject or context—

"Punjab" means the Territories for the time being under the Government of the Lieutenant-Governor of the Punjab and its Dependencies.

"Lieutenant-Governor" means the Lieutenant-Governor for the time being of the Punjab.

"Chief Court" means the Chief Court of the Punjab constituted under this Act.

"Judge," "Registrar," and other words denoting any particular Officer respectively include any person for the time being authorized to act as such Judge, Registrar or other Officer.

"Magistrate" denotes any person exercising any of the powers of a Magistrate as defined in the Code of Criminal Procedure.

"Barrister" includes Barristers of England or Ireland, and Members of the Faculty of Advocates in Scotland.

"Section." "Section" denotes a Section of this Act.

Words in the singular include the plural: words in the plural include the singular.

Gender. Words importing the masculine gender include females.

2. The Court constituted under this Act shall be styled the Chief Court of the Punjab, and shall consist of two or more Judges, who shall be appointed by the Governor-General of India in Council, and of whom one at least shall always be a Barrister of not less than five years' standing: Provided that the person who at the time of the constitution of the Chief Court shall be the Judicial Commissioner of the Punjab, shall become a Judge of such Court without further appointment for that purpose.

3. The Judges of the Chief Court shall have rank and precedence in the Court according to the seniority of their appointments as such Judges.

4. The Judges of the Chief Court shall hold their offices during the pleasure of the Governor-General of India in Council.

5. Previously to entering on the execution of the duties of his office, every Judge appointed under this Act shall make or subscribe the following declaration before the Lieutenant-Governor or such authority or person as he may commission to receive the same:—

"I, A. B., appointed Judge of the Chief Court of the Punjab, do solemnly declare that I will faithfully perform the duties of my office to the best of my ability, knowledge, and judgment."

6. The Judges of the Chief Court with the sanction of the Lieutenant-Governor may, from time to time, appoint a person to be the Registrar of the said Court. The Registrar shall be the principal Ministerial Officer of the Court, and shall have such powers, and perform such duties, as shall be given and assigned to him by the Court by any rule duly made by the Court under the forty-fourth Section.

7. The Judges of the Chief Court may, from time to time, and subject to any rules and restrictions which may be prescribed by the Governor-General of India in Council, appoint a Deputy Registrar and such and so many Clerks and other Ministerial Officers as shall be found necessary for the administration of justice by such Court, and the due execution of the powers and authorities given to it by this Act.

8. Every Officer appointed under either of the last two preceding Sections shall be liable to dismissal by order of the Chief Court: Provided that neither the Registrar nor Deputy Registrar shall be removed from office without the sanction of the Lieutenant-Governor.

tratar shall be removed from office without the sanction of the Lieutenant-Governor.

9. The Chief Court shall have, and use as occasion may require, a Seal with this inscription "The Seal of the Chief Court of the Punjab," to be made under the directions of the Lieutenant-Governor; and all summonses, decrees and other process issuing out of the Court shall be stamped with such Seal, and signed by a Judge or the Registrar or Deputy Registrar of the Court.

10. Any person duly authorized by the Secretary of State for India in Council to appear, plead or act on his behalf; (2) any suitor appearing, pleading or acting on his own behalf or on behalf of a co-sutor; (3) any person who, for the time being, is an Advocate, Vakeel or Attorney-at-law of any of the High Courts of Judicature in India or of the Sudder Court of the North-Western Provinces,—shall be permitted to appear and act as the Pleader of any suitor in the Chief Court in any suit or touching any matter whatever. Save as aforesaid, no person shall be permitted to appear or act as the Pleader of any suitor in the Chief Court in any suit, or touching any matter whatever, unless such person shall have been previously licensed by the Court to act for the suitors of such Court generally, or specially for the particular occasion. It shall be lawful for the Judges to make Rules for the qualifications and admission of proper persons to act as Pleaders in the Court.

11. The Chief Court may for sufficient reason revoke any license which the Court shall at any time grant to any person to act generally or specially as a Pleader under this Act, and may for sufficient reason suspend any person whatsoever from appearing or acting as a Pleader in any suit, or touching any matter.

12. The fees to be received by any Pleader, other than an Advocate of a High Court, shall be subject to the order and control of the Court, and no fees shall be recoverable by any such Pleader except such fees as shall be allowed under the forty-fourth Section.

13. The Chief Court shall be the highest Court of Appeal from the Civil and Criminal Courts in the Punjab, and shall (subject to the provision hereinafter contained) be the only Court exercising appellate jurisdiction in such cases (whether relating to the title or succession to land or to the possession or any right in respect of land or otherwise) as are subject to appeal to the highest Civil and Criminal Court in the Punjab, by virtue of any law or practice now in force, or as shall become subject to appeal to the Chief Court by virtue of any law hereafter made by the Governor-General of India in Council. Provided

that when a settlement of Land Revenue shall be in progress, and the Local Government, under Act No. XIX of 1865 (*to define the jurisdiction of the Courts of Judicature of the Punjab and its Dependencies*) shall have invested the Financial Commissioner of the Punjab with the power of a Court of final appeal in any class of suits regarding land, or the rent revenue or produce of land, the jurisdiction of the Chief Court shall, so far as regards such class of suits, be barred during the continuance of the power with which such Commissioner shall have been so invested.

14. The Chief Court may remove and try and determine as a Court of original jurisdiction any suit being or falling within the jurisdiction of any Court subject to its superintendence when the Chief Court shall think proper to do so, either on the agreement of the parties to that effect, or for purposes of justice.

Extraordinary original Civil jurisdiction.

15. The Chief Court may withdraw any suit or appeal from any Court subject to its superintendence other than a Court of Small Causes or a Court of a Cantonment Magistrate, and refer such suit or appeal for trial to any other subordinate Court competent in respect of the value or amount of the suit to try the same.

Power to transfer suits and appeals from one subordinate Court to another.

16. The Chief Court may call for the record of any case decided by any Court of Small Causes, or on appeal by any Court subject to its superintendence in which no appeal shall lie to the Chief Court, if such Court of Small Causes or subordinate Court in hearing the appeal shall appear to have exercised a jurisdiction not vested in it by law.

Power to call for record of cases decided by subordinate Courts.

17. All special appeals preferred after the date on which the Chief Court is established, from the decrees of Civil Courts of whatever grade in the Punjab, shall lie to and shall be heard by the Chief Court only, and not by any other Court.

Special appeal from Courts in Punjab to lie only to Chief Court.

18. Save as in this Act is otherwise provided, the proceedings in the Chief Court in Civil suits of every description between party and party shall be regulated by the Rules relating to Civil Procedure for the time being in force in the Punjab.

Regulation of proceedings in Civil suits.

19. In the exercise of its Civil jurisdiction, Original as well as Appellate, such Rules of law or equity and good conscience shall (until otherwise provided) be applied by the Chief Court in each case coming before it, as would have been applicable to such case by any local Court having jurisdiction therein.

In exercise of Civil jurisdiction, law of the local Courts to apply.

20. The Chief Court shall have power, as a Court of original jurisdiction, to try European British subjects committed to it for trial; and from the date on which

Power to try European British subjects.

this Act shall come into operation, no commitment of a European British subject for trial by a High Court of Judicature, shall be made by any Court or Officer in the Punjab; but every commitment which, if this Act had not been passed, could have been made to a High Court, shall be made to the Chief Court. Whenever any such European British subject shall be committed or bailed for trial before the Chief Court, the Chief Court shall direct at what place within the limits of its jurisdiction the trial shall be held.

21. Any Justice of the Peace or Magistrate who shall commit to custody or hold to bail any European British subject for trial before the Chief Court, shall, together with the record of the preliminary enquiry and all recognizances and other documents and any weapon or article of property connected with the case, deliver to the Registrar of the Chief Court a written instrument of charge signed by him, stating for what offence such European British subject is so committed or held to bail.

Charge to be delivered to Registrar with commitment of European British subject.

22. The Chief Court shall consider the charge, and may, if it appear necessary or expedient so to do, amend, alter or add to the same. The charge, with such amendments, alterations or additions, if any, shall be recorded in the Chief Court, and the person charged shall be entitled to have a copy of such charge with such amendments, alterations or additions (if any) gratis.

Chief Court to consider, and, if it will, to amend, alter or add to the charge.

23. The person charged shall also, if he demands them at a reasonable time before the trial, be furnished with copies of the depositions of the witnesses upon whose depositions he has been so committed or held to bail, on payment of a reasonable sum for the same, not exceeding one anna for each folio of ninety words.

Charge with amendments, alterations or additions (if any) to be recorded.

24. Upon charges recorded as aforesaid, persons committed to custody or held to bail shall be deemed to have been brought before the Chief Court in due course of law, and (subject to the provisions contained in the Code of Criminal Procedure as to the amendment and alteration of charges, and subject also to the provisions of the next following Section) shall be tried upon the charges so recorded.

Accused to have copies of examinations.

25. When any such charge shall have been recorded in the Chief Court as aforesaid, and shall at any time before the commencement of the trial of the person charged, appear to the Chief Court to be clearly unsustainable, an entry to that effect may be made on the charge by a Judge of the Court. Such entry shall have the effect of staying proceedings upon the charge, but shall not operate as an acquittal of the person charged unless and until three years from the time of making the entry shall have elapsed, at the expiration of which period, if no

Effect of charge.

26. When any such charge shall have been recorded in the Chief Court as aforesaid, and shall at any time before the commencement of the trial of the person charged, appear to the Chief Court to be clearly unsustainable, an entry to that effect may be made on the charge by a Judge of the Court. Such entry shall have the effect of staying proceedings upon the charge, but shall not operate as an acquittal of the person charged unless and until three years from the time of making the entry shall have elapsed, at the expiration of which period, if no

Chief Court may order an unsustainable charge not to be proceeded with.

fresh charge have been brought on the same matter, he shall be considered as having been acquitted.

26. The Chief Court shall ordinarily hold its sittings at the seat of Government of the Punjab: but it may from time to time, with the approval of the Lieutenant-Governor, hold sittings at such other places in the Punjab as shall seem convenient. Due notice shall be given beforehand in the Official Gazette of all sittings intended to be held for the trial of cases in the exercise of the original Criminal jurisdiction of the Court.

27. Pending the directions of the Chief Court as to the place of trial, every such European British subject as is referred to in the twenty-first Section shall (if not out on bail) be committed by the Justice of the Peace or

Magistrate for intermediate custody to the nearest Criminal jail in which he can be most conveniently confined. If the trial shall be directed to be held at the usual place of sitting of the Court, the Justice of the Peace or Magistrate shall bind over the person charged to appear and take his trial at such usual place of sitting, or shall commit him to the jail at such place. If the Chief Court shall direct that the person charged be tried elsewhere than at its usual place of sitting, the Justice of the Peace or Magistrate shall bind him over to appear and take his trial at the place directed, or shall, if necessary, cause him to be removed to the Criminal jail of or nearest to the place at which he is directed to be tried; and the Officer in charge of such Criminal jail shall keep him in safe custody until discharged in due course of law.

28. It shall be lawful for the Chief Court to direct that all European British subjects committed or bailed for trial within certain specified Districts or during certain specified periods of the year, shall be tried at the usual place of sitting of the Court, or to direct that they shall be tried at a particular place named, and also to order that such

European British subjects shall, if not bailed, be committed for intermediate custody to a particular jail, being one of the jails appointed by the Government for the reception of such prisoners.

29. All trials under the twentieth Section shall be by Jury.

30. Whenever the Chief Court shall have given notice of its intention to hold sittings at any place (whether at the seat of Government of the Punjab or otherwise) for the exercise of its original Criminal jurisdiction, the Court of Session at such place shall take and cause to be taken the measures prescribed by Sections three hundred and thirty-six to three hundred and forty, both inclusive, of the Code of Criminal Procedure for the summoning of Jurors; and in addition to the persons so sum-

moned as Jurors, the said Court of Session shall, if it shall think needful, after communication with the Commanding Officer, cause to be

summoned such number of Commissioned and Non-Commissioned Officers in the Military service resident within ten miles of its place of sitting as the Court shall consider to be necessary to make up the Juries required for the trial of European British subjects charged with offences before the Chief Court as aforesaid. All Commissioned and Non-Commissioned Officers so summoned shall be liable to serve on such Juries notwithstanding anything contained in the Code of Criminal Procedure, but no Commissioned or Non-Commissioned Officer shall be summoned whom his Commanding Officer shall desire to have excused on the ground of urgent Military duty or for any other special Military reason. The Juries for the trial of European British subjects as aforesaid shall be formed in the manner required by the Code of Criminal Procedure and by this Act from the persons summoned under the said Sections of the Code of Criminal Procedure, and from the Commissioned and Non-Commissioned Officers summoned as aforesaid, or, if no such Officers have been summoned, then solely from the persons summoned under the same Sections.

31. If any European British subject charged as aforesaid shall so require before the Jury shall be empanelled, the majority of the Jurors shall consist of Europeans or Americans or both Europeans and Americans.

32. On every trial of an European British subject under this Act, the Jury shall consist of twelve persons, and unanimity, or a majority of not less than nine with the concurrence of the presiding Judge, shall be necessary for a verdict of guilty. In default of such unanimity, or of such majority and concurrence, the prisoner shall be acquitted.

33. So much of the three hundred and eightieth Section of the Code of Criminal Procedure as requires the confirmation by the Sudder Court of sentences of death passed by a Court of Session, and so much of the said Section as requires from the Court a statement of the grounds on which a person convicted of an offence made punishable by death by the Indian Penal Code has been sentenced to a punishment other than death, shall not apply to sentences by the Chief Court passed in the exercise of its original Criminal jurisdiction.

34. So much of the twenty-sixth Chapter of the Code of Criminal Procedure as requires judgment to be passed by a Criminal Court in any particular form, and as requires that the sentence or finding shall be recorded in any particular form, shall not apply to judgments, sentences or findings in trials before the Chief Court acting in the exercise of its original Criminal jurisdiction; but the Chief Court shall pass judg-

ment and shall record or cause to be recorded the sentence and finding in such form as it shall think proper.

35. When any person has been convicted of an offence before a Judge of the Chief Court acting in the exercise of its original Criminal jurisdiction, the Judge, if he think proper, may reserve for the decision of a Court consisting of such Judge and one or more other Judge or Judges of the Chief Court, any question of law or of the admissibility of evidence which has arisen in the course of the trial of such person. If the Judge reserve no such question, he shall forward the prisoner with a copy of his sentence and a warrant for the execution of the same to the Magistrate or other Officer in charge of the jail of the District or place in which the trial was held, and on the receipt of the warrant such Magistrate or other Officer shall proceed as provided in the three hundred and eighty-fifth Section of the Code of Criminal Procedure. If the Judge reserve any question of law or of the admissibility of evidence, the person convicted shall, pending the decision thereon, be remanded to jail. If the decision on the question be adverse to the person convicted, the Court shall send a copy of its sentence and a warrant for the execution of the same to the Magistrate or other Officer in charge of the jail to which the prisoner shall have been remanded, and such Magistrate or other Officer shall proceed as provided in the same Section.

36. Save as is hereinbefore otherwise provided, the Code of Criminal Procedure shall apply to the constitution and formation of Juries for the purpose of trials before the Chief Court acting in the exercise of its original Criminal jurisdiction and to trials before such Court and to sentences by such Court and to the carrying into execution of such sentences.

37. Every European British subject apprehended within the Punjab, or delivered into the custody of a Magistrate within the Punjab wherever apprehended, shall be amenable to the law for any offence committed by him within the territory of any Foreign Prince or State, and may be bailed or committed for trial as hereinafter provided on the like evidence as would warrant his being bailed or committed for trial for the same offence if it had been committed in the Punjab.

38. The committing Magistrate immediately and before the trial shall report the case to the Lieutenant-Governor, and shall obey the orders which he shall receive thereon, and the Lieutenant-Governor may order the trial to be had before the Chief Court.

39. When the offence is charged to have been committed in the territory of any Foreign Prince or State, administered by Officers acting under the authority of the Government of India, in which territory a Court competent to try the person charged is estab-

lished by authority of the Governor-General of India in Council, the Lieutenant-Governor may order such person to be conveyed in custody out of the Punjab for the purpose of delivering him up for trial before such Court.

40. When the person charged is committed to custody the form of the warrant shall specify the commitment to be until the orders of the Lieutenant-Governor can be received and acted on. When he is bailed, the form of the bail-bond shall be in the first instance to appear before the Magistrate on a certain day assigned, allowing reasonable time for the receipt of the orders of the Lieutenant-Governor, and on such subsequent days as the Magistrate shall from time to time require. If the Lieutenant-Governor shall order the person charged to be tried in the Chief Court, the Magistrate may cause the bail-bond to be renewed in the usual form to appear and take his trial in such Court.

41. In either case the special order of the Lieutenant-Governor shall be deemed full authority either for the trial of the person charged within the Punjab, or for conveying him in custody out of the Punjab as aforesaid.

42. No decree of any Civil Court shall be reversed or modified on appeal, and no sentence of any Criminal Court shall be reversed or modified on appeal or revision, save by the order of not less than two Judges of the Chief Court.

43. Save as herein otherwise provided, the Chief Court may by its own Rules provide for the exercise, by one or more Judges, of the original and appellate jurisdiction vested in such Court, in such manner as may appear to such Court to be convenient for the due administration of justice.

44. The Chief Court shall have superintendence over all Courts which may be subject to its appellate jurisdiction, and shall have power to call for returns, to make and issue general rules for regulating the practice and proceedings of the Chief Court and of such subordinate Courts, to give and assign to the Ministerial Officers of the said Chief Court and subordinate Courts respectively such powers and duties as may seem fit, to frame and prescribe forms for every proceeding in the said Courts for which it shall think necessary that a form be provided, and also for keeping all books, entries, and accounts to be kept by the Officers, and to settle Tables of Fees to be allowed to Pleaders, and from time to time to alter any such rule or form or table; and the rules so made, and the forms so framed, and the tables so settled, shall be published in the Official Gazette, and after being so published shall be used and observed in the Chief Court: Provided that such general rules and forms and tables be not inconsistent with the provisions of this Act or any law in force, and shall before they are issued have received the sanction of the Lieutenant-Governor.

45. The Chief Court shall have jurisdiction in all proceedings depending in the Court of the Judicial Commissioner of the Punjab at the time of the constitution of the Chief Court; and all previous proceedings of the Court of the said Commissioner shall be dealt with as if the same had been had in the Chief Court.

46. If the Chief Court shall consist of two Judges only, and if in any case heard by such Judges sitting together there shall be a difference of opinion between them, the following course shall be pursued, that is to say:—

(1st)—If the case be heard in appeal and the difference of opinion shall be on any question of fact in the finding of the Lower Court, the finding shall be upheld.

(2nd)—If the difference of opinion shall be on a point of law or of usage having the force of law, the ruling of the Lower Court shall in such case also be upheld, unless one of the Judges shall be of opinion that the point is one which ought to be referred to the High Court of Judicature at Calcutta, in which case the Judges shall state the point as to which they differ, and forward such statement, with their own opinions respectively, to such High Court. The Chief Court may proceed in the case notwithstanding such reference, and may pass a decree contingent upon the opinion of the High Court on the point referred; but no execution shall be issued in any case in which a reference shall have been made until the receipt of the order of the High Court.

(3rd)—If the case be heard by the Judges in the exercise of the original jurisdiction of the Chief Court, and the difference of opinion shall be on a point of law or usage having the force of law, the Judges shall state the point on which they differ, and proceed as last hereinbefore provided. The same rule shall be observed when a difference of opinion may arise between two Judges of the Court upon a point of law reserved under the thirty-fifth Section.

(4th)—If the case be heard by the Judges in the exercise of the original jurisdiction of the Chief Court, and the difference of opinion be on a question of fact, the opinion of the Senior Judge shall prevail, and he shall pronounce his decision as the decision of the Court.

47. Cases referred under this Act for the opinion of the High Court of Judicature at Calcutta, shall be heard by not less than three Judges of that Court, and shall be determined according to the opinion of the majority of such Judges.

48. The parties to such cases may appear, plead and act in the said High Court in person, or by an Advocate or Valued of such High Court; and the High Court, when it has heard and considered the case, shall transmit a copy of its opinion under the seal of the Court and the signature of the proper Officer of the Court, to the Judges of the Chief Court. Costs, if any, consequent on the reference of a case for the opinion of the High Court, under the forty-sixth Section, shall be costs in the suit.

49. The Chief Court shall keep such registers, books and accounts, and submit to the Lieutenant-Governor such statements of the work done in the Court as may be required by him. The Chief Court shall also comply with such requisitions as may be made by the Governor-General of India in Council or by the Lieutenant-Governor for certified copies of or extracts from the records of the Court.

50. Save as is in this Act otherwise expressly declared, any function which is hereby directed to be performed by the Chief Court may be performed by any Judge or Judges thereof appointed in that behalf by any rule made under the forty-fourth Section.

51. Whenever the Lieutenant Governor of the Punjab shall, under the authority vested in him by Section forty-seven of the Pleaders, Moohltars and Revenue Agents' Act, 1865, extend

the provisions of the said Act to the Territories under his Government, nothing in the said Act shall affect the provisions of Sections ten, eleven and twelve of this Act.

52. This Act may be cited as "The Punjab Chief Court Act, 1865."

Short title.

53. This Act shall come into operation on such day as the Governor-General of India in Council shall fix by a notification published in the Gazette of India.

SIMLA, SATURDAY, MAY 27, 1865.

HOME DEPARTMENT.

LEGISLATIVE.

Simla, the 20th May 1865.

The following Bill and Statement of Objects and Reasons accompanying it, are published for general information by order of His Excellency the Governor General, under the 19th of the Rules for the conduct of Business at Meetings of the Council of the Governor General of India, for the purpose of making Laws and Regulations :—

Bill to provide for the appropriation of land required for private water-courses from Canals.

WHEREAS it is necessary to provide for the appropriation of land required for water-courses to be carried through estates situated between a Government Canal or any branch thereof, and the lands of any person or persons desiring to be supplied with water, it is hereby enacted :—

I. Whenever a proprietor or body of proprietors desire to bring water to their lands for the purposes of irrigation by means of a channel from a Government Canal or branch of a Government Canal through any intervening estate or estates, they shall make application accordingly to the Superintendent or Chief Canal Officer of the District within which their lands are situated.

II. On receipt of such application, the Canal Officer aforesaid shall proceed to make local inquiry into the necessity of the channel for the purpose stated, and if satisfied that it is necessary, he shall proceed under the following Rules.

III. It shall be competent to the local Government, whenever it may see fit to occupy the land required for such channel at the public expense, to proceed under Section 2, Act VI., 1857; and thereupon the provisions of Act VI., 1857, shall be applicable to the case.

IV. Where the land may not be occupied at the public expense, the Canal Officer aforesaid shall record a declaration to the effect that the channel in question is necessary for the irrigation of the lands of the applicants, and that to the best of his

belief the line proposed involves no unnecessary injury to other interests. The direction and size of the channel, with specification of the width of the land required, and the masonry works (if any) to be constructed on it, shall be sufficiently indicated in the body of the declaration. A copy of the declaration shall be forwarded to the Collector of the District, and the Collector shall furnish the Lumburdar of the lands through which the channel is to pass, with a copy. The land shall not be occupied either by the applicant or by any Government Officer until the expiration of one month from the receipt of such copy by the Lumburdar.

V. At the expiration of the period specified in the previous Section, it shall be competent to the Canal Officer to mark off or cause to be marked off the limits of the land to be appropriated for the proposed channel. If the parties agree among themselves on the terms of compensation, and present to the Canal Officer or other Officers authorized by him a duly attested affirmation to that effect, possession of the land may be at once given to the applicants.

VI. In the event of the parties failing to come to a settlement of the terms of compensation before the Canal Officer, he shall forward the papers of the case to the Collector, who shall proceed to adjust the compensation due to the owner of the land marked off, and to give possession of the same, under the procedure and with the powers provided in Act VI. of 1857, Sections 4 and following.

VII. It shall be competent to the local Government to lay down rules upon the following subjects,—which rules, when duly sanctioned by the Governor General in Council, shall be published in the local *Gazette*, and shall be held to be part of this Act, provided that nothing in such rules shall be inconsistent with the provisions of this Act :—

The rules may contain instructions on the following subjects, *viz.* :—

1st.—If the land be bought absolutely, the terms on which the original proprietors may regain possession of the same, in case the channel be discontinued.

2nd.—If the land be rented, the manner in which the rent is to be defrayed and the Government demand on the land discharged. Also the

term on which the land may be restored to the proprietors if the channel be discontinued.

3rd.—The manner in which the rights of farmers and other temporary holders of the estate to which the channel belongs, in such channel, shall be adjusted.

4th.—The manner in which joint rights in a channel may be adjusted, and the manner in which such rights may be acquired or extinguished.

STATEMENT OF OBJECTS AND REASONS.

The existing law (Act No. VI. of 1857) contains provisions for the appropriation of land for public purposes, and under this law land is taken up for Canals and Rajbhas (channels of distribution). It has been doubted, however, whether the law would apply to the case of one or more individuals claiming to run a watercourse to their fields through the lands of an intervening estate. When the land for such a channel is rented, or purchased, not at the expense of Government, but at the expense of the party benefitting by the channel, the above law clearly would not be applicable.

In such cases, likewise, it is important that the Government should control the proceedings so as to restrict the appropriation of the land within the narrowest limits possible. For although the applicant may have the right to claim waterway through his neighbour's estate, he is bound to exercise the right without inflicting any avoidable inconvenience or injury.

The Bill now published aims at accomplishing this object. No appropriation of land will be permitted under the authority of this enactment, until a competent Canal Officer shall have declared the channel to be necessary, and certified that, to the best of his belief, it involves no avoidable injury to other interests. Upon this declaration, authority is given to proceed in the same manner, and under the same checks, as if the land had been required for a public purpose.

The Bill also authorizes the local Government, with the sanction of the Governor General in Council, to make rules for the disposal of certain classes of claims likely to grow out of appropriations of land under this Bill; such as the title of the original proprietor to re-enter, in case the channel be discontinued; the liability for the Rent and Land Revenue of the land occupied, &c. Many of these questions are new, and the course to be pursued must in some measure be tentative. It would be difficult to anticipate and provide in this Bill for the various contingencies that may arise, and it has been thought better, for the present at least, to leave the rules and principles for dealing with such claims to be laid down by the Executive Government from time to time, as may be found expedient.

The necessity for the proposed enactment has arisen in the North-Western Provinces; but the measure will probably be found equally applicable to the Punjab and other parts of the country where there are Government Canals.

The Bill has been approved by the Hon'ble the Lieutenant Governor, North-Western Provinces.

W. MUIR

E. C. HAYLEY,

Secy. to the Govt. of India.

HOME DEPARTMENT.

No. 475.

Simla, the 13th May 1865.

Notification.—The following Rules relating to Emigration from the Port of Madras have been made by the Governor General in Council, under the provisions of Section 63 of Act XIII. of 1864, and are published for general information:—

Rules for observance in the operations connected with the recruiting and despatch of Emigrants to British and French Colonies.

I. Each Recruiter, on proceeding up-country, shall be furnished by the Agent with a printed paper, bearing the Protector's signature, in English and the Vernacular of the District in which he is to be employed, setting forth the chief conditions under which the emigrants will have to proceed.

II. Each Recruiter, unless specially exempted by the Protector, shall wear on his left arm a badge with the following inscription, in English and the Vernacular of the District in which he is employed; and if he is found exercising his calling without his badge so placed, and plainly visible, his license will be withdrawn:—

Recruiter of emigrants for * * * *

III. Recruiters are to be especially careful not to entertain people, male or female, as emigrants, who may be improperly abandoning their families, nor to allow young persons, under 18 years of age, to join their bands on the road, without being accompanied by some relation of mature age. If application from the families of people who have left their homes under such circumstances, whether at Madras or up-country, is made, requesting that their embarkation might not take place, the Protector will forbid their proceeding on board, or, if on board, will cause them to be landed, if, after inquiry, such a step appears to be just and reasonable.

IV. The Recruiter shall, with all despatch, proceed with the emigrants to Madras by land or water, or appoint a person, whose fitness shall be certified by the passing Magistrate, to accompany them—providing them during the journey with suitable lodging, and adults with two annas a day for food, and children under ten, including infants, with half that sum. If proceeding by sea, their passage shall be engaged by steamer, or by sailing vessel when the wind is fair, but not otherwise.

V. It will be preferable that a dépôt be enclosed by a hedge, not a wall; but if the latter be considered necessary, it shall not be higher than five feet.

VI. The medical examination of emigrants is not intended to exclude persons unfit to work who are proceeding with their families, or who, for any other reason, are permitted by the Agent to embark. It should simply be to decide whether the parties are physically capable of undertaking the voyage.

VII. Boats shall be provided in accordance with the following scale:—

In Ships of 200, and under 500 tons,
if the statute adults do not exceed
200 ... 3 Boats.

In Ships of 500 tons, and under 700
tons, and 300 statute adults ... 4 "

In Ships of 700 tons, and under 900
tons, and 400 statute adults ... 5 "

In Ships of 900 tons, and under
1,200 tons, and 500 statute adults 6 "

One boat shall be a long boat, and one a life boat.

VIII. The vessel being passed, the Agent will
Tables A. and D. forward to the Protector samples
of the provisions to be laid
in; and on these being approved, the quantities,
according to the scales appended hereto, are to be
shipped, and a certificate, signed by the Agent and
Commander, is to be submitted, to the effect that
they have been shipped, and are of the same
quality as the samples.

IX. Every emigrant ship shall be provided
Tables B. and E. with Medical Stores, in accord-
ance with the scales appended,
which shall be submitted to the Medical Inspector
three days before the embarkation. The ship's
Surgeon will present himself to the same officer
on the following day, and, the medicines having
been passed, the Agent will forward the Protector
a certificate of their approval, as well as one of
actual shipment, signed by the ship's Surgeon as
well as by himself.

X. The Surgeon will in all cases be subject to
the approval of the Medical Inspector of Emi-
grants, whose certificate of approval is to be for-
warded to the Protector.

XI. Should the Surgeon be unable to converse
with the emigrants in their Vernacular language,
one Interpreter must be engaged for ships proceed-
ing to Colonies east of the Cape; and in all cases
three must be employed in those proceeding west
of the Cape.

XII. The above preparations having been com-
pleted, the vessel will be fitted up and prepared
as follows:—

1.—The upper deck and the space to be occu-
pied by the emigrants below must be perfectly
clear, with the exception of the fittings.

2.—The decks, upper and lower, must be per-
fectly clean, and the sides and upper part white-
washed.

3.—Light spars must be lashed to the midship
stanchions fore and aft, three feet from the deck.

4.—Three dirt tubs, one and a half feet high and
two and a half feet in diameter, must be cleated on
the lower deck—one forward, a second amidships,
and the other aft.

5.—Ladders must be fitted at each hatchway.

6.—A sick bay must be erected on the lower
deck, to be divided in half for different sexes; and
one, not to be included in the space allotted for
berthing the emigrants, assigned on the upper
deck for epidemic disease.

7.—Two air shafts, not less than three feet
square, must be fitted, leading from the upper
to the lower deck—one aft, the other forward;
also four metal ventilators—two aft and two
forward.

8.—Should the vessel not be provided with side
scuttles, such additional ventilation through the
upper deck, as the Protector may have ordered,
must be provided.

9.—One booby, or slide hatch, must be placed
on two hatchways.

10.—A windsail must be hoisted at each hatch-
way.

11.—Two scuttle butts must be placed on the
upper deck for the use of the emigrants.

12.—Four life buoys must be triced up—two
forward and two aft.

13.—Sufficient cooking places must be firmly
secured on the upper deck, with boilers complete.

14.—Necessaries must be put up on board, on
each side of the upper deck (not in the head), in
the proportion of one to every 75 adults to be em-
barked, to have a shoot lined with metal to carry
off the soil clear of the ship's side, and each sup-
plied with a can and bucket of water.

NOTE.—One of these to be appropriated exclu-
sively to the women and children.

15.—A platform must be erected over the long
boat for the special use of the emigrants.

16.—Boats must be provided, clear and ready
for use, with oars, rowlocks, and boat hooks.

17.—Charts, necessary for the voyage, must be
provided, as well as a copy of the Law of Storms
by Piddington, or other well known writer.

XIII. On the day previous to examination of
the vessel by the Protector, the Agent or Com-
mander shall forward to the Protector lists as
follows:—

1.—Of cabin passengers and their servants.

2.—Of officers and crew, including two topasses
or scavengers expressly engaged for the emigrants.

3.—Of provisions actually shipped, signed by
the Agent as well as himself.

4.—Certificate of approval of the medicines by
the Medical Inspector.

5.—Certificate of their shipment, signed by the
Agent and Ship's Surgeon.

6.—Of clean bill of health by the Medical
Inspector.

XIV. The Protector will then examine the
vessel, and should the examination prove satisfac-
tory, he will authorize the embarkation of the
emigrants, provided the Medical Inspector is satis-
fied that there is nothing in the state of their
health to render it inadvisable.

XV. The Protector shall have the power to
delay the embarkation, if, in his opinion, the
weather is likely to be boisterous.

XVI. Clothing and utensils shall be supplied
to each emigrant, according to the scales annexed,
and shall be shipped immediately after the emi-
grants have embarked.

XVII. The Regulations having been complied
with, the Protector will deliver the license to the
Commander or Agent.

TABLE A.

Provisions, Firewood, Water, and Stores for a Ship conveying Emigrants from Madras to Mauritius or Réunion.

PROVISIONS.

For every statute adult the ship is licensed to carry.

Articles.	Quantity per day.	REMARKS.

No. 691.

The 26th May 1865.

The services of Lieutenant J. S. D. Bennet are replaced at the disposal of the Government of Madras.

E. C. BAYLEY,

Secy. to the Govt. of India.

FOREIGN DEPARTMENT.

No. 223.

REVENUE.

Simla, the 25th May 1865.

Notification.—His Excellency the Governor General in Council is pleased to notify the following alterations in the revised Rules for the sale of Waste Lands in Oudh, published in Foreign Department Notification No. 15, dated 10th January 1865:—

For Rules 11 and 12, the following Rule is substituted:—

11 and 12.—“The purchaser at a sale held under the preceding Rules or at a general sale of Waste Lands, surveyed and demarcated at the cost of the State, shall be required to deposit at the time of purchase 10 per cent. of the purchase money in cash or Government Securities, plus the costs of survey, failing which the sale shall be void, and the lot shall be put to sale on the same day, or on the next open day. Provided always that it shall be at the option of the Officer conducting the sale to accept an offer by any party present, of the price at which the lot was knocked down to the defaulting purchaser, such offer to be accompanied by a tender of 10 per cent. of the amount, and the costs of survey. In the event, however, of the defaulting purchaser being the party who deposited the costs of survey under Rule 6, the same shall be refunded to him.”

Rules 13 and 14 will be read as follows:—

13.—“If the purchaser pay 10 per cent. in the manner hereinbefore provided, and the Commissioner has rejected any appeals preferred against the order of the Collector rejecting claims to the land, or against any alleged informality sufficient to invalidate the sale, then the Collector shall grant to the purchaser a deed signed by himself, and in the annexed form, which shall be held to convey to him a full hereditary and transferable proprietary right in the land sold, and to absolve it from all demand for land revenue by Government, and all claims whatever of previous right of any kind, by whomsoever preferred; but the land shall remain liable for payment of the purchase money, with interest at 10 per cent., and to all general taxes and local cesses to which other lands paying revenue are liable, and to all claims by third parties, according to the provisions of the Act to be passed on the subject. The deed shall also prescribe the mode and time of payment of the remainder of the purchase money, which shall be as the purchaser pleases, provided not less than 10 per cent. of the original sum, with 10 per cent. on all arrears from the last preceding payment, be paid yearly on or before the anniversary of the date of sale.”

14.—“Failure to pay any instalment or portion of instalment, subsequent to that paid at time of purchase, or of any arrears of interest, shall render the lot liable to be sold for realization of the arrears, &c. On failure occurring, the Collector shall immediately give notice to the owner, if resident in the district, or to his agent or servant in the land, and shall advertize the amount of arrears, with all necessary particulars, in two successive numbers of the *Government Gazette*, and of two of the principal English and Vernacular papers of the province; and these advertisements

shall be considered sufficient notice, if the principal or his agent do not receive personal notice. But resale shall not be advertized until three months after the date of failure, within which period the Collector shall be at liberty, if he sees fit, to receive the arrears if tendered by the owner, and such receipt shall be held to condone the failure. The Rules above prescribed for sale shall apply to a resale under this Section, except that the bid shall not be at so much per acre, but in round sums for the lot as it stands; and the purchaser must pay 10 per cent. on the day of sale, or in default, the lot shall be again put for sale on the same or to the next open day, and the remainder within 30 days thereof, otherwise the sale shall be cancelled: the 10 per cent. paid shall be forfeited, and the lot resold after re-issue of the advertisements and notices, as prescribed above, for a sale.

No. 1113.

GENERAL.

By Order of the Governor General in Council,

JOHN STRACHEY,

Offg. Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 22nd May 1865.

No. 504 of 1865.—With reference to G. G. O. Nos. 363 and 364, dated 30th March 1860, the Right Hon'ble the Governor General in Council is pleased to direct the publication of the following paragraphs of a letter from the Right Hon'ble the Secretary of State for India, No. 109, dated 7th April 1865, and to notify that the increased allowances therein authorized are to have effect from the 1st May 1865:—

Para. 1. With my letter dated 24th November 1859, No. 412, I transmitted to you copies of a Royal Warrant, dated 1st July 1859, regulating the rank, pay, promotion, and retirement of Veterinary Surgeons of Her Majesty's British Forces; and I directed that such parts of this Warrant as related to relative rank and precedence should be made applicable to the Veterinary Surgeons of Her Majesty's Indian Forces. At that time, it was not considered expedient to alter the existing regulations affecting the pay and allowances, or the conditions of invaliding and retirement, of this class of Officers.

2. Consequent on the recent extension to Medical Officers of the benefits of the rates of pay and allowances fixed by the Royal Warrant of 1st October 1858, for the Medical Officers of the Army, I have had under my consideration in Council the subject of the allowances drawn in India by Veterinary Surgeons of the British and Indian Forces respectively.

3. Your letter dated 21st December last, No. 470, also draws my attention to the present scale of pay to Veterinary Surgeons in India, which is stated to be relatively much less than that granted in England and the Colonies.

4. It appears to me that the time has now arrived at which other provisions of the Royal Warrant of 1st July 1859 may be introduced into India, in addition to those specified in my letter of the 24th November 1859, above referred to.

5. It has been accordingly resolved that the rate of pay laid down in the Royal Warrant, with the Indian allowances of the relative rank of the Officer, shall, for the future, be adopted as the scale of pay for Veterinary Surgeons of the British and Indian Forces. From the date of the commencement of these allowances, all extra allowance of whatever description will cease.

6. The rate of pay of Veterinary Surgeons of both services will then be as follows:—

Rank.	Years' Service.	Relative Rank.	Full Batta.
Staff Veterinary Surgeon ...	25	Major ...	976 9 6
Ditto ...	20	" ...	964 0 8
Ditto ...	15	" ...	952 3 10
Veterinary Surgeon, 1st Class ...	25	Captain ...	627 2 0
Ditto ...	20	" ...	590 9 7
Ditto ...	15	" ...	572 5 5
Ditto ...	10	" ...	560 2 7
Ditto ...	5	" ...	535 12 11
Veterinary Surgeon ...	25	Lieutenant ...	426 3 2
Ditto ...	20	" ...	426 3 2
Ditto ...	15	" ...	426 3 2
Ditto ...	10	" ...	414 0 4
Ditto ...	5	" ...	395 12 3
Ditto ...	Under 5	" ...	377 8 0

7. Veterinary Surgeons of the Indian Service will hereafter receive pay while on furlough according to the following scale:—

Rank.	After 25 Years' Service on Full Pay.	After 20 Years' Service on Full Pay.	After 15 Years' Service on Full Pay.	After 10 Years' Service on Full Pay.	After 5 Years' Service on Full Pay.	On Appointment.
	s. d.	s. d.	s. d.	s. d.	s. d.	s. d.
Staff Veterinary Surgeons ...	23 0	22 0	21 0			
Veterinary Surgeons, 1st Class	20 0	17 0	15 6	14 6	12 6	
Veterinary Surgeons ...	14 0	14 0	14 0	13 0	11 6	10 0

8. Veterinary Surgeons compelled to leave the service on account of ill health, and entitled to half-pay pensions under present regulations, will be allowed the Indian rates of half-pay of their relative rank, as laid down in the Royal Warrant of 1st July 1859.

9. Veterinary Surgeons of the Indian Medical Service will be allowed to retire on the following scale of pension, on completion of the required periods of service, *viz.* :—

	£.
After 20 years	200 a year.
" 25 "	250 "
" 30 "	300 "

10. The amalgamation of the Veterinary Surgeons of the British and Indian Forces being contemplated, no further alteration in regard to the position on retirement of the Veterinary Surgeons of the latter forces appears to me to be at present called for.

11. The other advantages held out by the Royal Warrant to Veterinary Surgeons and their families, are to be adopted and declared applicable to India, as far as the differences of the service will admit.

12. Such Veterinary Surgeons of the local forces as have expressed their desire to volunteer for general service should be allowed to reconsider their decision on your receipt of this Despatch.

No. 505 of 1865.—The Right Hon'ble the Governor General in Council is pleased to direct that the royal pattern platform (Gun and Howitzer) shall be introduced for service in India, and the present stock of material in Arsenals and Magazines brought to the new dimensions. Each platform will consist of—

5 Sleepers, length 15' breadth 5' depth 5'
20 Planks, ditto 10½' ditto 9' ditto 2'
2 Ribbands, ditto 15' ditto 4' ditto 4'
10 Racklashings.

The 23rd May 1865.

No. 506 of 1865.—Under the authority of the Right Hon'ble the Secretary of State for India, the following Horse Guards General Order is declared applicable to Volunteer Corps raised in India with the sanction of the Viceroy and Governor General in Council. The present rules on the subject of the relative rank of Field Officers and other Officers of the regular Army and Volunteer Corps, are that the Volunteer Officers rank with Officers of the Regular Army as junior of their respective grades :—

GENERAL ORDER No. 850.

HOSE GUARDS, S. W.,

The 16th August 1864.

Relative Rank 1 (1864).

His Royal Highness the Field Marshal Commanding-in-Chief has received Her Majesty's commands to promulgate to the Army the following Regulation, which has been decided on in

concurrence with the Secretary of State for War, *viz.* :—

The order, as contained in Her Majesty's Book of Regulations, for the relative rank of the Officers of the Army and Royal Marines, with those of the Militia, Yeomanry and Volunteers, shall be held applicable also to Officers of Colonial Militia, Yeomanry and Volunteer Corps which have been, or may hereafter be, raised by the Legislature of the Colonies, with the sanction of Her Majesty the Queen, during the period of their embodiment and service with Her Majesty's Regular Forces.

By Command of His Royal Highness the Field Marshal Commanding-in-Chief,

(Signed) A. HORSFORD,
Deputy Adjt. General.

No. 507 of 1865.—With reference to G. G. O. No. 1060, dated 23rd December 1864, the following paragraphs of a Military letter from the Right Hon'ble the Secretary of State for India, No. 127, dated 15th ultimo, are published for general information :—

Para. 1.—In anticipation of the receipt of the report called for from your Military Department,* as to the future establishment of Medical Officers required for the separate and local Indian service, I have to acquaint you that measures have been taken for providing Assistant Surgeons for the Indian service.

2. Shortly after my Despatch of the 7th November 1864 had been forwarded to you, notices were inserted in the public papers that an examination for thirty appointments to Her Majesty's Indian Medical Service would be held in February 1865.

3. The examination was held at Chelsea Hospital under the direction of the Army Medical Department.

4. Twenty-seven candidates have been returned as successful, and with the exceptions hereafter named, they have joined the Army Medical School at Netley, for the purpose of undergoing a course of instruction in Hygiene, Military Medicine, &c.

5. The following arrangements have been made with regard to Medical Officers who may be appointed to the Indian service :—

1. Passage allowance to India will be given on appointment.

2. Pay at War Office rates, *i. e.*, 10s. a day will be allowed from date of passing final examination at Netley.

3. Indian allowances and time of service for pension will reckon from date of arrival in India. The period of residence at the Army Medical School will reckon as service for the full pay pension only.

6. The gentlemen named in the margin, being students at the Army Medical School, Netley, were permitted with the sanction of the Secretary of State for War, to compete at the examination.

7. As they have already undergone the course of instruction at the Army Medical School, they have not been required to proceed there with

the other candidates on the 31st March; but have received instructions to proceed to India within two months from that date.

8. They have been appointed as Assistant Surgeons from the 31st March 1865, and allotted as follows:—

*Bengal.**Bombay.*

James Cleghorn, M.D.	Henry Cook, M.D.
Robert Harvey, M.B.	John Thomson Welsh, M.D.
John Bennett, M.D.	Andrew Barrie, M.D.

Their relative position on the list of Assistant Surgeons with that of the others who passed at the same examination and are now at Netley, will be communicated to you hereafter.

9. In order that these six Assistant Surgeons may not obtain an undue advantage over the other candidates now at Netley, by being allowed to proceed to India before them, they will not be allowed to reckon the period they have already passed at the Army Medical School as service for full pay pension. They will, however, draw Indian allowances, and reckon service for pension from the date of their arrival in India.

10. Six copies of the Regulations for the examination of candidates for the appointment of Assistant Surgeon in Her Majesty's Indian Medical Service are herewith enclosed.

No. 508 of 1865.—With reference to Government General Orders No. 397, dated 5th May 1864. noted in the margin, His Excellency the

Governor General in Council is pleased to authorize the issue of full and quarter rations, respectively, to the widows and orphans of Non-Commissioned Officers and Soldiers on detached staff employ, for the period during which they are entitled to draw subsistence allowance, provided the men drew less than Rupees seventy-five (75) a month.

The 25th May 1865.

No. 509 of 1865.—The undermentioned War-rant Officers are allowed the superior pension of 2s. 6d. (two shillings and six pence) per diem each, with effect from the dates on which they were respectively pensioned, instead of the stipends assigned to them in the Government General Order specified opposite to their respective names:—

Sub-Conductor John Andrew Schruder, late of the Army Commissariat Department.	No. 877 of the 24th August 1860.
---	----------------------------------

Sub-Conductor Charles O'Donnell, late of the Army Commissariat Department.	No. 803 of the 4th September 1860.
--	------------------------------------

Conductor James Copley, late of the Ordnance Commissariat Department.	No. 978 of the 1st October 1860.
---	----------------------------------

Conductor Alexander Duggan, late of the Army Commissariat Department.	No. 524 of the 12th May 1862.
---	-------------------------------

No. 510 of 1865.—The following promotion is made:—

Ordnance Commissariat Department.

Sub-Conductor Robert Bradshaw, to officiate as Conductor during the employment of Conductor John Ford in the current duties of the Timber Agency at Baloghāt, Calcutta, or until further orders.

No. 511 of 1865.—Surgeon John Squire, of the Medical Department, was permitted to proceed to Sea for the purpose of visiting Singapore and Malacca on medical certificate, and to be absent from Bengal on that account from the 8th February to the 12th of May 1865, under the old Regulations.

No. 512 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate:—

Assistant Surgeon William Edward Caird, of the 12th (Kelat-i-Ghilzie) Regiment, Native Infantry.	} For twenty months, under the new Regulations.

No. 513 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate:—

Lieutenant Walter Morland Story, Doing-duty Officer (Officiating Quarter Master), 43rd Regiment, Native Infantry.	} For twenty months, under the new Regulations.

No. 514 of 1865.—Veterinary Surgeon J. W. Garrad, of the Bengal Establishment, attached to the Stud Department, is allowed leave of absence for sixty days, from such date as he may avail himself of it, to visit the Presidency preparatory to applying for leave of absence on medical certificate to Europe.

No. 515 of 1865.—The following temporary promotions are made in the Army Commissariat Department:—

Sub-Conductors J. H. Sharpe and R. A. Dawson, to act as Conductors.	} From the 22nd April 1865, during the absence on sick leave to Europe, of Conductors James Wilks and J. H. Senior, or until further orders.
Serjeants W. Adams and Thomas Taylor, to act as Sub-Conductors.	

No. 516 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate:—

Lieutenant-Colonel (Brevet Colonel) Albert Fyche, of the Bengal Staff Corps, Commissioner, Tenasserim Division of British Burmah ...	} For twenty months.

No. 517 of 1865.—The undermentioned Officers have reported their return from England :—

Date of arrival at
Fort William.

Captain (Brevet Lieutenant-Colonel) Alexander Bagot, late 15th Regiment, Native Infantry	} 11th May 1865.
Principal Inspector General John McClelland, F.E.L. U. C., Medical Department	

No. 518 of 1865.—The following letter from the Right Hon'ble the Secretary of State for India, is published for general information :—

MILITARY. INDIA OFFICE;
No. 105. London, the 7th April 1865.

To His Excellency the Right Hon'ble the Governor General of India in Council.

Sir,—1. I have received and considered in Council your separate military letter in this Department, No. 320, dated 19th September 1864, regarding the mode to be pursued in the case of men of the Sappers and Miners, volunteers for general service, who have elected for particular regiments and who wish to re-engage for a second period of service.

2. I concur in the opinion of your Government, and that of His Excellency the Commander-in-Chief in India, that those men should be borne as supernumerary on the Rolls of those Regiments for which they have respectively volunteered, their rank being as suggested by His Excellency that which they hold in the Sappers and Miners.

3. This arrangement has received the concurrence of His Royal Highness the Field Marshal Commanding-in-Chief.

4. I approve of your decision, that the sum of twenty pounds (£20) charged to a Sapper under the Regulations of Her Majesty's Indian Service, in addition to the usual amount required for discharge by purchase, shall be discontinued, but the amount to be charged in future should be the same as that for men of the Royal Engineers.

5. With reference to the case of Sapper Maclean, of the Madras Establishment, which was

disposed of in accordance with the information furnished in your separate military letter No. 310, dated 30th August 1864, I have to inform you, that the discharge certificates of all Warrant Officers, Sappers and Miners, and men of the Unattached List, if they are general service men, from whatever Corps they may be discharged, are to specify the position they held in Her Majesty's Indian Service.

I have, &c.,

(Signed) C. Wood.

No. 519 of 1865.—The following extracts of a letter from the Right Hon'ble the Secretary of State for India, No. 115, dated 15th April 1865, are published for general information :—

1. I have received and considered in Council your letter in this Department, No. 195 of 1864, together with para. 18 of Nq. 34 of 1865, upon the subject of the grant, at a subsequent period, of passage to Europe at the public expense, to Soldiers who on discharge, with or without pension, elect to remain in India.

2. Such men are not, under the Regulations, entitled to passage to Europe, * * *

* * * * *

5. I have * resolved, as a general rule, that a free passage shall not be allowed to those Soldiers who, on discharge, elect to remain in India.

6. I consent, however, to the grant, in special cases, by the Governments of the respective Presidencies, as proposed by His Excellency the Commander-in-Chief in India, and concurred in by your Government, of free passage to men of certified good character who have remained in India after discharge, and fallen into distress owing to failing health, or inability to obtain employment, when this inability is not the consequence of their own misconduct. Every case should be separately and specially reported.

7. In the event of the grant of passage to any local service man, who is a pensioner, his pension will be in abeyance during the period occupied by the voyage.

No. 520 of 1865.—With reference to G. G. O. No. 78 of 1865, the undermentioned Surgeons, borne as supernumeraries pending the instructions of the Secretary of State, are hereby brought on the strength of the Establishment, subject to Her Majesty's approval :—

Corps or Dept.	Rank and Names.	From what date.	In whose room.
Medical Dept. ...	Surgeon Peter O'Brien, F. R. C. S. ...	27th Jan. 1865	Surgeon C. Mathias, retired.
Ditto ...	Ditto George Barnard ...	2nd April 1865	Deputy Inspector General of Hospitals R. B. Kinsey, F. R. C. S., deceased.

No. 521 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate :—

Lieutenant Clarence Henry Palmer, of the late 55th Regiment, Native Infantry.	{ For twenty months, under the new Regulations.

No. 522 of 1865.—It having been brought to the notice of Government, that in consequence of the diminished consumption of Rum, Canteen Funds can no longer bear the expense of transporting Malt Liquor from the Commissariat Godowns to the Canteen, the Right Hon'ble the Governor General in Council is pleased to direct, that G. G. O. No. 448, dated 22nd April 1862, be cancelled, and that from the 1st proximo Malt Liquor and Rum be delivered to Regiments and Detachments by the Commissariat Department free of expense on account of carriage.

No. 523 of 1865.—The undermentioned Officers are permitted to proceed to Europe, on leave of absence, on sick certificate :—

Veterinary Surgeon John Whitmore Garrad, of the Bengal Establishment, attached to the Stud Department.	{ For twenty months, under the new Regulations.

Lieutenant Charles Wootton Guthrie Perreau, of the General List, Infantry.	{ For twenty months, under the new Regulations.

No. 524 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate :—

Major James Emerson, of the Bengal Staff Corps, Cantonment Magistrate, Dinapore.	{ For twenty months.

No. 525 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate :—

Major Erskine Grant Langmore, of the Bengal Staff Corps, 2nd in Command and Wing Officer 29th (Punjab) Regiment, Native Infantry.	{ For twenty months.

No. 526 of 1865.—The undermentioned Non-Commissioned Officer of Her Majesty's service is permitted to reside and draw his pay in India, as an out-pensioner of Chelsea Hospital, in accordance with the Royal Warrant of the 23rd July 1864, pending a reference to the Home Authorities as to the amount of his pension :—

Sergeant Charles J. Callan, No. 3 Battery, 22nd Brigade, Royal Artillery.

No. 527 of 1865.—Second Class Sub-Assistant Surgeon Samuel Pollock Johns, attached to the Agra Medical School, having been pronounced qualified for advancement, is, under the rules passed by Government in the Home Department, dated 6th January 1849, promoted to the 1st Class with effect from the 12th May 1865.

The 26th May 1865.

No. 528 of 1865.—The following extract from the *London Gazette* of the 28th March 1865, is published for general information :—

WAR OFFICE;

London, the 28th March 1865.

The Queen has been graciously pleased to give orders for the following appointments to the Most Honourable Order of the Bath :—

To be Ordinary Members of the Military Division of the First Class, or Knights Grand Cross of the said Most Honourable Order, viz. :—

Lieutenant-General Sir John Cheape, K. C. B., Royal (late Bengal) Engineers.

To be Ordinary Members of the Military Division of the Second Class, or Knights Commanders of the said Most Honourable Order, viz. :—

Lieutenant-General Thomas Monteath-Douglas, C. B., Bengal Army.

Lieutenant-General Patrick Montgomerie, C. B., Royal (late Madras) Artillery.

Major-General Robert William Honner, C. B., Bombay Army.

India Office, the 22nd March 1865.

Her Majesty has been pleased to approve the undermentioned promotions amongst the Officers of the Staff Corps, and of Her Majesty's Indian Military Forces :—

BREVET.

The undermentioned Officer having completed five years' service as Major and Brevet Lieutenant-Colonel, and as Regimental Lieutenant-Colonel, to be Colonel in the Army, under the operation of Clauses 8, 9, and 10 of the Royal Warrant of 31st January, 1859 :—

Lieutenant-Colonel Michael Galwey, C. B., Madras Infantry. Dated 9th May, 1863.

The undermentioned Officer having completed five years' service as Lieutenant-Colonel, to be Colonel in the Army, under the operation of Clause 8 of the Royal Warrant of 31st January, 1859 :—

Lieutenant-Colonel Henry Milne, Bengal Infantry. Dated 25th August, 1864.

Major John Crosbie Graves, Bombay Cavalry, to be Lieutenant-Colonel; Captain George Harkness, Madras Infantry, to be Major, in succession to Major-General W. Sage, Bengal Infantry, deceased. Dated 26th May, 1864.

Secy. to the Govt. of India.

PUBLIC WORKS DEPARTMENT.

No. 178.

ESTABLISHMENT.

Simla, the 19th May 1865.

Notifications.—Sergeant R. B. Teeling, Overseer, 1st Grade, is transferred from the Punjab to the Rajpootana Circle. This cancels that portion of Public Works Department Notification No. 144 of the 1st May 1865, transferring Sergeant J. Hurst to Rajpootana.

No. 179.

Lieutenant H. J. Nuthall, Executive Engineer, 4th Grade, Public Works Department, Rajpootana, received charge of the Dhar Division of Public Works from Lieutenant J. Bedford, on the 27th April 1865.

No. 180.

The 20th May 1865.

Erratum.—From Public Works Department Notification No. 131 of the 7th April 1865, making certain promotions in the Engineer Branch of the Public Works Department, omit the name of "Mr. E. Hyde, British Burmah,"—that Officer having already been promoted to Executive Engineer, 4th Grade, in Public Works Department Notification No. 52, dated 17th February 1865.

No. 181.

Notifications.—Mr. William Stenhouse, specially engaged by the Secretary of State for India for the Alguada and Double Island Light Houses, is brought on the strength of the Public Works Establishment under the Government of India, as a temporary Supervisor of the 1st Grade, with effect from the 1st October 1864, and is posted to the Light Houses Circle.

No. 182.

Mr. A. Izat, Probationary Assistant Engineer, Hyderabad, is promoted to the grade of 2nd Class Assistant Engineer, with effect from the 1st September 1864.

No. 183.

The 23rd May 1865.

Lieutenant J. Dundas, R. E., having been relieved from duty with the Doar Field Force, as intimated in Military Department Notification No. 485, dated 6th May 1865, his services are replaced at the disposal of the Bengal Government in the Public Works Department.

No. 184.

Mr. A. Penny and Mr. D. Scott, Assistant Engineers, 2nd Grade, Oudh, are transferred from the Imperial to the Local Public Works Establishments, as Civil Divisional Engineers of the 2nd Class, with effect from the 15th November and 1st October 1864, respectively.

No. 185.

The 25th May 1865.

Mr. W. D. Broekman, Executive Engineer, 1st Road Division, Oudh, assumed charge of the 2nd Road Division, in addition to his own duties, on the 12th April 1865.

No. 186.

Mr. J. Wilson, Accountant, 4th Grade, Oudh, returned on the 6th May 1865 from the one month's privilege leave granted to him in Public Works Department Notification No. 148 of the 1st idem.

No. 187.

Captain H. H. Foord, Executive Engineer, Berar Division, has been granted privilege leave for fourteen days, with effect from the 18th current.

No. 188.

Captain W. S. Trevor, Controller of Public Works Accounts, Bengal, is promoted from the 2nd to the 1st Class, with effect from 1st April 1865.

No. 189.

Captain H. D. B. Smith, M. S. C., Executive Engineer, 2nd Road Division, Oudh, is granted leave of absence preparatory to embarking for Europe, on medical certificate, from the 17th April to the 23rd May 1865.

No. 190.

SIMLA, SATURDAY, MAY 20, 1865.

HOME DEPARTMENT.

LEGISLATIVE.

Simla, the 16th May 1865.

The following Bill and Statement of Objects and Reasons accompanying it, are published for general information by order of His Excellency the Governor General, under the 19th of the Rules for the conduct of Business at Meetings of the Council of the Governor General of India, for the purpose of making Laws and Regulations:—

A Bill to amend Act XXI. of 1863 (to constitute Recorders' Courts for the Towns of Akyab, Rangoon, and Moulmein in British Burmah, and to establish Courts of Small Causes in the said Towns).

WHEREAS it is expedient to confer upon the several Registrars of the Recorder's Courts in British Burmah certain increased powers; It is enacted as follows:—

I. Every Registrar appointed under Act XXI.

Power to Registrars appointed under Act XXI. of 1863 to make certain orders interlocutory.

of 1863 may, in the absence of the Recorder of the Court to which such Registrar is appointed, make all such orders for arrest before judgment,

for attachment of property before judgment, for the protection, management and custody of property in dispute in any suit, for injunctions restraining breaches of contract or wrongful acts, as such Recorder if present might make.

II. Every order made by any Registrar in the

Such order may be altered or reversed on motion.

exercise of the powers conferred upon him by this Act may be altered or reversed upon the application of any

person, whether a party to the suit or not, who may deem himself to be aggrieved by such order.

III. Every such application may be made to

Motion may be made to and disposed of by Registrar.

and disposed of by the Registrar of the Court in which such order shall have been made in the absence of the

Recorder of such Court.

IV. The Registrar to whom any such application shall be made, shall take down the evidence given upon the hearing of such application.

V. Every order made by a Registrar in pursuance of this Act shall be subject to an appeal, under the general rules applicable to appeals from orders, to the Recorder of the Court by the Registrar of which such order shall have been made.

VI. In case of the absence of the Recorder before whom the appeal is brought, the person appealing may make such application by way of petition, and may require the Registrar from whose order such appeal shall be brought, to transmit to such Recorder copies of such petitions and of all the evidence received by the Registrar upon the hearing of the application from the order upon which such appeal shall have been brought.

VII. Such Recorder may affirm, alter or reverse the order from which such appeal shall be brought, or postpone the further consideration of such appeal until the next sittings of the Court in which such order shall have been made.

VIII. No appeal from any order made by any Registrar under the powers conferred by this Act, nor any application to alter or reverse such order, shall be brought after the conclusion of the sittings of the Court in which such order shall have been made which shall commence next after the making of such order.

IX. Every Registrar appointed under the said Act shall have power to receive affidavits and to administer oaths and affirmations in all suits which may or shall be depending in any Court established under the said Act.

X. In case the Recorder of any Court established under the said Act shall be a party, or a necessary witness to or in any suit or proceeding instituted in such Court, such suit or proceeding and all applications therein shall be heard and determined by the Commissioner of the Division in which such Court shall be situated, and such Commissioner shall in every such suit or proceeding have and exercise all the powers by the said Act or by this Act vested in such Recorder.

XI. Upon the happening of a vacancy in the office of Recorder and during any absence of a Recorder from British Burmah, the Governor General of India in Council shall appoint any person with such qualifications as are required by the said Act in persons to be appointed a Recorder, to perform the duties of Recorder. The person so appointed shall be authorized to sit and perform the duties of Recorder until some person shall have been appointed by the Governor General in Council to the office of Recorder and shall have entered on the discharge of the duties of such office, or until the Recorder shall have returned from such absence.

XII. This Act shall be read with and taken as part of the said Act with Act XXI. of 1863. No. XXI. of 1863.

STATEMENT OF OBJECTS AND REASONS.

Although a Recorder's Court has been established under Act XXI. of 1863 at Moulmein as well as at Rangoon, there is only one Recorder for both Courts, and during the time that he is engaged in holding sittings at one of these places, there is no person present in the Court at the other place who has power to make the interlocutory orders which are occasionally required in a suit; and the consequence is that very serious inconvenience often ensues which in some cases amounts to positive injustice, and causes very serious loss or injury to the parties.

The present Bill proposes to supply this defect by empowering the Registrar of each Court, who is always on the spot, to make orders for arrest or attachment of property before judgment, for the protection and management, during litigation, of property in dispute, and for injunctions restraining breaches of contract or wrongful acts.

Power is given to the Recorder to alter or reverse any such order or motion: and provision is made for an immediate appeal to the Recorder, even during his absence, by the transmission to him of the evidence on which the order was based.

The Registrars are also empowered to receive affidavits and administer oaths and affirmations.

Provision is made for cases in which the Recorder may be a party to or witness in any suit instituted in his Court.

Lastly, provision is made for the appointment of an Acting Recorder.

POLITICAL.

INDIA OFFICE;

No. 24.

London, the 31st March 1865.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—I transmit herewith, for the information of your Excellency's Government, copy of a correspondence* relative to a proposal made by the Austrian and Prussian Governments for the recognition of a provisional flag for the Duchies of Schleswig, Holstein, and Lauenburg, pending a definitive settlement of the constitution

* Foreign Office letter dated 20th March 1865, and enclosure.

of those territories; and I have to request that you will take the necessary steps for carrying into effect the decision which has been arrived at upon this subject.

I have, &c.,
(Signed) C. WOOD.

FOREIGN OFFICE;
The 20th March 1865.

To the Under-Secretary of State, India Office.

SIR,—I am directed by Earl Russell to transmit to you the accompanying copy of a correspondence, which has passed in consequence of a proposal having been made by Austria and Prussia, for the recognition of a provisional flag for the Duchies of Schleswig, Holstein, and Lauenburg, pending the definitive settlement of the constitution of those territories, from which it will be seen that it has been decided, upon certain conditions, to consent to the provisional recognition of the proposed flag; and I am to request that you will move Her Majesty's Secretary of State for India to issue the requisite instructions to Her Majesty's Authorities abroad under his control, with the view of carrying into effect the decision which has been arrived at upon this subject.

I am, &c.,
(Signed) E. HAMMOND.

No. 1.

Count Apponyi to Earl Russell.—(Received February 21).

Londres, le 21 Février, 1865.

M. le Comte,

Le Gouvernement de Sa Majesté Impériale et Royale Apostolique et celui de Sa Majesté le Roi de Prusse ont résolu d'accorder aux Duchés de Holstein et de Schleswig, jusqu'à leur constitution définitive, un pavillon national provisoire, composé de trois bandes horizontales, bleue, blanche, et rouge, avec un carré jaune sur la bande bleue, près de la hampe.

J'ai été chargé en conséquence, de concert avec mon collègue de Prusse, d'inviter le Gouvernement de Sa Majesté Britannique à reconnaître ce pavillon, et à vouloir bien donner les ordres nécessaires afin qu'il soit reconnu dans tous les ports dépendants de la Couronne d'Angleterre et par toutes les autorités navales Britanniques.

Le Gouvernement Impérial se plaît à espérer que jusqu'à la conclusion de nouveaux Traités de Navigation avec le Gouvernement définitif à instituer dans les Duchés, les batiments navigants sous le pavillon national provisoire jouiront des mêmes droits et immunités qui étaient accordés aux navires des Duchés de Holstein, de Schleswig, et de Lauenburg; avant leur séparation du Danemark, par suite des Traités de Commerce et de Navigation existants avec ce Royaume.

En priant votre Excellence de vouloir bien me faire connaître en son temps la suite donnée à ma présente démarche, je saisis, &c.

(Signé) APPONYI.

(Translation).

London, February 21, 1865.

M. le Comte,

The Government of His Imperial and Royal Apostolic Majesty, and that of His Majesty the King of Prussia, have resolved on granting to the Duchies of Holstein and Schleswig, until the definitive settlement of their Constitution, a provisional national flag, composed of three horizontal stripes, blue, white, and red, with a yellow square on the blue stripe next to the flagstaff.

I have been instructed in consequence, in concert with my Prussian colleague, to invite the Government of Her Britannic Majesty to recognise this flag, and to be pleased to grant the necessary orders, in order that it may be recognized in all the ports depending on the Crown of England, and by all the British Naval Authorities.

The Imperial Government indulges in the hope that, until the conclusion of fresh Treaties of Navigation with the definitive Government to be instituted in the Duchies, vessels sailing under the provisional national flag will enjoy the same rights and immunities which are granted to the ships of the Duchies of Holstein, Schleswig, and Lauenburg, before their separation from Denmark, in virtue of the Treaties of Commerce and Navigation existing with that kingdom.

Begging your Excellency to be so good as to inform me, in due time, of the course adopted with regard to my present application, I take, &c.

(Signed) APPONYI.

No. 2.

Count Bernstorff to Earl Russell.—(Received February 21).

(Translation).

London, February 21, 1865.

My Lord,

The Government of the King my gracious Sovereign, in conjunction with the Austrian Government, has determined to grant a provisional national flag to the ships of the Duchies of Schleswig, Holstein, and Lauenburg, until the definitive settlement of those territories. This flag will have the colours blue, white, and red, in horizontal stripes, and will be distinguished from the Mecklenburg Flag, which has the same colours, by a yellow field placed on the blue field next the flagstaff.

I am instructed, together with the Austrian Ambassador, who will at the same time address a communication to your Excellency, to propose this provisional flag for recognition to the Government of Her Majesty the Queen, &c.; and, at the same time, to express the hope of his Majesty's Government that the British Government will grant to the ships bearing this flag, the same rights which belonged to the ships of the aforesaid three Duchies until their separation from Denmark, on the ground of the Commerce and Navigation Treaties concluded by that Power with England.

I have, &c.,
(Signed) BERNSTORFF.

No. 8.

*Earl Russell to Lord Napier.***Foreign Office, March 8, 1865.*

My Lord,

I inclose herewith to your Excellency a copy of a note which was addressed to me on the 21st ultimo by the Prussian Ambassador at this Court,† stating that the Governments of Austria and Prussia had determined to grant a provisional national flag to the Duchies of Schleswig, Holstein, and Lauenburg, until the definitive settlement of the Constitution of those territories; and proposing that Her Majesty's Government should recognize the flag in question, and should grant to ships bearing it the same rights which were accorded to the ships of the Duchies previously to their separation from Denmark. A similar communication was addressed to me by the Austrian Ambassador.

I have to instruct you to state to the Minister for Foreign Affairs that Her Majesty's Government have fully considered this proposal, and that they are prepared to recognize the flag provisionally, saving the rights of the States of Holstein and Schleswig and of the German Confederation, and only till the definitive Constitution of the Duchies concerned.

I am, &c.,

(Signed) RUSSELL.

3. Brevet Captain B. C. Urquhart, of the Staff Corps, has been permitted to retire from the service. His vacancy has effect from the 4th September 1864.

No. 503 of 1865.—The Right Hon'ble the Governor General in Council is pleased to notify for future guidance that, on all occasions of parade, British Troops are to take precedence of Native Troops of every branch of the service.

Native Corps will take precedence among themselves, in the following order:—

1.—The Body Guard has the precedence of all Native Corps whatever.

2.—Horse Artillery, whether mounted or dismounted, take the right of all Cavalry.

3.—Cavalry, whether mounted or dismounted, take the right of all Infantry.

4.—Foot Artillery take rank after Cavalry.

5.—The Corps of Sappers and Miners take the right of all Native Infantry.

6.—Regiments of Native Infantry rank next, and take precedence according to numerical order and seniority.

7.—Goorkha Regiments, and Regiments of the Punjab Irregular Force, when acting with other Bengal Troops, take rank according to seniority, under the provisions of G. G. O. No. 990 of 1861.

8.—Local Corps rank next, and take precedence according to date of raising.

These Rules are applicable to the three Presidencies.

H. W. NORMAN, Col.,
Secy. to the Govt. of India.

No. 877.

The 29th May 1865.

Moung Shivé Noo and Moung Shive Lat are invested with the powers of subordinate Magistrates of the 2nd Class, as described in Section 22 of Act XXV. of 1861, while officiating as Extra Assistant Commissioners of the 3rd Grade in British Burmah.

No. 879.

Moung Phay Hlaw, Extra Assistant Commissioner, 3rd Grade (Myoke), in the Tenasserim Division, British Burmah, is invested with the powers of a subordinate Magistrate of the 2nd Class, as described in Section 22 of Act XXV. of 1861.

No. 881.

The undermentioned Officers in the Central Provinces are invested with the powers of a Magistrate, described in Chapter II., Section 22 of Act XXV. of 1861:—

Lieutenant M. M. Bowie, Assistant Commissioner.

Do.	J. H. Macdougall,	ditto.
Do.	H. J. Lugard,	ditto.
Do.	T. H. B. Brooke,	ditto.
Do.	J. A. Temple,	ditto.

No. 883.

The 30th May 1865.

Appointment.—Lieutenant W. F. Badgley, Staff Corps, Adjutant, 26th (Punjab) Regiment, Native Infantry, to be a Probationary Assistant in the Topographical Branch of the Survey Department.

No. 884.

Notifications.—In continuation of the Notice published under Notification No. 658 of the 22nd instant, intimating that a Light would probably be shewn at an early date from the Alguada Reef Lighthouse, the following Notice, announcing the actual exhibition of the Light and containing directions for sailing vessels, is published for general information:—

COASTS OF BRITISH BURMAH.

Alguada Reef Lighthouse.

Notice to Mariners.

A First Class Revolving Light was exhibited for the first time from the Alguada Reef in the Bay of Bengal, on the night of the 23rd April 1865, and will continue to be shewn from that date.

The Light, which is 144 feet above high water mark, attains its greatest brilliancy once a minute; and is visible, in clear weather, 20 nautical miles from the poop of a large ship.

Cape Negrais bears from the Lighthouse, N. $\frac{1}{2}$ W.
The Pagoda on Pagoda Point, N. $\frac{1}{2}$ E.
Porian Point, N. E. by N.
The centre of Diamond Island, N. N. E.

Vessels approaching the Alguada Reef will still find it necessary to be careful. The tides, when uninfluenced by the wind, set across the Reef, and with a good deal of strength between the Reef and the Pharon Shoal. Vessels, therefore, should not come under 20 fathoms on the North-Western side, as the water shoals suddenly on this side, especially towards the South-West part of the rocks.

Fifteen fathoms will be a safe depth to pass in on the southern and eastern sides.

There is a good channel to the North of the Reef, between it and the Phaeton Shoal; but the navigation must always be attended with some risk to those unacquainted with it, there being no plain marks that can be specified as a safe and sure guide through. Should, however, circumstances compel a vessel to go through the Northern Channel, it will be well to borrow on the Alguada Reef side, passing about half a mile distant from the North-Eastern most visible rock, and not coming under 11 fathoms. Should it be high water, the breakers will show the rocks.

On the eastern side of the Reef, vessels may know they are clear of danger by keeping the high land off Heingyee (or Negrais Island) well open to the eastward of Diamond Island.

(Sd.) A. FRASER, *Lieut.-Col., R. N.*
Supdt. of Lighthouses.

Dated off Heingyee, 4th May 1865.

G. F. WELLS, *Master Attendant,*
Basscin.

E. C. BAYLEY,
Secy. to the Govt. of India.

FOREIGN DEPARTMENT.

No. 214.

JUDICIAL.

Simla, the 29th May 1865.

Notification.—His Excellency the Viceroy and Governor General in Council is pleased to extend the provisions of Act XIV. of 1859 (*an Act to provide for the limitation of suits*) to the British Cantonments, within the limits of the Central India Agency, in which Small Cause Courts have been established under Section 6 of Act XXII. of 1864.

No. 454.

POLITICAL.

The 29th May 1865.

Notification.—His Excellency the Governor General in Council is pleased to publish, for general information, the following Rules prepared with reference to the case of British subjects travelling (under Article 3 of the Commercial Treaty with Burmah, dated 1st September 1827) within Burmese Territories, and providing generally for the course to be pursued by British subjects, when meeting Burmese officials upon the public streets and roads of the Burmese Capital, Mandalay.

These Rules have been framed by the Chief Commissioner of British Burmah, with the concurrence of the Government of Burmah: and His Excellency in Council desires to impress upon persons travelling within Burmese territory the necessity of strictly observing them.

Recent experience has shown the need of a common Code of Rules, to which British and Burmese could alike refer; and persons neglecting to attend to the Rules now published, will, in the event of complications, have no claim upon their Government for redress:—

RULES.

I.—British subjects desiring to travel through any of the Towns and Districts of the Burmese Empire away from the river Irrawaddy, and not carrying a large number of arms, but travelling in the manner of Merchants, with four or five muskets only, will meet with no obstruction or impediment, and will be allowed to pass. But if any British subject desires to travel with a larger number of muskets, say about ten or twelve, or more, he must make an application to the Agent to the Chief Commissioner at Mandalay, who will submit it through the Ayebaing Woongyee for the sanction of the Minister of the Hlo Han. A passport will be then forwarded to the applicant, who will, in virtue thereof, be allowed to travel unrestrictedly.

II.—British subjects when meeting Burmese officials of rank, preceded by lictors, on any of the roads within the four and eight divisions of the boundaries of the Royal Golden City, must in all cases shew due respect to such officials, either by taking off the hat, or saluting with the hand. In the event of persons not attending to this Rule, the lictors will not be allowed to lay hand upon them, but a note will be taken of the occurrence, the person or persons will be indentified, and suitable orders will be issued, which shall be communicated to the Agent to the Chief Commissioner at the Royal Golden City.

III.—British subjects going to the Capital of Burmah, who may not know what Burmese officials are entitled to the above-mentioned marks of respect, can receive full information from the Agent to the Chief Commissioner at Mandalay.

By Order of His Excellency the Governor General in Council,

W. MUIR,
Secy. to the Govt. of India.

No. 216.

MILITARY.

The 31st May 1865.

Published by Order of the Governor General in Council,

JOHN STRACHEY,
Offg. Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 29th May 1865.

No. 536 of 1865.—His Excellency the Governor General in Council is pleased to make the following appointment:—

Ordnance Commissariat Department.

Lieutenant R. F. Lewis, of the Royal Artillery, attached to the Hazara Mountain Train Battery, to officiate as 3rd Class Commissary of Ordnance, during the period Captain Tierney may officiate as 2nd Class Commissary, or until further orders.

2. This supersedes G. G. O. No. 427, dated 28th April 1865, appointing Lieutenant Lewis to the Hazara Mountain Train Battery, Punjab Irregular Force.

No. 537 of 1865.—His Excellency the Governor General of India has been pleased to appoint Captain H. B. Lockwood, late 4th European Light Cavalry, Officiating Aide-de-Camp, to be an Aide-de-Camp on His Excellency's Personal Staff, with effect from the 22nd ultimo—the date on which Lieutenant-Colonel Blane assumed charge of the Office of Military Secretary to the Viceroy.

No. 538 of 1865.—With reference to G. G. O. No. 198 of the 24th February 1865, Ensign R. G. Kennedy, of Her Majesty's 55th Foot, having returned from field service, resumed charge of his duty as Aide-de-Camp on the Personal Staff of His Excellency the Viceroy and Governor General of India on the 15th ultimo.

No. 539 of 1865.—In continuation of G. G. O. No. 523, dated 20th June 1864, it is hereby notified, under the authority of the Right Hon'ble the Secretary of State, that a Staff Corps Officer exchanging to a Regiment of the line whether a purchase or non-purchase Corps, must be held to have foregone all claim to pension under the Indian Regulations, as he altogether quits the Indian service, and promotion is made in his room in the cadre to which he formerly belonged.

The 30th May 1865.

No. 540 of 1865.—It is hereby notified that the provisions of G. G. O. No. 318 of the 29th March 1865, authorizing an increase of pay to Serjeant Majors of Regiments and Battalions of Infantry of the Line, are equally applicable to Serjeant Majors attached to Native Regiments.

No. 541 of 1865.—Captain W. H. Macnaghten, of the late 5th European Light Cavalry, Paid Doing-duty Officer, 2nd Cavalry, Hyderabad Contingent, is permitted at his own request to resign his appointment in the Contingent, and his services are accordingly placed at the disposal of His Excellency the Commander-in-Chief.

No. 542 of 1865.—His Excellency the Governor General in Council is pleased to make the following appointment:—

HYDERABAD CONTINGENT.

2nd Regiment Cavalry.

Lieutenant G. B. Farrington, Madras Staff Corps, Officiating Paid Doing-duty Officer, to be Paid Doing-duty Officer, *vice* Captain W. H. Macnaghten, resigned.

No. 543 of 1865.—The undermentioned Officer is admitted to the Bengal Staff Corps, with effect from the date specified opposite to his name, subject to the confirmation of the Right Hon'ble the Secretary of State for India:—

Captain R. J. L. Crutchley, of Her Majesty's 79th Highlanders, late 2nd in Command, 29th (Punjab) Regiment, Native Infantry, (now Cantonment Magistrate of Ferozepore).	From the 21st July 1862.
---	--------------------------

The 31st May 1865.

No. 544 of 1865.—With reference to the Notifications noted in the margin, issued by the Government of the North-Western Provinces, the services of the undermentioned Officers are placed at the disposal of His Excellency the Commander-in-Chief:—

Captain (Brevet Major) M. J. White, of the late 26th Native Infantry, District Superintendent of Police, Bijnore.

Lieutenant (Brevet Captain) W. Playfair, of the late 4th Native Infantry, Assistant District Superintendent of Police, Jhansie.

No. 545 of 1865.—The undermentioned Officer has reported his return from England:—

	<i>Date of arrival at Fort William.</i>
2nd Captain John Lidstone } Watts, Royal Engineers.	11th May 1865.

No. 546 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate:—

Lieutenant William Rice Morland Holroyd, of the Bengal Staff Corps, Inspector of Schools, Punjab.	For twenty months.
---	--------------------

No. 547 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate:—

Lieutenant-Colonel Raymond Torin Snow, of the Madras Staff Corps, Deputy Commissioner, 1st Class, Central Provinces.	For twenty months.
--	--------------------

No. 548 of 1865.—Park Sergeant Norman Thorburn, having passed the prescribed examination, is appointed to officiate as Sub-Conductor in the Ordnance Department, to fill an existing vacancy.

No. 549 of 1865.—His Excellency the Governor General in Council is pleased to notify that the operation of G. G. O. No. 1209, dated 23rd November 1855, with regard to the passages, &c., of Officers and followers moving with troops by rail, is in no way affected by G. G. O. No. 773, dated 23rd September 1864.

No. 550 of 1865.—His Excellency the Governor General in Council is pleased to direct that from the 1st proximo, the pay and batta of Havildars and Naicks of Native Infantry Regiments receiving Line Rates of pay in the three Presidencies shall be drawn as noted below:—

	Pay.	Batta.	Total.
Havildar,	Rs. 11	Rs. 3	Rs. 14
Naick,	" 9	" 3	" 12

The rate of additional batta allowed to these grades, when on field service or marching, will, however, remain unchanged.

No. 551 of 1865.—With reference to G. G. O. No. 165 of the 2nd March 1863, the name of the undermentioned Officer, who retired from the service under the Annuity Scheme of 1861, is removed from the list of the Regimental Lieutenant-Colonels of Infantry:—

Rank and Name.	Remarks.

Bengal, 10th May 1865.

Marlborough, 9th April 1865.

No. 564 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate:—

Captain Charles Vincent Gordon, of the Madras Staff Corps, Assistant Commissioner, Central Provinces } For twenty months.

No. 565 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate:—

Lieutenant Edmund Pipon } For twenty months, under the new regulations.
Ommanney, of the late 45th Regiment, Native Infantry, Quarter Master, 44th (Sylhet) Regiment of Native Infantry.

The 7th June, 1865.

No. 566 of 1865.—As a temporary measure, His Excellency the Governor General in Council is pleased to direct that in cases of transfers or volunteers from one corps to another, where the uniform of the corps differ in such a manner that the clothing brought with the transfers and volunteers cannot be altered to correspond with that of their new corps, and when there may be no part-worn clothing in store with the latter, to exchange with that brought with the transfers and volunteers, new clothing will be issued to them under the following regulations:—

If similar articles of clothing in wear with the corps have three months and more to last, when issued annually, six, when issued biennially the new clothing required will be provided, and will be renewed at the next regular issue; but if similar articles in use with the corps have less than the periods mentioned to last, the new clothing required will be provided in advance of the next regular issue, and is to be worn until the end of the period for which it would have served, had it not been issued until the regular time of delivery.

Transfers and volunteers to corps where the clothing of the former regiment cannot be made available, will be allowed to take with them, as their own property, one pair of cloth trousers or trews, and one pair of boots or shoes; the remainder of the clothing taken with them, and which cannot be altered, being sold for the benefit of the State, when the new clothing is issued.

No. 567 of 1865.—Under instructions received from the Right Hon'ble the Secretary of State for India, His Excellency the Governor General in Council is pleased to sanction the issue of ten Rupees to any soldier taking his discharge in India, otherwise than by purchase; this amount being the equivalent of the allowance of one shilling a day for twenty days, granted to soldiers discharged at Home, under the Royal Warrant of 1st July 1848.

2. Any soldier so taking his discharge and permitted to reside at any place, other than that of his discharge, will, in addition to the above-mentioned amount, be granted, when not supplied with a free passage for himself and family, a travelling allowance to his elected place of residence, at the rate of one anna per mile for himself and his wife, and eight pie for each child accompanying him.

3. This allowance is never to be drawn in advance.

The following "Notice" is published for general information:—

NOTICE.

In consequence of several groups of Rocks having been lately discovered in Sillavatorre Bay, to the South-Westward of the village of Sillavatorre, with from two to six feet water over them, the positions of which have not been accurately fixed as yet, vessels bound to that Port from the Southward, are recommended to stand in for Kallar when bearing East until the Doric bears North; they may then stand to the Northward, bringing the Doric to bear North half-West when abreast of Condatchey.

(Signed) JAMES DONNAN,
Master Attendant.

MASTER ATTENDANT'S OFFICE; }
Colombo, the 1st April 1865. }

Published by Order of the Governor General in Council,

E. H. LUSHINGTON,
Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 12th June 1865.

No. 581 of 1865.—With reference to the Notification from the Home Department, No. 1211 of the 6th instant, the services of Lieutenant J. Ketchen, of the General List, Bombay Infantry, are, at his own request, replaced at the disposal of the Government of Bombay.

No. 582 of 1865.—His Excellency the Governor General in Council is pleased to admit Sepoy Ahmed Ali, of the 39th (The Allyghur) Regiment, Native Infantry, to the 3rd Class of the Order of

Merit, in consideration of his conspicuous gallantry in action with a body of Munneepore rebels on the 7th February 1865.

No. 583 of 1865.—In continuation of G. G. O. No. 23, dated 6th instant, the following errata and additional rules are published for information and guidance :—

2. In the list of articles allowed in *Tea Diet*, for "Sugar 2½ oz.," read "Sugar 3 oz.;" to those in *Low Milk Diet* add "Salt 6 drs.," and in *Low Diet* for "Salt 5 drs.," read "Salt 6 drs."

3. In the second line of the Dinner in *Half Diet*, for "Meat roasted or fried 10 oz.," read "or Meat roasted or fried 10 oz.;" and in the Dinner in *Full Diet* for "Meat 12 oz.," read "or Meat 12 oz."

4. In addition to the Drinks sanctioned in Spoon, Tea, and Milk Diets, others, as Barley-water, Rice-water, and Lemonade, may be ordered in any diet, in such quantity as the prescribing Surgeon may see fit, without necessitating the use of an extra Diet Sheet. They are to be accounted for by the Surgeon initialling the expenditure daily in the Abstract of Diet Roll Form No. 5,—three of the spare columns of which should be headed, respectively, "Barley-water," "Rice-water," and "Lemonade."

N. B.—On the aggregate of such fluids, Barley and Rice will be allowed for the two former, at the rate of 2 oz. for every 5 pints, and Sugar in like proportion; while for Lemonade, one large lemon, or an equivalent proportion of the smaller kind, will be sanctioned for 2 pints, and 1½ oz. of Sugar.

5. A further spare column in the Abstract of Diet Rolls is to be appropriated for Eggs, which may be prescribed in addition to any of the diets, in such numbers as the Surgeon in charge may deem necessary,—he merely initialling the expenditure in the daily Abstract, as in the case of the drinks above-mentioned.

6. It is to be understood that, in all diets containing meat, the quantities stated are meant to be exclusive of bone; and that, as regards the dietary generally, where no change is intimated, the rules published in G. G. O. No. 972 of 1862, are to be considered as still in force.

No. 584 of 1865.—The undermentioned Officer having completed twenty years' service, six years of which were on permanent staff employ, to be Major from the date specified opposite to his name, under the Royal Warrant of the 10th January 1864, subject to Her Majesty's approval:—

Bengal Staff Corps.

Captain, Brevet Major, E. H. C. Wintle, 30th December 1864.

The 13th June 1865.

No. 585 of 1865.—The services of Captain the Hon'ble J. H. Fraser, of the late 4th European Regiment, are placed at the disposal of the Home Department.

No. 586 of 1865.—The undermentioned Officer is permitted to proceed to Europe on private affairs:—

Lieutenant Eric Stanhope Fox, } For two years, under the new Regulations.
of the Bengal Staff Corps,
Wing Officer, 37th Regiment, Native Infantry.

No. 587 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate:—

Captain Alfred Waterfield, of } For twenty months, under the new Regulations.
the late 4th European Light Cavalry.

No. 588 of 1865.—The undermentioned Officer is permitted to proceed to Europe, on leave of absence, on sick certificate:—

Lieutenant-Colonel Alexander } For twenty months, under the new Regulations.
Fraser, of the Royal Engineers, Superintendent of Light Houses.

Notification.—His Excellency the Governor General in Council is pleased, under the provisions of Section 39 of Act XXII. of 1864, to extend the said Act to the Cantonment of Ellichpore in the Oomraotee District, Hyderabad Assigned Territories.

With reference to Section 3 of the above Act, the Governor General in Council is pleased, under Section 23 of the Code of Criminal Procedure, to invest the Assistant Commissioner in charge for the time being, of the Ellichpore and neighbouring Tehseels, with the powers of a Magistrate, within the limits of the Cantonment of Ellichpore.

Under Section 43 of the above Act, the Governor General in Council is pleased to direct that commitments by the Cantonment Magistrate of Ellichpore shall be made to, and appeals from his sentences heard and determined by, the same Authorities as have cognizance and jurisdiction in respect severally of appeals and commitments in cases connected with the neighbouring Tehseels.

Under Section 6 of the above Act, the Governor General in Council is pleased to establish in

the Cantonment of Ellichpore, a Court of Small Causes for the trial of suits of the nature described in Section 3 of Act XLIII. of 1860; and to declare that the pecuniary limit of the jurisdiction of the said Court shall be Rupees 500. The Cantonment Magistrate shall be the Judge of the Court of Small Causes.

The Governor General in Council is also pleased to declare, under Section 44 of Act XXII. of 1864, that in respect of the said Court, the Commissioner of the Hyderabad Assigned Districts shall exercise the powers vested in the Sudder Court by the provisions of Act XLII. of 1860.

2nd Punjab Cavalry.

Assistant Surgeon F. G. Constant, M. D., attached to the 23rd (Punjab) Regiment, Native Infantry (Pioneers); to the medical charge, *vice* Assistant Surgeon Farrell, F. R. C. S.

No. 614 of 1865.—The following letter from the Right Hon'ble the Secretary State for India, is published for general information:—

MILITARY.

INDIA OFFICE;

No. 152.

London, the 16th May 1865.

To His Excellency the Right Hon'ble the Governor General of India in Council.

SIR,—Para. 1. I have recently had under my consideration, certain questions connected with the employment of Officers of Her Majesty's British Service on staff duty in India, and of the pay and allowances which they should receive while so employed.

2. In the 76th para. of your General Order No. 332 of 10th April 1861, certain departments of the staff were mentioned as being open alike to Officers of the Staff Corps, and to those of either Army.

3. These were—

The Adjutant General's Department.

The Quarter Master General's Department.

Brigade Majors.

Fort Adjutants.

4. To these should be added Divisional and Brigade Commands.

5. All appointments on the general staff of the Army are made by the Governments in India, and the selection for them is made by the Governments from among the Officers serving with regiments in India, with the following exceptions:—

I.—Certain of the Divisional Commands, for which Officers are nominated in this country.

II.—The Adjutant General and Quarter Master General who, according to a recent arrangement, may be selected from the service at large, whether in or out of India, and must be approved by the authorities in this country.

6. The selection of Officers for appointment on the personal staff is, from a consideration of their peculiar position and duties, left to the Officers to whom they are to be attached.

7. With reference to the Officers selected by the Governments in India from regiments on their

respective establishments, it has been hitherto a rule of the service, as affirmed by the Court of Directors in their Despatch to the Government of India, dated 24th December 1856, No. 217, that the establishment of the Queen's regiments in India, should not be augmented in consequence of the appointment of any of its Officers to the staff, and also that such Officers would cease to hold staff appointments if placed upon half-pay or unattached pay, or if their regiments were removed from the establishment in India.

8. The number of Field Officers on the establishment of regiments serving in India has recently been reduced, and as it is considered indispensable that there should not be less than three effective Field Officers for any regiment, it was determined in 1861 that Officers of that rank appointed to Brigade Commands or other staff appointments should be seconded in all cases where there are not more than that number of Field Officers borne on the establishment of their regiment.

9. An Officer so appointed would continue to receive his usual pay and allowances, together with the staff pay of his appointment; but, according to rule, would cease to hold his appointment on his regiment quitting India. I am of opinion that there is no reason for continuing this rule. The object of it was to prevent, what would have occurred under former circumstances, an additional burden being thrown upon the revenues of India. The present arrangement removes this objection as far as those Officers are concerned, and I consider that it would be to the advantage of the service in India to retain in staff situations Officers of Indian experience, and therefore that these Officers should enjoy the privilege of retaining these situations up to the completion of the usual period of staff service, viz., five years, whether the regiments remain in India or not.

10. With regard, however, to Officers under the rank of Field Officer serving with regiments in India, the establishment remains unaltered, and there is no need therefore for seconding such an Officer if selected for a staff situation, and the rule of the appointment being vacated on the occurrence of any of the contingencies mentioned in the Despatch of 24th December 1856, No. 217, should hold good.

11. It can hardly be considered an exception to this rule; but in order to prevent any misunderstanding, I must refer you to my having already given my sanction to a proposal of your Government that an Officer of a British regiment, serving as a probationer for the Staff Corps, should be allowed to remain to complete such probation, although his regiment might be ordered Home.

12. There is a further question to be considered, viz., the principle upon which the salary to be drawn by an Officer on half or unattached pay, holding a staff appointment in India, is to be regulated.

13. The present regulation on this point is based on the principle laid down in a Despatch from the Court of Directors, dated 9th September 1829, according to which it was declared that "the charge to the Company on account of King's Officers holding staff appointments, but not attached to regiments on the Indian establish-

ment, must be limited to the staff pay," and "we cannot consent to the issue to Officers so circumstanced, of what are termed 'Company's allowances,' which are enjoyed by Officers regimentially, and not in virtue of staff situations."

14. My Despatch dated 31st August 1863, No. 311, regulating staff salaries did not, as you were subsequently informed, propose any interference with this long established rule.

15. The number of half-pay or unattached Officers who can be employed on the staff in India, is very small, being limited to the three following classes:—

Divisional Commanders appointed from this country.

The Adjutant General and Quarter Master General of the three Presidencies when Officers of the British Army; and,

Personal Staff.

16. Most of these are of such rank in the service, that if appointed from a regiment in India, they would, under present arrangements, be seconded, and would receive the same pay as effective Officers in their staff appointments.

17. The rule, therefore, is not of much financial importance, and it operates unequally on the Officers affected by it.

18. If a half-pay or unattached Officer of Her Majesty's Service is holding a staff appointment, the salary of which is consolidated, he receives, according to present rules, the same amount of salary while actually present for duty, that an effective officer would receive in the same appointment. It is only during temporary absence on leave that he suffers under the operation of the present rule, as, in that case, he is permitted to draw only his half-pay in addition to the regulated moiety of staff salary.

19. On the other hand, a half-pay or unattached Officer holding a staff appointment, such as that of Aide-de-Camp to a Governor, the staff salary of which has been granted as an addition to Staff Corps pay, will receive less at all times than an effective Officer holding the same office by the difference between his half-pay and the pay and Indian allowances of a Staff Corps Officer.

20. It does not seem desirable or necessary that Officers of Her Majesty's Service, employed in India, should be placed any longer in this exceptional position; and taking all the above circumstances into consideration, and observing that no Officer on the half-pay of the British Army can hold any staff appointment in India, other than those above-mentioned, it has appeared to me just and desirable to modify the present regulations regarding the pay of such Officers, and I have determined that such Officers shall henceforth be entitled to receive, while holding a staff appointment in India, the same aggregate pay and allowances and staff salary, whether present for duty or absent on temporary leave in India, that an Officer of the Staff Corps of the same substantive rank would be entitled to under similar circumstances.

I have, &c.,

(Signed) C. Wood.

No. 615 of 1865.—The following order issued by the Government of Bombay, is confirmed:—

No. 262, dated 3rd May 1865.—
